FOR A SICK, SOUR, BILIOUS STOMACH, GAS OR INDIGESTION SURELY TAKE DASCARETS

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means indigestion; a disordered atomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and polson from the intestines and bowels Then your stomach trouble is ended forever. THE OLD PLEA He Didn't Know It Was Londed."

The coffee drinker seldom realize that coffee contains the drug, caffeine, serious poison to the heart and nerves, causing many forms of dis care, noticeably dyspepsia.

"I was a lover of coffee and used it for many years and did not realize the bad effects I was suffering from Its use. (Tea is just as injurious as coffee because it, too, contains caffeine the same drug found in coffee).

"At first I was troubled with indigestion. I did not attribute the trouble to the use of coffee, but thought it arose from other causes. With these I had sick headache, nausea and vomiting. Finally my stomach was in such a condition I could scarcely re-

tain any food.
"I consulted a physician; was told all my troubles came from indigestion, but was not informed what caused the indigestion. I kept on with the coffee and kept on with the troubles, too, and my case continued grow worse from year to year, until it developed into chronic diarrohen, nausea and severe attacks of vomiting. I could keep nothing on my stomach and became a mere shad-

MASSACHUSETTS PLAYER ARRIVES IN ASHEVILLE

Stars' and Play Farm School This P. M.

"Topsy" Cahill of Massachusetts the new outfield recruit, who has been signed by the Asheville Baseball club, arrived in the city this morning and will immediately start in with the the Roosevelt committee. Early in team at practice. He is a most likely looking ball player, and it is believed that he will add materially to the strength of the Mountaineer squad.

He will likely take part in the game this afternoon between the leaguer and the Farm school team, which will be the last exhibition game of the season. It also promises to be the best of the exhibitions games, as the school boys have one of the strongest aggregations this year that they have put out in some time, and have been putting it all over their opponents in the games that have been played,

The leaguers played the Buncombe All Stars yesterday afternoon, and the game proved to be more of a joke than a baseball game, as the "has-beens" were entirely unable to cope with the heavy team of the Mountain-eers. They did succeed, however, in making three scores, which was considered by the fans present to be mos fortunate for them. The Mountain-eers, in the mean time, piled up about 5 tallies, and then tired of running ses and amused themselves until the nd of the game.

The team that is to represent Ashe ville in the coming season is shaping now so that it looks like a real ball playing aggregation, and Manager Kling thinks that it will be a pennant winner. The fellows are playing to gether well, and there seems to be ab-solutely no friction. As a rule they tre heavy hitters, and the fans can have a pipe dream of a pennant float ng out over the waters of Riverside lake without straining their imagina ion beyond the bounds of possibility The Asheville club management to

of Kindergartens and Pass Resolutions.

The teachers of the city schools have passed the following resolutions with reference to the proposed discontinuance of the kindergartens and curtailing the work of the High

"We, the teachers and principals o the Asheville city schools, are deeply concerned about the proposed discon-

tinuance of the kindergartens.
"Since their incorporation into the ity schools in September, 1907, the enrollment has gradually increased and the work of the children during this period has been of inestimable value to them and to their teachers in the first A grades. There is an ap preciable difference between the child trained in the kindergarten and the one who begins his school life without this training. The grade teachers find him more tractable, more responsive, more alert, in fact, more eachable in every way.

"We deeply deplore, too, the neces elty of curtailing the work in our High school, Indeed, it seems that the proposed economies are striking right at the heart of our school sys tem, when the bables and the young nen and women preparing themselves for good citizenship should suffer from this lack of funds.

"We do not believe that the citi tens of Asheville are going to stand aside and allow these things to como pass, and we have implicit confi dence that some plan will be devised by which the kindergartens may be kept open and the High school main tain its present progressive policy."

chants association are planning for the annual banquet. The date has not yet been fixed, but it has been decided that it will be served in the dining room of the new Langren hotel, consequently it will be delayed until the hotel is opened.

Arrangements will be made to have number of speakers, prominent business men of other cities, here to respond to tousts, and the banquet this year promises to be one of the most enjoyable ever held,

At last night's meeting of the direc tors of the association the matter turning the electric current on the in candescent lights hung over the principal streets during the summer was discussed, but no definite action was taken. The question is to be agitated mong the members, and it is thought that funds can easily be secured to keep the lights during the summer onths, as has been the custom for the past few years
