WILL ASK INJUNCTION AGAINST FLOURING MILL

"Trip Hammer" Verdict Followed by Blow at Proposed Plant.

Gazette-News Bureau, Daily News Building, Greensboro, Feb. 23.

Ebert Hubbard, writer, lecturer and humorist, will spend a season in Greensboro during April and has been invited to deliver an address here on "The Religion of the Future." It is expected that he will accept the invitation. He has written that he is looking forward with keen pleasure to a stay of one week or more in this city during April.

In Judge Euse's court yesterday one Will Cathey of color, was convicted on a charge of assaulting a negro woman named Bertha Bass, with intent to kill, and was given two years on the chain gang. The negro, who had just arrived from Danville, Va., is alleged to have attacked the Bass woman at the passenger station and inflicted two wounds with a pistol. He told Judge Euse that he was only "foolin'."

One of the most interesting donations to the dormitory fund of the Greensboro Female college, came to the committee yesterday. It was for only \$25 and from the purse of W. A. Watson, sr. The spirit in which the gift was made and reference to the earlier days of the famous Methodist college were referred to by the donor. Mr. Watson was one of those who, with his own hands, helped to build the college after the fire of 1863. He helped to lay the bricks that went into the walls and refers feelingly to some of the heroes of that day who were prominently connected with the college. He spoke of Dr. T. M. Jones, for more than 35 years president of the institution; Rev. Peter Doub, who built the first Methodist church in Greensboro in 1839, and Rev. William Barringer, father of Col. John A. Barringer of Greensboro, who lost his life by a fall from a scaffold while inspecting the college building.

"It wouldn't surprise me at all if the municipal meat market would carry," said the commissioner of public works, J. Giles Foushee, jr., yesterday afternoon when asked for his opinion about the prospects of the election to be held on this matter next Tuesday.

How a Woman May Retain Her Youth.

"The woman who wants to look young must imbue massage creams and liquid rouge. She will only harden the structure of her face and destroy the fine texture of the skin," said Mrs. Margaret Holmes Bates, the well-known author, to a Chicago Journal representative.

"Reputable physicians have declared that if she indulges in artificial methods she risks losing her health," she continued. "A perfectly natural method of treating a had complexion is by using ordinary mercolized wax; this removes it instead. This wax, obtainable at any drug store, flakes off the yellow or blotchy outer skin in fine particles, gently, without harming the skin beneath, which gradually makes its appearance. The brilliantly beautiful complexion thus obtained is a new one—quite different from a patched up old complexion. This is one way to retain youthful looks. An ounce of mercolized wax is sufficient. It is applied at night like cold cream and washed off in the morning."

