Is Your Child Fed

To meet the demands of School life?

Study taxes the brain and nerves of the growing youngsters. Certainly, that's natural and expected; and if fed right, they grow rosy in body and hearty in brain.

If a child droops under school training it is a **Signal Flag**. Something used up each day that is not replaced from the food. Don't neglect the signal!

There is one absolutely dependable food, because it contains the certain parts of wheat and barley that rebuild, not only the body, but the gray matter in Brain and nerve centres.

If you have any question of the scientific truth of this statement, write us for analysis of brain and nerve centres and analysis of

Grape-Nuts FOOD

There is no guesswork here, but absolute dependable fact that can be made use of by any parent sufficiently interested in the child's development to investigate.

A regular diet of Grape-Nuts and cream, as part of each meal, will tell its tale of health and (fortunately) the children like it.

W.N.C. FAIR MEETING TO BE HELD TOMORROW

There will be an important meeting of the executive committee of the Western North Carolina Fair association tomorrow afternoon at 5 o'clock in the office of Secretary Guy Weaver. Some very important matters will be taken up at that time, chief among which will be arrangements for a big parade just preceding the opening. It is planned to make this one of the big events of fair week.

As at present outlined this parade will include the military companies, the First regiment band, the uniform rank of the various fraternal orders of the city and members of the local labor organizations. Besides these, of course, will be carriages carrying the city and county officials and the prominent men attending the opening. Hon. Locke Craig has been invited to make the opening address immediately following the parade and although he has not yet accepted the invitation it is practically certain that he will.

There will be a district meeting of the K. of P. and U. E. T. lodges held here during fair week. It will greatly add to the attendance from out of the city and there is a possibility that other meetings will be arranged before the date of the fair.

At the meeting of the executive committee tomorrow the horse department premium list will finally passed upon. This department has been up for consideration on a number of occasions, some of the directors wishing to introduce special horse show features into the department. This would prove rather costly and it will be definitely decided tomorrow whether or not these features are to be adopted.

Maine Fight for Electors.

Portland, Me., Sept. 11.—Maine emerged from the state election in which the republicans were victorious to find herself facing another political contest with five parties instead of four in the race for the six presidential electoral votes.

The progressive party, whose leaders had joined with the republicans in the state election has come into being after the announcement of the election of William T. Haines for governor, three out of four representatives to congress and a majority of the legislature which will choose a United States senator. Former Congressman Edwin C. Burchell received the republican preferential vote for senator at the recent primaries.
