WEEK OF PRAYER

All Young Men's Christian Associations Will Observe It, Beginning Tomorrow.

The "World Wide Week of Prayer" The "World Wide Week of Prayer" for young men begin tomorrow and will be observed during the following week by every Young Men's Christian ussociation in the world. These prayer weeks have been observed by the association brotherhood for the past 45 years and were first called by the International conventions. For the past 45 years, however, they have been observed all over, the globe wherever an association exists. The international brotherhoods of churches are in the habit, also, of joining in these services.

The Sunday services will be at 4 o'clock in the afternoon and the week-day services will be 12:20. Dr. C. B. Waller will be the leader tomorrow afternoon, which is set aside as "Association day." The men's club and boys' orchestra will furnish music for the service and every man in the city is given a cordial invitation to attend.

Monday, which is "Brotherhood day," the services will be led by Rev. H. Fields Saumenig. Rev. J. S. Williams will conduct the services on "Adult Bible Class day," Tuesday: Prof. E. P. Childs, the "Community Prof. E. P. Childs, the "Wedgeselev".

concerted action tends to bring them closer toger in a feeling of brother-hood and responsibility for the advancment of a common cause. The efficacy of such a week of prayer can-not be underestimated and the more interest taken the greater the results should be. For the greatest accomplishment, the associations ask every member, and non-members for that matter, who are interested, to join in the services and take a personal responsibility upon himself in the ad-

vancement of the work.

Leaders have been chosen for the services each day at the local association and with such leaders, a lively interest should be taken in the services. The Sunday services will be at 4 o'clock in the afternoon and the week-day services from 11:45 to 12:30.

Dr. C. B. Waller will be the leader to-niorrow afternoon, which is set aside

and study the same subjects. Such W. Byrd will lead the services of repainted and the walls plastered and "Evangelistic day." Different prayer kalsomined. Arrangements have been subjects are arranged for each day and the men of the city urged to attend the services.

"DREAMLAND" THEATRE TO BE OPENED MONDAY

One of the Most Up-to-Date Moving Picture Houses in the State.

One of the finest, most up-to-date and attractive moving picture house in the city or, in fact, in the whole state, will be opened in Asheville Monday evening at 6 o'clock. That theater is "Dreamland," located on Battery Park place in the old "Burton & Holt store room, and to appreciate what it is requires a trip there for personal investigation. Some idea may be given in a description of the great changes that the place has undergone since Mr. Schurman decided to open it but it would be hard for one to believe unlass it is seen.

kalsomined. Arrangements have been made for complete ventilation, too, and those going to the show will not have to grope in the dark in finding a seat. Lights will be on all around the house and will not interfere in the least with the clearness of the pictures for a silvered screen will be used on which the pictures may be clearly outlined in a bright light. All modern devices for rendering the place fire-

proof have been used.

A handsome front has also been constructed and with the myriads of electric bulbs the big sign, "Dream-land," will resemble in a small way a similar one at far away and famous Coney Island. The decorations under the arch arenot fully completed. There will be the further attraction there of a full orchestra. It is really an automatic instrument but if you close your eyes you will scarcely know that it is not a real flesh and blood

The music for the show will be fur-nished by a plane and an automatic Italian harp. The harp, as well as the "orchestra." is an innovation in Asheville and those who know say that keeping with the spirit of the place. The pictures will be the best that can The pictures will be the best that can be procured, the management announces, and with two machines, a flickeriess screen and a II; ensed operator, a continuous high grade performance will be given. Music, pictures, surrounding, everything will doubtless produce a land of enchant-

PLEA OF "TIGER" WAS TOO PREVIOUS

Said He Was Guilty, but Witness Against Him Failed to Show up.

THE NEWS OF A DAY IN PIEDMONT REGION

arge Crowd Go from Davidson fo Davidson-Wake Forest Foot-

ball Game.

Gazette-News Bureau. Daily News Building, Greensboro, Nov. 10.

Spectators in Judge Eure's Municipol court yesterday were witnesses of the novel incident of an accused "blind tigerer" pleading guilty to the charge lodged against his by the state and that with the prosecuting witness absent. The defendant was "Dr." B. M. Weiss and evidently the "Doc" spoke a bit too hastily. It seems that the case originated the day before when the state's witness in another ase gave evidence that failed to stand and yesterday when the case against Weiss was called and the defendant had interposed his plea of "guilty" the state's witness failed to answer when called. The defendant's plea. course subject to amendment, was the only evidence that the state had and the case was ordered continued. When it is called again it is probable that Doc" will revise his former plea to the extent of inserting the word "not" efore the guilty.

