### TWO BANKS WAITING FURTHER CONFERENCE

With Mr. Grove, but All Is Speculation as to What They Wish to Discuss.

The joint meeting of the bankers of the city yesterday afternoon to consider the proposition of taking up the Grove hotel bonds came to naught, so far as any final action being taken in the matter was concerned.

When the officials of these two banks were seen today they would make no statement as to what they wished to confer with Mr. Grove about, although they said that no further action would be taken until he was heard from.

It is a matter of speculation today as to just what these institutions wish to have further communication with Mr. Grove about.

It might be of interest in this connection to repeat the statement that was made in The Gazette-News when this matter first came up, to the effect that the property on which the hotel is to be built with improvements has cost Mr. Grove \$350,000 already, and this entire property is to stand as security for the bond issue.

### ASSUMES JURISDICTION OVER TRANSPORTATION

Holds the Interchange Rules of the American Association Subject to Its Authority.

Washington, Dec. 7.—The Interstate commerce commission today held that the temporary confiscation by carriers of cars of other railroads and the placing of embargoes against cars being sent off the lines of their owners are alike unlawful and the railroads are expected to make such for the return of cars as will terminate such abuses.

The case which called forth the decision was one in which the Missouri and Illinois Coal company complained of embargoes established last winter by the Illinois Central railroad against the movement of coal from the mines of its lines in Illinois to points in Missouri on the ground that it allowed its cars to go to points in Missouri its cars would be confiscated and the Illinois Central would not have sufficient equipment to conduct its local business.

Under this decision, all the interchange rules of the American Railway association become subject to commission regulations, affording it absolute jurisdiction over transportation of as well as over the charges for all freight.
