STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" makes upset stomachs feel fine in five minutes.

If what you just ate is souring or your stomach or lies like a lump of lead, refusing to digest, or you beich gas and eructate sour, undigested food, or have a feeling of disziness, heartburn, fullness, nausea, bad tasto in mouth and stomach headachethis is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually rolleve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for as-similation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver

pills for billousness or constipation. This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for 'ndigestion gastritis or any other stomach misery.

Get some now, this minute, and for rid yourself of stomach trouble

DEMOGRATS READY FOR A BIG NIGHT

Parade, with Brass Band, Cars, Mules, Donkeys, Steers. Torches over Long Route.

The blg jollification of the demo of Asheville and Buncombe county, and perhaps a few from adjoining counties, will take place tonight in celebration of the recen democratic victories, national, state and county, and it will begin with a parade the like of which the citizens of Asheville have never before wit-nessed. The parade will be followed by an open air speaking on Pack squar which County Chairman J. E. Swain will preside, and Governor-ciect Locke Craig will be the principal speaker. All the speeches will be restricted to five minutes in length.

In the parade will be the First Regiment band, the two infantry companies, cavalry troop B, the fire trucks, a large number of automobiles prominent citizens and 500 torches, It will be an inspiring sight and will start shortly after 7 o'clock from the where the torches will be distributed to pretty much the same thing, where the torches will be distributed to the bearers by E. How Much Will Petitions Count? Who Would It Be Best to See About a Particular Office?

WILL CHARLES A. WEBB SUCCEED A. E. HOLTON?

Is in a Strong Position for It-Will S. L. Rogers Be Next Internal Revenue Collector?

Whenever two or more triumphant emocrats are gathered togethe speculation inevitably turns, sooner or later in the course of the conversa tion, upon the disposition of the federal patronage. Many have been heard to wonder how much weight will be attached to petitions whether a man will be favored in answer to the prayer of his neighbors, or whether the good things will come as a re-sult of securing the ear of those in high political place. Still again, number of perspiring patriots would like to know, if petitions are to re-ceive scant attention among the new rulers in Israel, whose voice amon these new rulers is likely to most potent, and whose kindly inter-vention is likely to prove the mosfficacous at the White House?

Take the Asheville postoffice, for example. It is thought that Congress nan Gudger will, in the very nature f the case, have a good deal to say it the disposition of this plum, with its manifold attractions, but it is likewise supposed that Senators Simmons and Overman will be consulted. No only must nominations be confirmed by the senate, but a United States senator—any senator—is a great man, and it is hard to do business withou him under any circumstances.

Now then, seeing how the senators

nust be reckoned with, in one way of another, which of the two North Carlina senutors is likely to prove the nore powerful as a determining fac tor in the disposition of the patron-age? In the west, for geographica easons, if for no other, it is suppose that Mr. Overman will take a hand especially as there are political fence which that gentleman will hardly ne lect during the next two years, on the other hand, Mr. Simmons will be a congress leader, and in that po-sition will probably be thrown with he president, especially when the tar in is under consideration, as much as f not more, than any other one mem-per of congress. In that way the se or senator will have a rare, and oubtless highly advantageous oppor tunity of reaching the ear of the pres-ident. This matter of having the ear of the president is probably about half the battle in these patronage contests; wherefore, the man after a big office is torn by conflicting emotions, since it is not entirely clear how he should proceed, because the man seeking an office must maintain the gentleness of a dove and the wisdom of a serpent. A false step of any kind will throw the fat in the fire, or some-

After Senator Simmons en ters upon his official duties again ters upon his official dulies again, added Mr. Rogers, probably not without significance, if Senator Simmons showed a disposition to discuss such a topic with him, he. Today was observed as "Bible Class day" at the Y. M. C. A. building in the observance of the world wide week of prayer, and Dr. R. F. Campbell was at 12 o'clock. He was greeted by a rather large gathering of the men of the city. The meeting lasted for 35 minutes. Great interest is being shown

in the series of meetings.

Thanksgiving was offered today for the growing interest of men in Bible class work; the increase in adult Bible classes; for new types of Bible classes among heretofore unreached men. There was prayer for the lead-ors and teachers in the work all over

the world. Tomorrow is "Community Extension day," and Dr. Calvin B. Waller will be the leader. Thanksgiving will be ofprerogatives, and the office seeker, in fered at the service temorrow at noon his zeal and haste is apt to commit for the growth of methods of reaching oys and men, especially in industrial communities inaccessible to ordinary methods or religious work. most interesting lecture yesterday afternoon at the home of Mrs. Hart O. Berg, 30, Avenue des Champs-Elysees, Paris, on the subject, "The Music of the American Indian." Mr. Cadman's familiarity with his theme is not merely academic; as a matter of fact he has from time to time onths on the Indian reservations of the United States, and has made per-sonal studies of the musical side of the redskin, and taken phonographic ecords of their primitive melodies. He showed very plainly by playing a number of these melodies on a genuine Indian flute that these are any-thing but vague, and, indeed, have quite definite form and extraordinary motional quality.
