

NO MORE CONSTIPATION, BILIOUS HEADACHE, BAD BREATH, SOUR STOMACH OR LAZY LIVER.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will straighten you out by morning—a 10-cent box will keep you feeling good for months.

Residual Orders are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause dizziness, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

This convention is considered a very successful, there having been a representative attendance of the district.

REMODEL MARKET

There is little surprise here that the proposition to remodel the market house carried by an overwhelming majority in yesterday's election. This means that the board of aldermen may spend \$35,000 on the old building. The two other propositions were for selling the place and applying the money to the sinking fund, and for selling the site and buying another and building. The proposition to remodel got a majority of two to one out of less than 1200 votes.

liminary hearing at High Point yesterday charged with the killing of John Lovett, has been discharged by the trial magistrate. Lovett's body was found on the railroad track near Jamestown and the opinion is that he was murdered for his money and the body then placed on the track. The body was mangled by a passing train October 19 but it is said that death had ensued some time before the body was struck by the train. The Greensboro Daily News has moved into its handsome new home erected especially for the newspaper. The building is a two-story structure with basement and is perhaps one of the most conveniently arranged newspaper offices in the state. The newspaper's battery of linotypes, Goss press and stereotyping plant were all successfully moved without a piece of the machinery being broken. The Daily News in its new building will have far greater facilities for turning out a newspaper than in its former building.

A SCENE IN "THE ROSARY," AT THE AUDITORIUM TONIGHT.

"The Rosary." "The Rosary," as presented by Rowland and Clifford, is repeating with as much success as the play had in its debut last season. It will be seen at the Auditorium tonight. The theme of the play concerns a man and a woman happily married. They are surrounded with every luxury of wealth and happiness. But the husband is an unbeliever, an atheist without faith of any kind. There is a jarring note in the household harmony. No one notices it until a friend of the husband comes, Father Brian Kelly, a priest of the modern world with a deep insight into human nature and a divine love for his fellowman. And when trouble comes, when the home is wrecked, and husband and wife are brought down to the depths of suffering agony, it is the priest who restores both into the sunlight of hope and love.

In the first place, nature has been most kind in giving her beauty, grace and a charming personality, to which she added intelligence of a superior kind. Miss Miller gave a wide range of songs and she managed to illumine each and every number with her splendid intelligence, which has a large measure of indignation, much sympathetic appeal and a refined delicacy that has great charm. Her voice is large, extremely well trained, of much warmth and beautiful coloring.

CONVICTED FOR SHOWING BURNED PICTURES

Durham, N. C., Nov. 1.—T. F. Wilkinson, manager of a local motion picture establishment, was convicted yesterday on the charge of exhibiting improper pictures. He recently exhibited a number of films purporting to portray events in the life of Benish Benish, the 17-year-old girl who figured in the Benish murder trial at Richmond. The judge declined to give the pictures introduced as evidence in the defense, holding that the girl's history would hold no good or moral lesson.
