WANTED—Furnished flat or cottage of four or more rooms with bath, both and kitchen. References furnished. State name, W. G. Smith, 3 Brookline Ave., Cincinnati. 509-14

EUROPEAN HOTEL WILL BE OPENED

Theobald & Brandt Will Occupy Whole of Candy Kitchen Building.

Asheville is to have another European hotel, to be opened, according to present plans, on May 15, 1913. This hotel will occupy the Candy Kitchen building on Haywood street and will be run by Theobald & Brandt, the present owners and proprietors of the Club Cafe and Candy Kitchen.

The grocery firm of Yates & McGuire, which occupies one-half of the lower floor at the present time, will move out on or before March 1, 1913, and the connecting wall between the grocery store and the Candy Kitchen will be removed, as well as the present stairway between the two; and the entire first floor of the building will thus be converted into a large cafe, candy kitchen and ice cream parlor.

There will be private dining rooms on the second floor, which will be reached by a stairway running up from the north side of the building. This stairway will also furnish the means of access to the bedrooms on the second and third floors. There will be about 25 of these in all. The main entrance to the downstairs cafe will be in the center of the building, where the stairway is at present, and the entire front will be changed to make it one of the most attractive in the city.

The entire interior of the building will be redecorated and furnished in elegant style. The cafe will be, as at present, to the rear on the first floor, and immediately in front of this will be the ice cream parlor. To the front will be situated the soda fountain and candy department. A new fountain will be installed and it is announced that it will be one of the finest to be found anywhere. The candy factory will still be maintained up stairs.

The working over and finishing of the apartments and private dining rooms up stairs will be begun about January 15, and the work on the first floor of the building will begin as soon as the store room is vacated. It is calculated that this last work will require about six weeks to be completed, and everything will be in readiness for the opening on May 15.

BIG SALISBURY CROWD HEARS MR. UNDERWOOD

Speaker Attacks Republican Tariff Record and Urges Support of Wilson.

Special to The Gazette-News. Salisbury, Oct. 8.—To a crowd which overflowed the courthouse here last night for an hour and a quarter Congressman Oscar W. Underwood spoke earnestly and with much power in favor of Wilson's candidacy and the placing of the democrats in power. It was Mr. Underwood's only speech to be made in the south during this campaign and many out-of-town people came to hear him. He defended the action of the house in cutting down cotton tariffs especially and proclaimed that mills fostered under hot house conditions and unable to stand should go into decay but that the mill business properly built would flourish under tariff proposed by the democrats. Other items of this bill were defended separately. The fundamental differences between the two old parties was discussed, the new party being placed along with the stand-patters on the tariff question.

BOOTH'S HYOMEI

Brease it for Catarrh. Physicians Prescribe it and Pharmacists Recommend It.

Quickly Clears Stuffed-Up Head and Stops Snuffling and Hawking.

In the morning, shortly after you awake, Dear reader, do you have to hawk and strain to get that stubborn piece of mucus out of your throat? Get rid of catarrh now; it will grow worse as you grow older. One day of breathing pleasant, healing HYOMEI (pronounce it High-o-me) the guaranteed catarrh remedy will give you such wonderful relief that you will wonder why you doubted the statement that Booth's HYOMEI would end the most aggravating case of catarrh.

A hard rubber pocket inhaler and a bottle of HYOMEI and simple instructions for use is \$1.00. This is called the HYOMEI outfit. If one bottle does not banish your catarrh, you can get another for only 50 cents. Throughout use it for coughs, colds and croup. Sold by Smith's Drug Store and druggists everywhere. (Adv.) Asheville Patent & Trade Co., formerly The Miller Patent Co., Lucas Pass, N. C. 509-14

Hood's Sarsaparilla

Eradicates scrofula and all other humors, cures all their effects, makes the blood rich and abundant, strengthens all the vital organs. Take it. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

CITY NEWS

Owing to the social meeting at Pisgah lodge, K. of P., tonight the business meeting will be held at 7:20 o'clock instead of at 8.

Letters addressed as follows are at the office of The Gazette-News and will be destroyed unless called for: "A. Z." "H. F." "R. M. B." "H." "J. H."

