FINISHING IMPROVEMENTS AT SWANNANOA-BERKELEY

Colonial Entrance, Enlarged
 Lobby, Tile Floors a Few
 of Them.

The recent improvements on the Swannanoa-Berkeley hotel are now about completed and the place presents a much better appearance. Frank Loughran, the owner and proprietor of the hotel, has been carrying on these improvements at intervals for a year or two, and began by building an addition to the hotel which included a large number of guest rooms, an assembly room and ballroom, besides store rooms on the first floor. This has been followed by other improvements on the interior of the building, and now the hotel is among the most up-to-date to be found in the state, with accommodations for about 250 people, 40 or 50

private baths, and new furnishings and decorations throughout.

The latest improvements which are now nearing completion had to do with the enlargement of the lobby, and new furnishings for this and the dining room. The lobby is now about twice its original size, and in connection with it there is a lounging room, which is an innovation and a very valuable one for the hotel. A new tile floor has been laid in these two rooms and a metal ceiling has also been put in the dining room, and over the whole there are studded innumerable electric bulbs.

In front, a colonial entrance has been constructed, and this is also brilliantly illuminated with electric lights. Two large electric signs are to be placed over this, and when it is put in shape, the place will hardly be recognized as the old Swannanoa hotel.

LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy, removes cause. Call for full name. Look for signature E. W. GROVE, 25c.

The Only Chance.
 "If those California women run for office I do not think they would be guilty of purchasing votes?"
 "Not unless they got green trading stamps with them."—Houston Post.

GRAND AUTOMOBILE RACE AT THEATRO AND PALACE

Reproductions of That at Savannah Drawing Large
 Crowds.

Today and tonight at the Teatro and Palace theaters, may be seen reproductions in moving pictures of the recent grand automobile races at Savannah. The management of these two theaters put the pictures on yesterday for the first time and large crowds have flocked to see what the reproduction is like. None have been disappointed, for the pictures are excellent. At one point in the pictures is shown the big grandstand as it caught on fire during the races, through the carelessness of a cigarette smoker. The home stretch of the track is shown and the winners as they came in. The entertainment is much increased by the excellent music furnished by the orchestra at each place.

VALUABLE PUBLICATION IS DECEMBER BULLETIN

A Number of Sanitation Subjects of Vital Importance Discussed.

The December number of the Bulletin, the organ of the health department of the city of Asheville, is just off the press. This is one of the best numbers of the Bulletin that has been issued, and besides a great deal of valuable advice, it contains some interesting information. It has eight pages this time and on the back cover there is a story in cartoons, entitled "The Hog vs. a Human Being."

The Bulletin states that the Associated Charities has provided a visiting nurse, and comments favorably in the action in the statement that there was nothing that Asheville needed more.

Most of the captions themselves indicate the subject matter that is contained in this number. "The Deadly Nursing Bottle" is one, and others are "Unheeded Warnings," "The Cheapness of Human Life," "Good Roads vs. Good Health," "The Care of Milk in the Home."

Part of the address of Dr. E. A. Alderman before the Seaboard Medical Association, December 6, is reprinted, in which he talked on the compulsory physical examination and treatment of school children. There is also part of the charge of Judge Frank Carter to the grand jury of Robeson county not long since, in which he says that "life is too cheap." Judge Carter has reference to the homicides; but the Bulletin takes the opportunity to impress on its readers the importance of sanitation and preventative medicine.

IT IS TO BE WARMER WEATHER MAN THINKS

However, Precipitation Is Likely to Continue for 24 Hours More.

Asheville is sleety, sloppy and slushy today. The weather observer says that the cold snap is due to end tonight, but the precipitation, which began about 8:30 a. m., will probably continue, in one form or another, most probably rain, until about tomorrow night.

The "spell of weather" began down along the Gulf coast and has spread up this way. The weather man at New Orleans reports 2.84 inches of rain and the one at Pensacola 2.76 inches, and an 80-mile gale.

Packers' Attorneys to Address Jury.

Chicago, Dec. 20.—Several representatives of the packers will address the jury immediately following the close of District Attorney Wilkerson's opening statement. The government will not call its witnesses before next week.
