imaginary character, disappointment would have been felt.

The audience was Cobb's personal possession from the first inning to the last. His entrance was greeted with an outburst of applause. Curtains call followed curtain call after the first act and a succession of five or six at the end of the second spasm elicited a notable speech from the blushing celebrity. At its conclusion he stole home. As a crumb of comfort to the admirers of Webster, Clay, Patrick Henry, Demosthenes and Cicero it may be remarked in this connection that their fame is still secure. Scarcely, if at all, was the brightness of their haloes dimmed by Raymond's eloquence. However, Mr. Cobb has done and is doing quite enough to entertain the world without endeavoring to corner the market on oratory. And a view of the shower of golden duets, not to mention automobiles, which pursues his pathway through life, it ought to be entirely superfluous to bid him be of good cheer.

The supporting cast was far from unstrous, but on the whole it handled the situations fairly well. Cobb himself, considering that he is but recently from a gruelling season-long struggle amid an environment quite different from that which now surrounds him, and that he has been an utter stranger to the art histrionic, did exceptionally well and might be termed a revelation. The problem of what to do with one's hands always settles itself in time, and for the time the Georgian's pockets offer a sufficiently satisfactory solution. There is a singular grace about his stage demeanor, it is next to impossible, of course, to dissociate Cobb the actor from Cobb the player, and to judge how healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can surely get relief within five minutes.

Miss Sue McManaway, the college widow, is very attractive and capable of causing cardiac pain among persons more blasé than college students. Harrison Stedman, Martin Woodworth, Richard Huffman, Howard Eachout, J. J. Flannagan and Miss Edna Earle did excellent work.

## GAS, DYSPEPSIA AND INDIGESTION GOES

### Makes Your Disordered Stomach Feel Fine in Five Minutes.

You can eat anything your stomach craves without fear of indigestion or Dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diasepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water Brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diasepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Paper's Diasepsin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can surely get relief within five minutes.

## EXECUTIVE COMMITTEE MEETS TOMORROW NIGHT

### Preparatory to Meeting in Hendersonville of Greater W. N. C. Association.

Tomorrow night the executive committee of the Greater Western North Carolina association holds a meeting in Asheville for the purpose of preparing a report which will be made to a meeting of the directors of the organization, to be held in Hendersonville the next day at 11 o'clock. The officers of the organization will also meet with the directors. At Hendersonville and this meeting will probably result in perfecting the organization, which has been partially organized here at two or three meetings. The last meeting was held here on November 6 and at that time it was supposed that the by-laws and constitution would be adopted, but this was not done. It is probable that they will be presented to the directors at Hendersonville.

There are three directors from every county in the organization and these will consider the reports that the executive committee has already prepared. Several of the counties in the western part of the state have entered the association and provision has been made so that others can enter.

In a way, the meeting of the directors at Hendersonville will be of greater importance than any yet held, in that many of the questions which have heretofore been only discussed, will be finally decided on, one of which will likely be the method of financing the project, and the general purposes for which the money will be expended.

## THE HAIR BRUSH

### Breeds Dandruff, Which Causes Falling Hair and Finally Baldness.

Prof. Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is a contagious and any other malevolent disease, and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush, is to insist on the use of Newb's Hairbrush. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush. Sold by leading druggists. ## BASKETBALL LEAGUE

### Move on Foot to Have Local Teams Contest at the Y. M. C. A. Court.

It will doubtless prove of interest to the lovers of basketball in Asheville to learn that a movement is on foot to form a league composed of teams from the local Y. M. C. A., the Asheville school, Asheville Farm school and Bingham. The prime mover in this proposed organization is Secretary E. B. Brown of the Y. M. C. A. and it is his opinion that such a league would be highly appreciated by the lovers of the game and of sport in general in the city. Bingham has not yet made known its stand on the matter but it is practically certain that the other organizations will be only too glad to come into the league.

The plan, as outlined by Mr. Brown, is to have a double header game each week at the association court and charge a small admission for the games. The Y. M. C. A. team alone will generally draw a crowd when they have a game with an outsider, and with the teams mentioned in the league the interest in the contests would be greatly increased. It is certain that the "rooters" for the various school teams would come in for the games and this number would be greatly increased by their friends in the city. That would insure the financial success of the undertaking for the expenses would be made, if nothing else. The association building is suggested as the best place for the games because it is centrally located and it is quite probable that bigger crowds could be had there than elsewhere. If the other teams should object to the arrangement, however, it would be a easy matter to arrange for games for other places.

To add further interest for the players, it is probable that the people from whom the suits are bought would offer a trophy cup to be awarded to the winners.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence for relief.

There are approximately 3,000,000 acres of unimproved logged-off land in western Oregon and western Washington.

Florida is the most level state in the Union, the highest point being Mount Pleasant station, with an altitude of 301 feet.

The total value of all farm land alone in Mississippi was reported in 1910 as \$250,745,000 as compared with \$114,837,000 in 1900, a gain of \$135,908,000 or 118 per cent.

## See That Your Oranges and Grapefruit Come in Boxes Bearing the Brand of the Florida Citrus Exchange

The Florida Citrus Exchange is composed of the most expert and progressive citrus-fruit growers of the state. It protects consumers against unripe, immature and inferior fruit. Every orange or grapefruit in a box bearing the brand of the Exchange has been thoroughly inspected, carefully picked and packed, and reaches you in good condition. It will keep indefinitely.

## Florida Oranges and Grapefruit Are the Best Because Most Juicy

The best citrus fruit is that which yields the most juice—the element that contains the citric acid. One dozen Florida oranges or grapefruit contain as much juice as one and a half dozen grown elsewhere. You can prove this for yourself. Try it!

No other country in the world can produce an orange so juicy, so sweet, so fragrant, so health-giving, as Florida. No other country can produce a grapefruit with such texture, such richness of flavor, or so delightfully toning and stimulating to the system, as Florida. All oranges and grapefruit are good, but Florida's are the best, and the Florida Citrus Exchange handles only the choicest grown in Florida.

## Buy Oranges and Grapefruit by the Box—It is the Economical Way

The proper way to buy oranges and grapefruit is by the box. It costs less, and you get perfect fruit. It keeps until used, and you always have it in the house. There isn't any danger of your eating too much of it.

Every lot of oranges or grapefruit bearing the mark of the Florida Citrus Exchange—insist that your dealer send you only boxes so marked—contains a booklet of citrus-fruit recipes and coupon good for one-half the retail price of silverware and cut-glass articles for serving. Booklet with the coupon will be mailed free for four cents in stamps. Address
