BINGHAM SOON MEETS

Game with Georgia University Set for Monday and with Sewance for Saturday.

The Bingham football schedule for he next week promises to prove of interest to local supporters of the game. For next Monday a game has been arranged between the cadets and the University of Georgia team, the latter oming by way of this city from Nash-ille, where they play Vanderbilt today. The team is said to be a strong one, the best that the school has had for years. The contest will prove of much interest, although it is not probable that the locals will stand any chance to win. The hard game the Georgia boys will endure today at the hands of Vanderbilt will doubtless elp the cadots' chances.

Another interesting game has been rranged between the locals and the Sewifnee Military academy, to be played, here next Saturday, and being about evenly matched, these teams will doubtless give a good exhibition of the game. Both have established a good record for the year and are anxious to get at each other, and the

changed slightly, as Capt. Angler is away, but it will be arranged in the most advantageous way possible and, two others against him which will be leaded to the leader of The line-up of the local team will be most advantageous way possible and, the locals claim that it will be as
