SICK MAN IS ARRESTED ON FORGERY CHARGE

Leroy Bowman Is Alleged to Have Entered Several Bogus Checks in Charleston.

On the advice of the police authorities of Charleston, Leroy Bowman, a young man who says that his home is in New York city at 682 Hewitt place, was arrested last night by the local authorities on the charge that he passed a number of worthless checks in the South Carolina city. The amount of checks is not known.

The young man arrived in this city Tuesday in a weakened physical condition and has been under the care of physicians who have been treating him for some nervous trouble. On the advice of the physicians he was placed in a local sanitarium last night. It is said that he has no money and owes for his board. Bowman stated to the officers that he remembered nothing about the checks but that he had suffered so much recently that he could not account for anything he might have done. The Charleston police department has been notified of his apprehension.

Of the 113 electric furnaces for the production of steel now in operation, Germany has 28, France 22, the United States 8 and England 5.

It has been estimated that the eye of a fly can discern an object one-fifth-millionth of an inch in diameter.

R. W. MULFORD WINS VANDERBILT CUP

New Champion Lowers a Record as He Takes Great Race.

DE PALMA IS SECOND IN FRENCH MERCEDES

Passes Judges' Stand Only Two Minutes Behind Leader's

Savannah, Nov. 28.—When a white streak flashed by the judges' stand yesterday at the finish of the seventh Vanderbilt cup race, the American automobile world hailed Ralph W. Mulford, driver of a Lozier car, as a new champion.

Not only had Mulford lowered all previous Vanderbilt records, he also had surpassed the San Monica performance of Harvey Herrick, in covering 202 miles at an average of 74.36 miles an hour. At that he was pushed to win the nerve-racking 292-mile contest by Ralph De Palma, the brilliant driver of a French Mercedes. De Palma finished just a little more than 2 minutes behind the winner and 8 minutes in advance of the other Mercedes entrant, Spencer Wishart.

Six Cars at the Finish. Only six of the fourteen cars to start were in at the finish and much to the surprise of every one, such stars as Bob Burnham, the "speed king," and David Bruce-Brown, winner of last year's Vanderbilt race, were among those "forced" to drop out through the defection of their racing machines.

The race was run and won without the exertion of the usual toll of human life. Among the numerous accidents which befell contestants to detriment of their chances to possess the coveted trophy, only one imperiled life and limb. A car wheel on Bruce-Brown's Fiat car flew off at the head of the long Ferguson avenue stretch after a turn had been taken at slow speed. Bruce-Brown and his mechanic escaped unhurt.

Bob Burnham was the victim of downright hard luck, sustaining one of the most unique accidents in his Marmont mount in the history of automobile racing. He had just completed the seventh lap in record time, one minute and a half behind Mulford; the leader, when a loose stone flew up and struck the gasoline connection with sufficient force to destroy its further usefulness. Burnham examined the damaged tube for a moment and abandoned the race, realizing that he would be hopelessly distanced before he could make repairs. Joe Cyrus Patehke, driver of the other Marmont entry, also was running a grand race when an air pump gave way during the ninth lap and forced him out of the contest. Joe Matson took his Fiat back to camp when a leaky radiator threatened the destruction of his engine by fire.

Conditions Favorable for Speed. Ideal conditions prevailed during the running of the race. The air was just cool enough to make overcoats comfortable. The oiled roadway glistened hard and smooth in the autumn sunlight and with the way kept clear by a cordon of state troops drawn around the course, the drivers found it easy to let their cars out to the limit. A high banked turn just above the grand stand made it possible for the racers to round in front of the spectators at full speed and pass the grandstand at a 70 mile an hour clip.

Dozens of tires were burnt up by the heat generated by the friction of such great speed. Mulford said that he owed his victory to his good fortune in having to make only one tire change as much as to the speed of his car. De Palma was less fortunate, being compelled to stop four times for new tires and at the finish he was running practically on the rim of one rear wheel. De Palma took the lead at the beginning of the race and held it for four laps. Then Mulford passed him and was never headed. The former's tire troubles began immediately after he made two record rounds on the second and third laps which he made in 13.14 and 13.16, respectively. He was leading Mulford by 48 seconds at the end of the fourth lap. On the next round Mulford was one minute and 48 seconds ahead of him. Then he gradually pulled away while De Palma was worrying with his tires until he was almost six minutes ahead in

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your manacle and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children, today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. J. N. Catlett, Commerce, Ga., and Mrs. Rose Garvin, Ridgeville, S. C., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-gripping—not violent, like salts or cathartics. It cures gradually and pleasantly, so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it, in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the holder free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

the eighth. DePalma spurred to regain the lost ground. Some of his turns near the grand stand exciting the admiration and wonder of the crowd.

At the beginning of the 17th and last lap, Mulford was but a scant two minutes ahead and the spectators rose and cheered him as he dashed by for finish. Like an angry wolf on his trail, De Palma's beautiful blue-gray Mercedes swerved around the curve at a 75 mile clip and literally

flew down the straight away in a vain pursuit.

For pains in the side on chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by all dealers.

Any rowboat can be converted into a power craft by the use of a recently devised detachable propeller and electric motor, driven by storage batteries.

DANDRUFF

Read what a prominent North Carolina physician writes regarding the great Dandruff Cure—

TO-BAC-TON

"I have been affected with dandruff for just ten years and have tried various remedies for same, but found nothing that would cure it. After using TO-BAC-TON for one month an entirely relieved of trouble. I heartily recommend this remedy to anyone affected with same disease." W. C. LINVILLE, M. D., Winston-Salem, N. C.

This is only one of many letters praising TO-BAC-TON. "The Greatest of All Hair Tonics." If you are suffering with Dandruff, if your hair is falling out or your scalp giving you trouble, use TO-BAC-TON.

Different from any other hair tonic—it contains no alcohol or grease, which is injurious to the scalp. It is principally made from the juice of the tobacco leaf, which is recognized by physicians as the most effective germicide. TO-BAC-TON is delightfully perfumed. The ingredients are stimulating and healthful. This wonderful Hair Tonic prevents Baldness, cures Dandruff, will dislodge scales and makes beautiful, luxuriant hair.

Get a bottle today at your drug store or ask your barber to give you a TO-BAC-TON application. You can't lose a cent because TO-BAC-TON is guaranteed to give satisfaction. For Sale at All Drug Stores at 25c, 50c or \$1.00 Bottles. FREE! Our booklet, "The Indian Weed," it tells you all about the cure of the hair. TO-BAC-TON MANUFACTURING COMPANY, Winston-Salem, N. C.
