[From a series of elaborate chemical tests.]

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

99 Per Cent. Digested

Bread made with phosphate powder:

67 1/2 Per Cent. Digested

Bread made with alum powder:

67 Per Cent. Digested

Royal Baking powder raised food is shown to be of greatly superior digestibility and healthfulness.

## SOCIAL HAPPENINGS

Personal Mention, News of the Societies, Meetings, Etc.

### The S. P. C. A.

The S. P. C. A. held an interesting and highly satisfactory meeting yesterday that was attended by an encouragingly large number of members and interested visitors. After the reading of the minutes and the transaction of routine business a number of interesting discussions took place on matters bearing on the work of the society. A. J. Lyman, who by his efficient help and promotion has done much toward the promotion of this worthy organization, spoke on several matters and agreed to undertake certain work to be put forward by the society. Mrs. Elizabeth Turner sent a contribution to the S. P. C. A. in memory of her son, Gerald, and liberal contributions were given at this meeting by the following influential and enthusiastic members: Miss Rita Rees, Mrs. Clarence White, Mrs. Alexander Cowley and Mrs. W. H. Robinson. Through the S. P. C. A. a splendid gift was recently given by Miss Mattie Harris that produced the twofold beneficial effect of assisting in a case of sickness under the care of the Associated Charities and Flower Mission and of relieving the wants of an animal under the care of the S. P. C. A. Miss Harris' opportune gift being a wagon of food which was sent to a family, for the cow owned by this family, which furnishes the main sustenance of an invalid member. This and other instances indicating the success of the organization in Asheville were discussed at this meeting with due appreciation. A letter has been received by the secretary and treasurer, Mrs. J. L. Alexander, from Mrs. Thomas Settle, approving the work of the S. P. C. A. and sending a gratifying contribution. Among the pleasing features of this society is one that is continuing to be demonstrated in the fact that the membership is among the representative element of citizenship in Asheville, which fact lends importance and dignity to the work. At the meeting yesterday a noteworthy fact was that no cases of cruelty were reported, thus gratifyingly pointing the ultimate object of prevention rather than correction of cruelty.

### Woman's Guild Meeting.

Mrs. Carrie Carr Mitchell is entertaining the Woman's guild of Trinity church this afternoon, at her home on Church street. This is the November meeting at which occurs the regular biennial election of officers. A nominating committee has been previously chosen by the guild, who by the presentation of names for officers of the organization eliminate much difficulty in the process of election. The guild is one of the oldest and most honored of societies in Trinity church and has done much good. The latest and probably largest of recent

undertakings that is being accomplished by this body of earnest women is the rebuilding of the chancel of Trinity church, an undertaking costing the guild \$7000.

### For Miss Zimmerman.

Miss Louise Muller entertained at her home on Charlotte street with a shower in honor of Miss Lillian Zimmerman, one of the brides-elect of the present month. About 30 guests were present. Miss Muller's home was prettily decorated in yellow, yellow chrysanthemums decorating the drawing room and also forming a golden bell, filled with gifts, under which the bride sat. By the drawing of small yellow ribbons these gifts were released and fell in a true shower about the bride. Punch was served by Miss Lillian Satterthwaite of Waynesville, who is visiting her cousin, Miss Muller, and later in the evening refreshments were served. The shower was most artistic and highly successful as a social event.

### Dance Monday Evening.

The dance given at St. Genevieve's college Monday evening for the students was a large and successful affair. The ballroom was beautifully decorated in Halloween symbols, yellow crepe paper being used very effectively as a background for black cats, witches and other typical decorations. The dance, which was given for the students exclusively, was well attended by them. Regressments were served after the dancing had been enjoyed for some time. The party was a pleasant school diversion and was most enjoyed by the girls present.

### Wedded at Noon Today.

Miss Annie B. Hall and F. N. Challen were married today at 12:30 o'clock at the residence of Mr. and Mrs. W. R. Taylor, 220 Montford avenue. Rev. Dr. Calvin B. Waller officiating. The ring ceremony was used and was very beautiful. Miss Helen Taylor was maid of honor and P. R. Hall, a brother of the bride, acted as best man. Miss Alice Devenish played Mendelssohn's wedding march as the couple entered the parlor, where an impromptu altar had been arranged of autumn leaves. The bride was becomingly attired in a blue traveling suit and Miss Taylor, the maid of honor, was dressed in white and carried a bouquet of yellow carnations.

### Annual Meeting of State Organization—Many Distinguished Ladies Present.

About 40 of the most distinguished and brilliant women of the state, and several of national prominence gathered, at the Battery Park hotel today in the first session of the twelfth annual congress of the North Carolina Daughters of the American Revolution. They met in the ballroom, which presented a brilliant scene during the time that the numbers of the program were being carried out and afterward while the members and their prominent guests sat chatting. The regular program was carried out with some extra selections which added much interest to the occasion; and not the least enjoyable feature of the day was the luncheon, which was served them through the courtesy of the board of trade, about 1 o'clock.