The Hook for the Hammer "Silence the hammer!" That is the cry of citizens of the Jackson street section of Greensboro, and the courts of North Carolina will be asked to do he silencing. The case is interesting. It is a cause wherein the people of the and the courts of North Carolina Jackson street section are pitted against the Standard Boiler and Ma-chine company. J. R. Morefield is the moving spirit in having the hammer silenced. It seems that the hammer is the property of the Standard Boiler and Machine company, is used to flatten rivert heads with which pollers are put together and the sound of steel striking steel hour after hour every day has got on the nerves of the residents near the boller works and now the courts have been asked to silence the offending hammer. The petition asking for an injunction against the hammer was heard by Judge O. H. Allen in Roxboro and on the petition of the complainant Judge Allen granted a temporary injuction restraining the use of the hammer pending a fuller hearing in the mater. The final hearing will be had at Roxboro Tuesday and a nifty legal nattle over the "hammer question"

The people of Greensboro-espec ally the football enthusiasts—are seenly awaiting the Davidson college-Vake Forest game here today. Infor-nation from Davidson college last ight was to the effect that the stuent body of that institution had perected arrangements for a special ex-cursion train to be operated from Davidson to Greensboro and that the entire student body would be present

witness the game. Narrow Escape From Death. Yesterday at Jamestown, near Greensboro, Ernest Frazier, a son of J. Frazier of that place and brother Plato Frazier of Green narrow escape from death by being thrown from a buggy and then dragted several hundred feet. Mr. Fraier is in a serious condition. It seems that the horse he was driving took fright and ran away. Mr. Frazier beame entangled in part of the buggy rom which he was thrown and was lragged over the rough road for sevral hundred feet, sustaining a sprained ankle, many bruises and perhaps internal injury. It is regarded as a miracle almost that he was not killed

The Davidson County fair at Lexington closed in a "blaze of electricity" Thursday night and also amid a downour of rain. The magnificent display of fireworks was witnessed by a large crowd of people notwithstanding the inclement weather. The crowd was emparatively small on account of the old rain, there not being more than 5000 in attendance it is said, while last year on the closing day a crowd estimated at 20,000 people attended. The exhibits this year were far supe rior to any previous year, especially in the women's work department. The number of entries was astonishingly large. W. M. Montgomery of Greensboro, who judged the poultry department, says that the entries were very fine; that he was surprised to learn that there was so much fine poultry raised around Lexington.

Dispatching Trains by Telephone. The Southern Railway company, in the furtherance of its plan of patching trains by telephone, asked for estimates for an extension of its telephone lines from Monroe Va., to Greensboro, so as to make the system extend without break from Salisbury-Spencer to Monroe, Va. There is now in operation 120 miles and it is stated here that the service has proven very satisfactory. Dispatchers in Greensboro maintain that for running trains the telephone is superior to the telegraph, although they are frank to admit that the days of the "knights of the key" are far from being numbered. The dispatching of trains by telephone over the Southern system is vet in an experimental stage and los this reason th two systems will for a time, at least, be maintained, although the telegraph operators from here to Monroe

graph operators from here to Monroe now use the telephone in running trains exclusively.

Preparing for Holiday Rush.

Although the Yuletide is considerably more than a month distant the local office of the Southern Express company has already begun making preparations for the expected Christmas rush and yesterday received and unloaded two new wagons. These

Our Clothes Are Making Good

The quality of the goodness may be learned in this letter-facsimile of one just received. Asheville, N. C., Nov. 2, 1911.

Messrs. Elias & Hopson, Asheville, N. C.

Gentlemen:

I beg to hand you herewith my check for -, in payment of balance on suit recently ordered through your firm.

It gives me pleasure to assure you that I have seldom, if ever, been better pleased with the fit and finish of an outfit than I am with this, and considering the moderate price paid the goods are of excellent quality and entirely pleasing to my taste.

Thanking you for fitting me out so nicely and with best wishes for your success, I re-

Very Truly Yours,

Elias & Hopson
