WEAVERVILLE COLLEGE BONDS TO BE ISSUED

For \$15,000, for Purpose of Enlarging—Faculty Election—Honors. At the meetings of the board of trustees of Weaverville college, held yesterday afternoon and Monday afternoon, the matter of enlarging the college building was thoroughly discussed, and it was finally decided to issue \$15,000 in bonds for this purpose. These bonds are to be issued at once and placed on the market so that the work can begin as soon as possible.

It is planned to tear down the wing that was erected several years ago build another wing back on the line with the original building. This is to be three stories high. The plans have already been drawn, but they include two wings which will not be erected now, only the main wing to be constructed at this time.

MR. ALLEN TO DELIVER NOMINATING SPEECH

Will Place Craig's Name Before the State Convention at Raleigh. Arrangements have been made by which Felix E. Alley of Webster, Jackson county, will place the name of Hon. Locke Craig in nomination for governor at the state convention, which is held in Raleigh June 6. Mr. Alley is a very eloquent man, and more than ever before impressed this fact on the people of the congressional district when he placed the name of Hon. Walter E. Moore in nomination for congressman from the Tenth district. Mr. Alley is solicitor of the sixthteenth judicial district.

IN "Country Life."

In the issue of May 1 of "Country Life in America" there is a two-column article contributed by N. Buckner, secretary of the local board of trade, on the good roads of this section, including sections from the Grove autoway, the Kenilworth and Beaverdam roads and one other. It is an excellent article and serves a purpose in advertising Asheville and this section most admirably.

MORE FILING CASES FOR CLERK ERWIN'S COURT

Old Files Completely Exhausted by Recent Disposition of Cases. Yesterday the county commissioners authorized Clerk of Court Marcus Erwin to buy a section of steel filing cases for the filing of papers in his office, similar to those that were installed just after the new court house was erected. The section will contain about 112 files, which, it is thought, will meet the requirements for a few years. The files are manufactured by the Art Metal Construction company of Baltimore, the company which furnished the other files.

CASES TRANSFERRED

From Buncombe Superior Court to District Court—Are Suits for Damages. Two civil actions were transferred this morning from the Superior court of Buncombe county to the United States District court for the western district of North Carolina. These were R. E. Russell vs. Champion Fibre company, Frank Mitchell and Erastus Cook, and H. R. McFee vs. Champion Fibre company.

The suits were instituted in Superior court only a few weeks ago and are for \$20,000 damages each, the plaintiffs claiming this amount as the result of alleged serious and permanent injuries received at the works of the defendant company. The petitions for a removal of the cases were based on the fact that the defendants and plaintiffs are of different states, and for the further reason that the amounts asked in each exceed \$3000.

THE MARKETS

New York, May 8.—Further selling of stocks was suggested by the market's heavy tone at the opening today. Dealings were in moderate volume. Reading's erratic course featured the first hour. Its strength was helpful to the remainder of the list and recoveries were general. The market continued to have an unsettled tone during the early session. Trading was increasingly dull in the afternoon, the market showing no leadership.

COTTON NERVOUS AND UNSETTLED.

New York, May 8.—The cotton market opened easy today at 12 to 16 points decline. Prices soon rallied 5 or 6 points from the opening figures. The market toward 11 o'clock was nervous and unsettled, active months still showing a net decline of from 4 to 8 points. Prices at midday were 3 or 4 points off from the best.
