## What's The Matter With Your Baby?

The young mother—and many an old Mrs. O. R. Crae, Wellford, S. C., and one, too—is often puszled to know the Mrs. Helen Sheetz, La Grange, N. C., the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its frouble. It may have nothing more the matter with it than a headache or a feeling of general duliness. It cannot, of course, describe its feelings, but as a recommend it especially for the use of preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constitution and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will ave a sample bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. R. Caldwell, 405 Washington St., act as purgatives, and they are too strong for a child. In the families of on a postal card will de,

National Democratic Conven-

#### WILSON IS NOMINATED Tax Listers FOR THE PRESIDENCY Notice

tion, at High School, Hands We, the undersigned Tax It to Jersey Governor. Listers and Assessors, will sit in the grand jury room on the Woodrow Wilson was placed in second floor in the county mination for the presidency of the 'nited States last night on the sec court house on Wednesday, nd ballot of the mock democrati-

national convention, which was held May first, 1912, and each day in the auditorium of the High school uilding. It was a great event and thereafter during the month of the place was crowded by political enthusiasts of the rising generation, both May, as directed by law, for male and female. The latter are starting early and even last night tried to get a suffragette plank inserted in the platform. They failed miserably the purpose of receiving the but state that they are not distax lists of all persons and corcouraged.

Charles Riddick was acting as tem porations subject to tax in the orary chairman of the convention when it was called to order, and when corporate limits of the city of the voting came for a permanent chairman, Thomas A. Jones had no opposition and his election was made manimous. The new chairman made very fitting speech accepting the high office to which he was chosen, and then called for presidential nomnations in the most approved style. Nominating speeches were then in

order and some very fine ones were MRS. RACIE ADAMS. made as the names of the various endidates were presented. Silverongued orators were present in terrica and they advanced the claims their favorites with d and wer no means without humor.

When the nomination had all been nade A. Samuels was elected perma nent secretary and the balloting be can. The first ballot resulted as fol-lows: Wilson, 498; Clark, 212; Bryand Sanitary Fountain nn, 158; Underwood, 88. This neces-sitated a second ballot as there had been no nomifiation, and in the sec-ond Dr. Wilson came out with banners flying, a large part of his added apport coming from Mr. Bryan. The Dr. P. D. Sinclair wishes to annominating ballot was as follows: Wilson, 706; Underwood, 124; Clark, nounce that after Monday, May 6, Wilson, 706; Unhe will be at his old location, Cor. 110; Bryan, 16.

On everloss when entertainments are in progress at either Auditorium of Opera House, the last trip on all lines will be from entertainments, leaved Square at regular time and holding over at Auditorium of Opera House, the leaves Square to ment No. 26, night train, 29 minutes before schedule of anneared arrival.

S. P. Burton Chosen President, S. O. Bradley Vice Pres, and M. F. Hoffman Treasurer.

Samuel P. Burton was chosen at th ill members meeting of the Asheville Merchants association us the next president of the association, to serve turing the coming year. 'An his asociate officers S. O. Bradley was elected as vice-president, M. F. Hoffnan treasurer and J. E. Rector secretary and attorney. Reports from th retiring officers were heard, a number of routine matters were taken up and was decided to hold the annual banact on the evening of June 7 in the of garden of the Langren hotel.

The reports of the officers who have erved the association during the past year were full and were very interest-ing, showing a remarkable growth in he association, both in point of mem ership and the work undertaken in xpanding the usefulness of the organ sation. The reports of the president and secretary were of especial interest o the members present.

Retiring President Archibald Nichds, stated that the association is really doing a commendable work and one of its acts deserve from those on the outside, the point being emphasized that the association ons never so much as mentioned the uestion of setting prices, has no dacklist and does all in its power to rotect its membership through a well

egulated collection department. He made a strong plea for expansion, especially along industrial lines of development, and thought that the spirit of boosting the city and section should be nurtured. He urged that the members comply with the adver-tising rules of the association and ake no space in anything not recomended specifically by the secretary

The secretary's report showed that new members have been enrolled during the past year and that the as ociation is in fine condition. The statement was made that one of the principal endeavors of the association during the year has ben to promote novements for the bettering of comnercial conditions in the city. Several orward movements were recited and he members asked to continue along hese lines.

The President's Report. President Nichols' report was as fol

Gentlemen: I can only make a par al report, as you are all aware that am only filling out the unexpired rm of President G. F. Stradley, who esigned some four months ago, have not even revised the directorate except in the few instances made nec sary by the change, and the time was so short that no new busines

I shall make no detail report of the work accomplished. This will be done by the directors who are the chairmen of the various committees.

One important matter under way when I came in was the adoption of the graduated scale of dues, making it easier for the smaller merchant to belong and cause the burden of expense mostly to fall on those best abl-to bear it, and who would or could reap the largest benefits from the association. The change, I believe, was wise one. We have added many w names to our membership, giving he association more strength for good the community. I contend a merchants association is a blessing to any community in which they exist.

