Refunded if it fails.

If you have an obstinate, deep-seated cough, which refuses to be cured, get a 50-cent bottle of Pinex, mix it with home-made sugar syrup and start taking it. Inside of 28 hours your cough will be gone, or very nearly so. Even whooping-cough is quickly conquired in this way.

A 50-cent bottle of Pinex, when mixed with home-made sugar syrup, gives you a pint—a family supply—of the finest cough remedy that money could buy, at a clear saving of \$2. Very easy to prepare—full directions in package.

Pinex soothes and heals the inflamed membranes with remarkable rapidity. It stimulates the appetite, is slightly laxative, and has a pleasant taste—children take it willingly. Splendid for croup, asthma, bronehitis, throat tickle, chest pains, etc., and a thoroughly successful remedy for incipient lung troubles.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in guaincol and other healing pine elements. It has often been imitated, though never successfully, for nothing else will produce the same results. Simply mix with sugar syrup or strained honey, in a pint bottle, and it is ready for use.

Anyone who tries Pinex will quickly understand why it is used in more homes in the U. S. and Canada than any other cough remedy. The criminal cases will be taken up first and it is thought that they can be disposed of in two or three days, including the opening day, which will be largely occupied by the organization of the court. It is possible that the grand jury may bring up some new presentments for the riminal docket, but it is net likely that it will be greatly increased. Following the criminal cases, several civil actions will probably be taken up, and an interesting one is set for November 15, which is a branch of the famous Gilbert-Hop-

The Grand Opera house, under the around Asheville management of Green & Hancock pened very auspiciously yesterday for matinee and night performances. spite of the other attractions in the city for the day, the houses were good and the acts that were presented were well received.

The first act was presented by Doyle and Felds, the "two kidding kids," and was a most entertaining comedy performance. Their act included singing, dancing and talking parts, and all of it was well received. Their jokes were mostly new and they succeeded in keeping the crowds in a continuous proar of laughter. They were followed by Grazityo, a juggler, fire eat-er, balancer and the doer of things obscure. His act is a most creditable one and a proper appreciation of it was shown by the volume of applause it received. One of his feature tricks is to be bound in chains which are securely locked with Yale locks. No up, he makes his escape from the toils E. Boyd presiding, for the trial of criminal and civil cases.