YOUNG'S TEAM WINNER IN CLASS A. LEAGUE

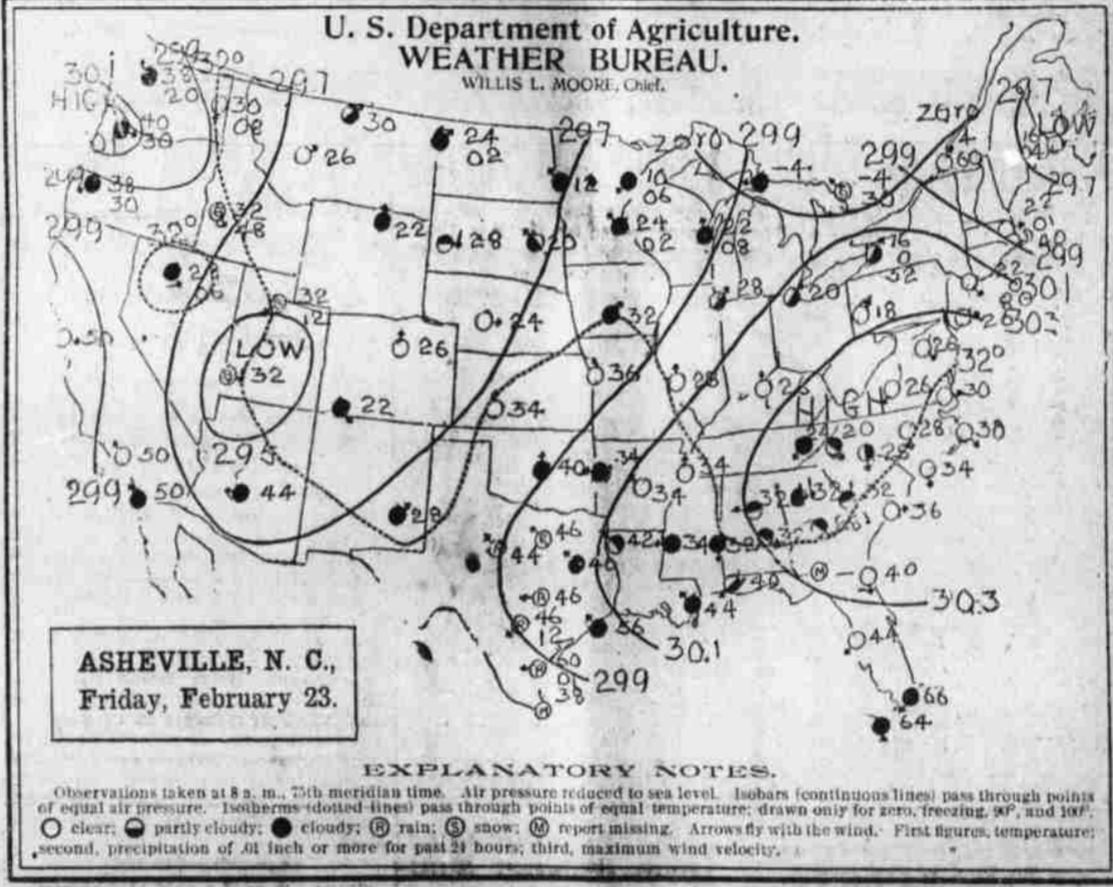

Captures Championship and Spaulding Silver Trophy—Successful Series.

In one of the most interesting basket ball games that has been seen this season, the team of Young defeated that of Stokely last night at the Y. M. C. A. by a score of 13 to 15, thus winning the championship of the class A league, and to this team was awarded the silver trophy cup which was offered to the champions at the beginning of the season by the Spaulding company. The game was exciting from start to finish and at no time until the very end was it a safe bet as to which team would win. There was a good attendance and each team was cheered toward victory by about an equal number of supporters.

The basket ball season among the Y. M. C. A. minor leagues has been the most successful in the history of the organization. Since the games began on October 1, the interest has been intense and each team has worked with energy and determination. It is likely that an all-star class A team will be formed soon.

The points scored by the various players last night are as follows: Young—R. Tennent 2; Bowling 2; Ashbrook 8; Tennent 2; Gudgee 2; Young 2; total 18.

Stokely—Miller 3; Hunt 2; Stokely 5; Shuford 5; Burbank 0; total 15.

A True Friend

Would not give you a drug in your food.

But many persons, of their own accord, drink coffee or tea day after day—ignoring the fact that there is a drug, caffeine, in every cup.

True, you may be able to "stand it" for a time, but the drug is there, and sooner or later is pretty sure to show in some annoying ailment.

There can be no relief until the cause is removed.

Simply leaving off coffee and tea will work wonders, but it much easier if you shift to well-made

Send Troops After Yuan.

Washington, Feb. 23.—The Chinese republicans have forced an issue with Yuan Shi Kai and important developments are expected, according to dispatches received from Shanghai yesterday. Because of Yuan's failure to comply with the request of the republicans for his attendance upon the assembly now in session at Nanking, that body yesterday dispatched an armed escort from Shanghai to Peking to bring Yuan Shi Kai to the new capital.

The result of the move is awaited with interest in Shanghai.

In China stars are raised for their deeds, which are not what our own stars are in the appreciation of services.
