

more efficiently or that this would enprivate companies.

to commend in Mr. Hitchcock's de- gives a tabuteted statement partment. "I cannot speak with too great emphasis," he said, "of the improvement in the postoffice depart-ment under the present management." He showed that there was a surplus force or numbers of postoffices or sal-aries but by scientific economy.

Mr. Taft approved the adoption of her of times I voted against the demo purcels post recommended by Mr. cratic majority during that session : Hitchcock: said that the placing of this tabulation does not show it, but ansistant postmasters in the civil ser-vice should be followed by placing under the classified service of postmaster jority were my votes against reciproc and commended the postal savings ity and on various amondments to the system. Preparations are being made. reciprocity bill. Amendments Mr. Simmons Voted For.

he said, to establish this system at about 40,000 fourth class offices. Would Raise Postal Rate.

"I voted against reciprocity and I voted for various amendments to it The president also approved and forwarded to congress the report of the commission on second class mail matter and recommended that the postal rate on magazines and newspa-pers he raised from one cent to two

If so Mr. Kitchin owed it to interess be raised from one cent to two cents a pound.
If so Mr. Kitchin owed it to interess to state what was the nature of the promotive cents appendix to two. The interest changed this to two, the interest changed this to two. The interest changed this to two interest is so it is and the majority of the interest changed this to two interest is so it is and the majority of the interest is constrained at the proposed in the satis of the one cent rate is about it (putting farm implements and all indicates the one cent rate is about interest increase in postate.
The interest is pound. In the satis of the one cent rate is about interest increase in postate.
As to the affoci of the proposed in recess from one to two cents a pound of the boat free increase in postate.
As to the affoci of the proposed in recess from one to two cents a pound increase from one to two cents a pound increase from one to two cents a pound of the postal commission, the followi-ing paragraph:
Such an increase will not in the moning of the commission the followi-ing paragraph.
Such as increase will not in the former and interest is an entration of the per-mater in a interest will not in the products themselves to a it is a well as the products themselves to a sto a the former and the followi-such at increase will not in the former and the smoother and etcol. If the former and the proposed in the so interest will not in the former was to reduce day.
Mine will have branches products themselves to a sto a the smoother and the smoother and the smoother and the smoother and the proposed in the former to the former was to a the set of the proposed in the former to the former was to reduce day.
Mine will have branches products themselves to a sto a the smoo

of the postal commission, the follow-ing paragraph: "Such an increase will not, in the pointion of the commission, thing dis-trease upon the publishers of newspu-pers and periodicals, or meriously in-terfere with the dissemination of use-nit news or information. A reason-able time should be allowed after the rate is fixed, before it is put into ef-fect. While the news rate will be very far from compensating the pro-ormient for the carriage and handling of second ones matter, it will to some extent relieve the systemine dimension of dutter and paragraphs. There were similar anonymoust. There were similar anonymoust.
