TASK DONE; ALL REJOICING

(Continued from page 1)

paid high tribute to the men who had sacrificed their time for the common good of Asheville; also to those who had contributed so freely to the fund and had always stood ready to do their part in any undertaking for the advancement of the city.

Dr. E. Reid Russell, another of Asheville's "natural born boosters," was the next speaker and he stated that the spirit in this campaign, has finally come up to the standard of excellence which he has long desired. He reviewed briefly the great advances of this city over others and said that with these advantages and the boosting spirit that has been aroused it will simply be impossible to keep Asheville down.

L. L. Jenkins was called to the floor and he stated that he is glad to become an Asheville booster and to put his shoulder to the wheel with the others in the advancement of the city. He expressed regret that he had not been able to get actively into the campaign but assured those present that his heart was with them and he is willing to help in any movement for the general good of the city.

R. R. Williams was then called upon but his remarks were limited. His enthusiasm, however, was unlimited and he declared that he wishes to be identified with the board of trade and the work that is being done by that organization.

O. D. Revell, the next speaker, expressed the opinion that Asheville has finally found the high road to success and municipal growth and he made the prediction that with such men behind it as those who have taken part in this campaign it will become one of the leading cities of the entire section within a very few years. He suggested that the board of trade members hold rally meetings at short intervals in order to help keep alive the spirit that has been aroused during this campaign.

Capt. W. T. Weaver spoke for a short time on the past of Asheville, reviewing its development from a small country village to its present state and then pictured for it a future so bright that he was immediately enthralled in the A class of Asheville boosters for no one else could have seen things in just that light without having the utmost faith in the future of the city.

Rev. W. A. Newell declared that Asheville is a great city now and the people only need to realize their greatness in order to lay foundations broad enough for future greatness. He referred to the board of trade statistics showing that Asheville at present has a larger per cent of white people than any city in the two Carolinas and the same conditions exist relative to Buncombe county and an county in the two states.

A. W. McKeand, secretary of the Charleston chamber of commerce and president of the South Carolina State chamber of commerce, who has been lending his aid in the campaign here was the last speaker at the evening and he gave those present the benefit of his experience in this kind of work and some timely advice as to how to use the money raised. He advocated the preparation of a budget and advised that when it is prepared that it be strictly adhered to.

The speaker went on to review the possibilities for Asheville and stated that as a convention city it is surpassed by none and thinks that a good deal of money should be spent in bringing conventions here during the dull season, but that little money should be spent in entertaining. He said that when visitors come here they are willing to spend their own money. As a manufacturer, he said that it takes time to get industrial plants and the members of the board should not become discouraged if their efforts to bring manufactures here do not materialize as rapidly as they think they should.

The rally closed at a late hour but

WOOD'S Special Grass and Clover Mixtures

Make the Largest Yields of Hay and Pasturage.

They are combined in proper proportion to give the best results for the different soils for which they are recommended.

We use in these mixtures our Trade Mark Brand Seeds, which are best qualities obtainable, and tested both as to germination and purity.

Our customers report the most satisfactory results, both as to securing excellent yields and largest yields of both hay and pasturage.

Wood's Descriptive Fall Catalog gives full information; also tell about all other Grass and Clover Seeds, Alfalfa, Vetches and all Farm and Garden Seeds for fall planting.

Catalog mailed free. Write for it.

CREST HIGHWAY WORK'S PROGRESS

Report Made to Good Roads Association—Plans Reported for Banquet Monday.

The regular monthly meeting of the Asheville and Buncombe County Good Roads association was held in the council chamber of City hall yesterday afternoon at 5 o'clock, at which time it was decided that the association will no longer maintain the Spook Branch road, as it is being used now by very few people. It was ordered that the postal authorities be notified of this action as the road is used as a part of a rural carrier's route. In taking this action the association felt that the money spent on this road could be used on other roads that are used more by the public.

