At the meeting yesterday afternoon of the county board of health, regulations were passed along the lines referred to in yesterday's Gazette-News.

The only difficulty in the way of carrying out the additional regulations by the health officer is that his salary is not now based as compensation for his whole time, which will be required under the new rules, but it is thought this will in some way be remedied at the meeting of the county commissioners Monday.

At the meeting yesterday, it was pointed out that by the new regulations a great deal of the time of the officer will be devoted to the schools and it was suggested that the county board of education might consent to furnish a part of his salary. To ascertain whether this can be done a joint meeting of health and school boards will be held Monday.

The health officer will have to deliver lectures on sanitation at each of the schools, in addition to looking after the health of the children.

MANY BUILDINGS BEING IMPROVED

Extensive Work at Library Building—The Enlargement of Margo Terrace, Etc.

Improvement is the order of the day respecting some of the older buildings in the city as well as some new ones. Much improvement is already going on and more is contemplated. Extensive repairs and refurbishings have been going on about the library building.

It is not yet stated just what all the repairs will be, but they have already assumed respectable proportions. The arches over the windows which were supported by wooden frames will now be of brick together and the surface of the building looks as if it were getting a new suit of clothes.

The work on the city hall has already been noted as well as the improvements on the Swannanoa-Berkeley hotel and several of the Patton avenue buildings.

For several days work has been going on at Margo Terrace where the proprietor, P. H. Branch, proposes to spend several thousand dollars in increasing the capacity of the house about three times what it is now. There are to be 75 guest rooms to accommodate as many as 200 people. The work is under the supervision of W. H. Lord and the immediate direction of J. W. Cowan.

It is said that the building will be extended to within 50 feet of Haywood street; the basement is to be equipped with billiard tables and bowling alleys, while the first floor will contain a dining room that will accommodate 150 guests at one time. A suite of three rooms will be the only bedrooms on this floor and they will be luxuriously appointed. The dining room will be floored with maple so that it can be used as a ballroom. There is also to be an orchestra during the summer season.

The bedrooms on the second and third floors will have baths, closets and washstands.

It is thought that the work can be finished by June 1.

CORNERSTONE OF TRINITY CHURCH PUT IN PLACE

Impressive Ceremony—Articles from Cornerstone of Old Edifice Put in It.

In addition to the regular All Saints' day services at Trinity church today, including a communion service at 7:30 o'clock this morning and a choral celebration at 10 o'clock the members of church gathered at 3 o'clock at the corner of Willow and Church streets for the formal laying of the cornerstone of the new edifice.

A special service was prepared for the occasion and the programs distributed among those attending. Rev. H. Fields Saunier, the rector, officiated and was assisted by Dr. R. R. Swope.

The service followed out the Episcopal ceremony for the laying of a church cornerstone and was opened by the hymn "The Church's One Foundation" by the Trinity church choir. The 84th Psalm was read and this was followed by the reading of the creed. The ritual service was followed out in detail with prayer, the rector read the list of articles that were to be deposited in the stone, placed the cabinet containing them in place and spoke the formal words of laying the stone. The service ended with the singing of "Glorious Tidings of These Are Spoken" and the pronouncing of the blessing. It was a most impressive ceremony and was attended by the greater number of the congregation.

Along with the articles which were deposited for this occasion in the cornerstone, was the old hymnal, prayer-book and a list of the wardens and vestrymen who officiated at the laying of the cornerstone of the old church and which were found when it burned down last year. All were placed in a leaden box inside the cornerstone.

Impression that they might be slightly overgrown for a tenderage, and in all probability, if some of the masks had been raised, the remarkable discovery of adult faces might have been made. It is a night that has long been set aside, however, for just such revelry, and the slogan for the occasion might be "on with the fun, let noise be unconfined."

GHOST, GHOUL, GOBLIN ROAMED EVERY TREET

Night Given to Revelry and Noise—Young and Old Took Part.

The streets of Asheville presented a continuous scene of "revelry by night" from dusk yesterday afternoon until well past midnight. The event was the celebration of Halloween, and those who were not safely ensconced at some indoor party could be found roaming the streets bent upon finding pleasure and disturbing the peaceful slumbers of the aged and the infirm.

It was a night of ghouls and ghosts and terrible monsters, and shivery figures in white, singly and in groups, could be met at every crook, turn and corner with ghastly phosphorescent eyes, bearing hideous lanterns of all descriptions. It was an occasion generally conceded to be enjoyed in this way by small children, but some of the figures on the streets gave the