I certainly wish the public could be etter acquainted with the workings of this organization. I can't believe a r-minded man on the outs possibly raise an objection to any-thing done by this organization. Some doctor. One night he rode twenty nothing but a trust for setting prices, Now you gentlemen all know there was never a greater misconcep-tion of the facts. Every man in this oom will bear me out that prices or price setting have never been discuss-ed or mentioned in any meeting ever held by this association since its orunization in 1900, and I have attended about every regular meeting. Fur-ther, we have no "Dead Beat List" as some people suppose. It is true that we have a collection department and our Bulletin, mailed monthly to our members, which conveys the sad news of those "Reported Slow" and the names of those whose bills have been

> KNOWS NOW Doctor Was Fooled by His Own Case for a Time.

> It's easy to understand how ordinary people get fooled by coffee when doctors themselves sometimes forget

the facts. A physician speaks of his own ex-

"I had used coffee for years and really did not exactly believe it was injuring me although I had palpitation of the heart every day. (Tea ontains caffeine—the same found in coffee—and is just as harm

ful as coffee.) "Finally one day a severe and almost fatal attack of heart trouble frightened me and I gave up both tea and coffee, using Postum instead and since that time I have had also— intelly no heart and the following scores were made last night:

H. Total lutely no heart palpitation except on one or two occasions when I tried a small quantity of coffee which caused severe irritation and proved to me I must let it alone.

"When we began using Postum is seemed weak—that was because widd not make it according to direcdid not make it according to directions—but now we put a little bit o butter in the pot when boiling and allow the Postum to boil full 15 minutes which gives it the proper rich flavouring and the deep brown color "I have advised a great many o my triends and patients to leave of coffee and drink Postum, in fact tailly give this advice." Name gives by Postum Co., Battle Crack, Mich., Many thousands of physicians as Postum in place of tea and caffee it their own names and reservice it to patients.

ame on these lists, for you can rest ssured that every merchant is going o collect his accounts himself if pos-ble, and I believe I am safe in say-

ng that there is not a single mer counts as soon as he should. I never knew of a merchant pressing a cus omer who showed any disposition to say. I am ted to inquire, How coult e" or what would be the use? Credit s too cheap in Asheville. In fact credit is too cheap all over our south and. Very few appreciate the credit

they receive from their retail merthe trade appreciates opening up an account with them, but they can't understand why you want your money promptly, when your terms are not complied with. They are not aware that you are paying 6 per cent or more for them for the time the acanything of when it is past due for two or three months.

Every good citizen should be acquainted with the fact that if slow paying accounts were paid promptly that prompt paying customers could get their goods cheaper. This is one of the few ways of keeping up appear-inces and down expenses in this day of the cost of high living and blamed on the retail merchant.

Every merchant should study close what it costs him to do business and what goes into making up this There would be fewer failures

If this cost problem were known.

I wish to say in closing that every member should be careful in taking dvertising in schemes not approved by the association. It means saving ney to you to require the solicitor in all cases to have a letter of ap-proval from the officers or advertising committee. Please do not say, "I did not know this was the rule and that that was barred," Dozens of these schemes are turned down that you never heard of, more than enough to pay your dues. Let me urge you to more careful in the future

Let me urge every retail merchant to boost our city at every opportunity. am sure you will be pardoned if you make the opportunity, as soon as those interested find what a beautiful city we have in which to live.

I wish to recommend that this as sociation increase its efforts along the lines of industrial development. I am onvinced to build a big city and gain the name of "no mean city" it will be along industrial lines and encourage visitors as another asset.

I wish to thank the officers and diectors and secretary for the assist nce given me in the performance of the duties of this office, but pleas don't ever do it again until my time omes in the regular rotation

I wish to commend to you, gentle nen, my motto: "It Pays to Pay I thank you, gentlemen.

## FATHER SCOLOS HER: SHE ATTEMPTS SUICIDE

Beulah Redmon, 17 Years Old Takes Laudanum but Is Found and Restored.

olded her for going out at night Beulah Redmon yaterday attempted to take her own life by swallowing a quantity of laudanum. The attempt was unsuccessful as a physician was called soon after the polson had been swallowed and the girl was given an emetic which quickly brought her to consciousness and complete restora-

The girl is 17 years old and is a daughter of Samuel Redmon of North sheville. The reason given above for the attempted rash act is the one stated by her after she regained conciousness and she also expressed regret that her attempt proved unsue cessful. However she said she did not expect to try the same thing over

The girl is said to have been a close friend of Euba Luther, who committed suicide sometime ago by taking carbolic acid, and it might be that this had something to do with the at-tempt of Miss Redmon yesterday. She is said to have stated that she would have used the acid, too, but was unable to procure any.
