

DOINGS OF A DAY IN THE PIEDMONT

Winston Sells Bonds—Iredell
Commissioners Haled to
Court—News Notes.

Gazette-News Bureau,
Daily News Building,
Greensboro, Nov. 4.
The board of directors of the Masonic and Eastern Star home, which is in process of erection near Greensboro, held a meeting here yesterday for a discussion of routine business matters coming before the directors and the hearing of reports on the building and building finances. Those here for the meeting were Grand Master Mason R. N. Hackett of North Wilkesboro, ex-officio chairman; W. H. McLaurin of Laurinburg; M. W. White of Mooresville; L. M. Cuymer of Greensboro; Rev. A. J. Parker of West Durham; Rev. J. W. Powell of Wingate; F. M. Winchester of Charlotte; Mrs. W. H. Woodbury of Asheville; and Mrs. Sallie M. Boettcher of Elizabeth City, grand matron of the Eastern Star. The report of work accomplished was most gratifying, showing the creditable carrying out of the plans of the directors. The matter of exercising in connection with the laying of the cornerstone was discussed but nothing definite decided. Mr. Hackett, who visited the site while here and noted the progress made, said that he was highly pleased with the location, and the progress being made.

Greensboro Country Club.
At a meeting of the stockholders and directors of the Greensboro Country club yesterday Chairman Hood of the building committee reported that according to present progress the club building would be complete and ready for use within the next four or five weeks. The club expects to occupy its new home and inaugurate its social features before Christmas at the latest. A large dance will probably mark the formal opening of the handsome building. An effort will be made to induce the county commissioners to build a concrete bridge across Buffalo creek for the convenience of club members and others desiring to visit the club. The grounds surrounding the club building are being made beautiful. Several drives are being laid out and foot-paths made through the extensive grounds. Another plan of beautification that will be executed shortly will be the building of a great boulevard through the entire property.

Winston-Salem Sells Bonds.
The authorities of Winston-Salem last night sold bonds of the town to the amount of \$160,000. The bonds are a part of the \$350,000 issue recently voted by the people for public improvement, including sewer, school buildings, streets and water. The bonds are 4 1/2 per cent and were sold for par, a syndicate composed of the Wachovia Bank & Trust company of Winston, The Security Trust company of Spartanburg, S. C., and A. P. Leach & Co. of New York taking the entire \$160,000.

Negro's Body Found.
A gentleman here last night from Lexington brought the information that the body of a negro was found near that place late yesterday afternoon. It was stated that the body was found not far from the railroad tracks; that it was partially concealed by weeds and gave indication that death had ensued some time before the remains were found. It was stated that the general impression was that the "double track" had claimed the negro as its victim. It is said that several deaths have resulted near Lexington within the past few years, or since the double track was laid.

The commissioners of Salem last night granted the Southern Railway a franchise to extend its line a distance of two miles through Salem to the Salem Iron works. The board of trade of that place has adopted a resolution requesting the county commissioners of Forsyth county to call an election in Winston township for the purpose of voting \$100,000 in bonds to aid in the building of the Randolph and Cumberland railroads.

County Commissioners Presented.
The grand jury of the Iredell county Superior court which adjourned this week in making its report presented the commissioners of Iredell county for failure to improve the county for failure to improve the county within the past few years, or since the double track was laid.

The immense store of the Atlantic and Pacific Tea company on Elm street was robbed some time before daybreak yesterday. The thieves got away with more than \$100 in cash. It seems that the cash was left in an iron box when the store was closed Wednesday evening and the thief or thieves had no difficulty in securing the money after once affecting an entrance into the building. The robbers entered the store through a coal hole in the rear of the building. There is said to be absolutely no clue to the identity of the man or men committing the robbery. Nothing but the cash was missed.

Mrs. T. C. Faulkner, Mrs. J. W. Patterson, Mrs. C. G. Wright, Mrs. J. E. Broadnax, Mrs. P. F. Morton, Mrs. W. E. Allen, Mrs. H. L. Blake and Mrs. E. L. Gilmer have been selected by the Guilford chapter, United Daughters of the Confederacy, as delegates to attend the general convention of the daughters in Richmond next week.

Recent excavations at the summit of the Mount of Olives have resulted in the discovery of the remains of a Christian church dating from about A. D. 278.

Records kept for 25 years show that the proverbial foolishness of London is decreasing.

**ASSERT WOMEN'S VOTES
WILL CARRY SOCIALISM**

Los Angeles, Nov. 4.—Both the socialists and their combined opponents have entered upon the business of re-organizing and strengthening their lines of battle for the election of December 5. One hundred women socialists were sworn in as deputy registration clerks. One of them complained at socialist headquarters that she had been insulted by a deputy county clerk, who was particularly severe in reprimanding her for talking socialism to women voters after she had registered them.

The socialists boast that it will be their women, not those of the opposition, who will register and carry the election.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence for sale by all dealers.

Scamhill, head surgeon of the Boston City hospital, today resigned a professorship at Tufts college medical school because he was not made head of the school as he claimed was promised when he left Harvard in 1911. Scamhill, instructor in the surgical department, resigned in protest against the slight assigned him.