The county commissioners finished their business about noon today and adjourned the session for the month. As Chairman Patton was indisposed and unable to be present, no new business was taken up at this term.

The Baraca class of the First Baptist church will observe next Sunday, as rally day. Rev. Dr. Calvin B. Waller, the pastor, will deliver the address Sunday afternoon at the Y. M. C. A. men's meeting and the Baraca class is invited to attend the meeting in a body.

Pisgah lodge, No. 32, K. of P., will hold a social session this evening, for entertainment of the great number of Pythians in town. By invitation Hon. Locke Craig will be present and make a ten minutes talk. The meeting will begin at 8 o'clock. There will be a business session at 7:30.

The speaker for the men's meeting at the Y. M. C. A. next Sunday afternoon will be Dr. Calvin B. Waller, pastor of the First Baptist church, and his subject will be "Life's Race for the Pennant." The address promises to be both interesting and unique, judging from the subject announced.

L. M. McCormick has returned from Washington, where he attended the international congress of Hygiene and Demography, in which Asheville had an exhibit. This exhibit attracted no little attention. It has been shipped back here and will be shown at the Western North Carolina fair.

Through his attorney, Zeb F. Curtis, John Conley, a former employe of the Champion Fibre company, has entered suit against the Southern railway for damages in the sum of \$3000 for alleged personal injuries. The complaint was filed today and alleges that while the plaintiff was unloading a freight car at Canton, a string of cars were backed against his car with such force as to inflict severe injuries.

At last night's meeting of the Y. M. C. A. basket ball team, Louis Lipinsky having resigned the captaincy, Hardy Chambers was elected in his stead. Mr. Lipinsky stated that he had held the place for several years and for some time had been thinking that it should be given to some other man. Mr. Chambers was recently elected assistant manager and Norman Schutte will succeed him in that position. During the time that Mr. Lipinsky has been captain, the team has been unusually successful and it has good prospects under the captaincy of Mr. Chambers.

There will be a meeting tonight in Charlotte of the directors of the Carolina Baseball association, which will be held for the purpose of winding up the affairs of the league, since it is more than probable that it will be reconstituted for next year and a state league formed. However, there will be no action taken with regard to the circuit at the meeting tonight, consequently it will be of no special interest to Asheville fans, except that Thomas C. Stouch, lately elected manager of the Asheville club for next year, will represent the Greenville club, of which he has been manager.

HOW ORTIE McMANIGAL HANDLED DYNAMITE

District Attorney Relates Hair Raiser—Plot to Blow Canal Locks.

Indianapolis, Oct. 8.—James B. McNamara and Ortie McManigal arrived in Chicago one cold day in February, 1911, and discovered that dynamite which they had carried in a suit case from Indianapolis had frozen. McManigal placed the dynamite on a radiator in his house and went out to look at a manufacturing plant. When he returned he found his little girl sitting before the radiator playing with the explosive. This part of the story was related by District Attorney Miller at the trial of the alleged dynamiters today.

The McNamaras and McManigal, once disguised a plot to blow up the locks of the Panama canal. District Attorney told the jury yesterday.

The incident occurred, according to Mr. Miller, just before the arrest of the Los Angeles dynamiters, when they were becoming desperate in their efforts to secure explosives. "John J. called James B. McNamara, his brother and McManigal to the headquarters of the International association of Bridge and Structural Iron Workers," said Mr. Miller. "John J. said to McManigal 'we can't get any more dynamite around here without stealing it. Now you go to Panama and see what you can do there.' The McManigal-McManigal construction company has a lot of dynamite stored down there. You could easily get hold of it and blow up the locks. This would make 'em sit up and take notice and see what you can do there.' The McNamara-McManigal company is a well known firm. You can get it at 207 N. Third St. from after they are out of town."

Chase Motor Trucks. Are easy to operate and the expense is smallest of all because— They have fewer parts. Because you cannot run motor without oil. Because all plumbing is eliminated. Because there's no valves to get noisy, leaky and have to be ground in at a cost of time and labor. Because Chase Trucks have been tried and made good for several years throughout the country. Come in and see one. Asheville Automobile Co. 15 and 17 South Lexington Avenue.