A report was made by the committee which had been appointed to cooperate with like committees from the board of trade, the Asheville Merchants association and the Asheville Motor club to arrange for a reception and banquet to the inspection party of the central highway to the effect that all arrangements have been made for the banquet next Monday night at the Laurin hotel and that 500 return cards are to be sent out to members of these organizations urging them to be present and to bring one or more friends. It was also agreed to go to Waynesville Sunday afternoon or Monday morning to meet the party en route here and to accompany them on Tuesday to the Henderson county line on the continued trip.

It was decided to extend special invitations for this reception and banquet to the road supervisors and boards of county commissioners of Haywood, Henderson, McDowell and Madison counties to attend as guests of the local association.

Dr. C. P. Ambler read a letter from Joseph Hyde Pratt, state geologist, in which it was stated that the Mount Mitchell trail is now open and in good condition all the way from Altapass. The statement was also made that work is being pushed very rapidly on the Crest of the Blue Ridge highway and that the payroll this month will be about \$2400. The road is being built 24 feet wide and all necessary culverts and bridges are being constructed. It is believed that the road will be completed to the top of Humphreys mountain before the fall work is over.

A request had been received from the American Automobile association for a review of the good roads work in this section and maps of the roads being constructed and Dr. Ambler was asked to get such review and maps in shape.

The following were the new members elected to the association at this meeting: H. A. Dunham, T. M. Duckett, R. R. Williams, Wells & Swain, Dr. L. M. McCormick, Dr. J. W. Faucette, Dr. Thompson Fraser, Dr. W. J. Hunnicutt, Dr. R. G. Buckner, J. W. Grimes, Dr. Wexler Smathers, D. H. Pater, C. D. Beadles, the Cocco-Cola bottling works, A. C. Brown, American Wagon company, W. C. Carmichael and Eugene Carland.

SINGS GIRL FREE
Jury Acquits Miss Addicted to "Everybody's Doing It" and the Turkey Trot.

Omin, J. Y., Sept. 12.—Stuart Baker, an Omining lawyer, yesterday sang Miss Grace Williams, a Newcastle school girl, free when she was arraigned before Police Justice William J. Chodasne at Milwood, charged with disorderly conduct.
Miss Williams was arraigned on a charge by "Souther" Bradley, who testified that she posed his house every night singing "Everybody's Doing It." He also said she danced what he heard was the "turkey trot."
Mr. Baker insisted upon a jury trial. Six men were called and after Baker had sung the first verse and chorus of the song they promptly acquitted Miss Williams.

TAPT IN CONFERENCE
Mexican Situation Discussed with Cabinet Members and State Department Counselor.
Beverly, Sept. 12.—Returning from the golf links today, President Taft received Chandler P. Anderson, state department counselor, Attorney General Wickersham and Secretary of the Treasury MacVough. All were invited to luncheon. It was admitted that Anderson's interest in the Mexican situation made certain a discussion of conditions in Mexico.

Gains 30 Pounds in 30 Days

Remarkable Result of the New Tissue Builder, Protone, in Many Cases of Run-Down Men and Women.

Prove It Yourself by Sending Coupon Below for a 50c Package, Free.

"I Wouldn't Look Like That Again for All the World."

"By George, I never saw anything like the effects of that new treatment, Protone, for building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman, in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer, and almost everything else you could think of, but without result. I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable successes brought about by the use of Protone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just 30 pounds during the last month and never felt stronger or more 'nervy' in my life."

Protone is a powerful inducer of nutrition, increases cell-growth, makes perfect the assimilation of food, increases the number of blood-corpuscles, and as a necessary result builds up muscles and solid, healthy flesh and rounds out the figure.
For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment is a revelation. It is a beauty maker, as well as a form builder and nerve strengthener.

The regular \$1.00 size of Protone is for sale by all druggists, or will be mailed direct, upon receipt of price, by The Protone Co., 4374 Frontone Bldg., Detroit, Mich.

It will cost you nothing to prove the remarkable effects of this treatment. The Protone Company will send to anyone who sends name and address, a free 50c package of Protone, with full instructions to prove that it does the work. They will also send you their book on "Why You Are Thin," free of charge, giving facts which will probably astonish you. Send coupon below today with your name and address.
