## SOME VISITORS REMAIN FOR AUTUMN SEASON

### Many Parties Go from Weaverville to Spend a Night on Craggy.

There are a good many visitors in the Weaverville section yet, and some of them have declared that this is the most pleasant part of the season that they have spent in the mountains. This is what they call an ideal climate; and they are very enthusiastic about the crisp, cool atmosphere. Some of them have expressed the intention of staying until the leaves have turned in order to see the gorgeous coloring of the mountains. It is safe to say that they will not regret it, for it will be worth their time even if they have spent an Indian summer here before.

Nearly every day small parties leave Weaverville to spend a night or two on Craggy, although the nights on that mountain are almost like winter. This is the month of the "harvest moon," and those who have just returned from Craggy declare that the mountains by moonlight there are beautiful beyond description.

## FEW OF THEIR APPLES HAVE GONE TO WASTE

### One Firm Here Has Bought Several Car Loads from Reems Creek Farmers.

Notwithstanding the abundance of fruit throughout this part of the state, some of the fruit growers in the Reems creek country have permitted few of their apples to go to waste. A gentleman stated yesterday that one commission firm here had bought several car loads of apples from the Reems creek growers, and that they had been paid fairly good prices.

Peaches were more plentiful this year, of course, than they have been for many years, but one grower at Weaverville sold practically every peach he had, and he says that he received good prices throughout the season. It is true that he packed them in baskets attractively and did not attempt to dispose of them in bulk. But even those which were offered in bulk brought reasonably good prices.

This has been a happy year for the thrifty housewife. No doubt the amounts of preserves, jellies, and canned fruits would be astonishing.

Visitors stop at the Phoenix European Hotel. Fine rooms, 50 and 75 cents.

## LOTS OF BEAUTIFUL, GLOSSY HAIR, NO DANDRUFF--25 CENT "DANDERINE"

### Hair Coming Out?--If Dry, Brittle, Thin or Your Scalp Itches is Full of Dandruff--Use "Danderine."

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first--yes--but really new hair--growing all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

## SCHOOL FUND

## Students to Take Poison.

Philadelphia, Sept. 25.—Simultaneous with the opening of the Hahnemann Medical college the work of the poison squad among the students started anew for the current term. Dr. Edwin L. Nesbit, who has the chair of pharmacology, asked for volunteers among the freshmen to augment the squad among the upper class men.

The volunteers will be placed upon a restricted diet and will then receive minimum doses of a variety of poisons so that the physicians in charge will be able to study the toxic effect upon the human system.

Fine airy rooms 50 and 75 cents at the Phoenix hotel, in heart of the city.
