THREE MEN CONVICTED OF RETAILING WHISKEY

Another Was Tried But Acquitted—Jail and Road Sentences Were Imposed.

Another "blind tiger" session of Police court convened this morning. Although there were not as many cases as on the like session which was held several weeks ago, equally as much time was consumed in their adjudication. There were four cases, and the net result of the session was three convictions. Jack Rickard received a sentence of six months in the county jail and Tom Harris and H. D. Davis, both colored, got 12 months each on the county roads. Earl Houston was found not guilty.

The first two cases to come up were those of Jack Rickard and Earl Houston. These were outgrowths of the case against Walter Cook yesterday morning for being drunk. Cook stated then that he had bought a pint of whiskey from a negro on West College street, who was crippled and brown in color. Earl Houston was brought up as the most probable suspect but Cook failed to identify him as the man. Earl seems to lead a charmed existence, for he has often been in court on the charge of retailing. Few convictions can be obtained, however, and so it was this morning; he came clear.

Jack Rickard was also charged with selling whiskey to Cook. The latter testified that he bought a pint from Tom Harris and H. D. Davis yesterday and the same was made in some part of the old Berkeley pool room. Jack denied being in there at the time, so an officer was dispatched to the pool room to get someone who worked there to testify. Dan Marsteller was secured and said he saw the defendant there on the day in question but didn't notice whether or not there was anybody with him. Jack was therefore found guilty and sentenced to serve six months in the county jail. He has been out of the county home only about 10 days, where he was sent for three months for the same offense. He appealed from the verdict this morning and bond was fixed at \$100.

The last and biggest case was that against Tom Harris and H. D. Davis. A pretty clear case was made out against them, as two witnesses testified that they bought whiskey from both of them last night, and four others swore that they witnessed the sale. The "tiger" which they are alleged to have conducted was in a pool room, and upstairs above it, on Eagle street. It seems that one was buying whiskey with him, Jack, and the other upstairs. The witnesses also testified that they had bought from them before. Mr. James of the Southern Express company was also sworn in the case and he introduced evidence to the effect that during the last three months the defendants had received something like 176 gallons of whiskey through the express office. The records of the office showed this. The defendants were found guilty and sentenced to 12 months each on the county roads. Appeal was taken and bond was fixed at \$300 for each one.

Eugene Way defended the men and plead for the leniency of the court as the men had not been up before. He also said that Judge Adams "should not give a long or harsh sentence as the majority of his cases had been reviewed by Judge Lane in Superior court anyway," and if a short sentence was given they would accept it. The court stated that he was not there to pass upon the actions of some other judge; that he was there to do his duty as he saw it and it was no concern of his what anybody else did. He then imposed the sentence from which the appeals were taken.

BUNCOMBE COUNTY CORN CROP IS A GOOD ONE

Many Farmers, More Than Was Expected, Followed Demonstration Methods.

It has probably not yet been realized that Buncombe county has a good corn crop, but this is said to be the case, at least it is the opinion held by certain men in the city who take an interest in farming, especially in corn raising, as well as that of some of the leading farmers. Most people have been under the impression that the corn crop is very short on account of the long dry spell in the summer, just when most of the crop were being made.

By the rules of ordinary farming the crop would without doubt have been very short, but it is said that many Buncombe county farmers have followed the approved methods and consequently have secured good crops. Several months ago it was foretold by E. D. Weaver, the county agricultural demonstrator, and Charles W. Mason, the Southern railway agricultural agent, that there would be better corn crops than the farmers were expecting, and from all present reports they were not wrong.

It is said that a great many more farmers have followed the improved methods than one might suppose. The story is told of one farmer who professed to have little faith in the new methods. One of the assistant demonstrators had a field of ground near his farm, and the farmer saw at once that the demonstrator was going to get good results. So without saying anything about it he began to "do likewise" and now he has good corn where he followed the way of the demonstrator.

Some farmers think the dry season has done more for modern farming than the preaching of theories.

\$3.50 Recipe Free, For Weak Men.

Send Name and Address Today —You Can Have it Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excessive, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak may stop druging himself with harmful medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING and discouraged with repeated failures, ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. R. Robinson, 4809 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$2 to \$5 for merely writing out a prescription like this—but I send it entirely free.
