**TRAINS MUST NOT HAVE
COMMON DRINKING CUPS**

Unless Sterilized, According to Order Made by Secretary of Treasury.

People who go traveling now and have the habit of drinking water, that is in waiting rooms and on trains, will be compelled to carry along individual drinking cups or do without the drink. An order has been issued that the railways doing interstate business shall not furnish public drinking cups, glasses or other vessels for common use, either in waiting rooms or on trains, and the order becomes effective at once.

This order is issued by the secretary of the treasury under authority of the interstate quarantine law. The order was issued to the head officials of the common carriers of the country doing interstate business and is being transmitted to the officials all over the systems. Division Passenger Agent J. H. Wood received a copy of the order this morning with instructions to see that it is put into effect at once.

The drinking cups on the local lines of the Southern railway will therefore be abolished.

The order does not apply to drinking vessels that may be installed and sterilized in boiling water after each individual use or to any sanitary individual drinking apparatus. No announcement is made, however, that arrangements have been made as yet by the carriers to install such apparatus.

The order was made a few weeks ago.

**METHODIST MINISTERS
ARE TO LEAVE TOMORROW**

Most of Them Will Take to Conference Good Reports, Material and Spiritual.

Most of the Methodist preachers of the city will leave tomorrow for High Point to attend the annual conference of the Southern Methodist church, which will be in session there for about a week. They have been very busy during the past few weeks collecting the conference funds and compiling their reports. One of the local ministers stated this morning that he thought most of the Asheville ministers would go to conference with good reports of spiritual and material growth. The members of the congregations are very much interested in speculation as to whether their ministers will be sent back or if any are moved who will be sent in their places.

The greatest interest probably attaches to the successor of Rev. Dr. Dan Atkins, presiding elder of the Asheville district. No suggestions have been made as to where he will go or who will succeed him. Dr. Atkins has been in this district more than any other preacher and has a great many friends. His having been here for four years makes his removal necessary, according to the rules of the conference. He looks upon this as his home; and in fact, has a nice residence and a small but valuable farm at Weaverville, where he has resided most of the time.

**CONSIDERABLE DAMAGE
BY FIRE IN A CHURCH**

Blaze at Seventh Day Adventist Church Confined to Rear—Another Small Fire.

Shortly after 1 o'clock this afternoon the fire department was called out to extinguish a blaze at 138 Haywood street in the Seventh Day Adventist church. Both of the trucks responded and the fire was under control in a short while after the firemen reached the scene although considerable damage was done. The exact amount, however, has not yet been estimated.

The fire seems to have started in the rear of the church around the furnace somewhere and there was a big blaze before it was discovered. The fire was confined altogether to the rear of the church, the windows were shattered and the woodwork was badly burned on the inside and outside of the building.

There was another small fire this morning, the alarm having been turned in about 11:15. This one occurred at the garage of the Hollar Motor company on South Main street. Some gasoline caught in the front of the building but it was quickly extinguished and little damage was suffered.

Returns from Avery.

State Chairman Charles A. Webb today received the returns from Avery county in the senatorial primary vote. These returns show the vote for Simmons to be 150, for Kitchin 75, and for Clark 3, a majority for the former of 93.

This completes the returns from the entire state as all the other counties had reported the vote in time for the canvass by the executive committee which met in Raleigh last week.

**LOVELY HAIR
FOR WOMEN**

Parisian Sage Puts Life and Lustre Into Faded Hair.
One Application Stops Scalp Itch.

If you haven't enjoyed the marvelous benefit derived from using delightful, refreshing PARISIAN SAGE, the modern hair grower, beautifier and dandruff remedy you have missed a real treat.

Every woman should use PARISIAN SAGE Hair Tonic not only to banish dandruff and other hair troubles, but to prevent falling hair, baldness, grayness, and faded hair. PARISIAN SAGE puts life and lustre into any person's hair. It keeps the scalp and hair immaculately clean, and causes the hair to come in thick and abundant.

PARISIAN SAGE Hair Tonic is not a dye. It does not contain a particle of poisonous lead to discolor the hair, or any injurious ingredient.

Get a bottle today, madam. It only costs half a dollar and is sold at drug and department stores and at toilet goods counters everywhere. Smith's Drug Store guarantees it. (Adv.)

CITY NEWS

Born to Dr. and Mrs. Lewis Elias of Biltmore, a son.

Blue Ridge lodge, I. O. O. F., will confer the initiatory degree tonight at 8 o'clock. A large attendance of the members is expected.

About 11 o'clock yesterday morning the fire department was called to extinguish a blaze which had started on the roof of the house of Norman Smith on Roberts street, near the corner of West Haywood. Small damage was done. It is thought the fire resulted from a defective flue.

Two complaints in divorce cases have been filed in the office of the clerk of Superior court. They are Ella H. Ross vs. William Ross and Douglas Beatty vs. Catherine McLure Beatty. The first is asked on account of abandonment and the second on statutory grounds.

The Scottish Rite Masons of this district will hold their sixth annual reunion in Asheville from tomorrow until Thursday, and the local members are making preparations for entertaining a large number of visitors. Committees for their entertainment have been appointed and also a committee which will meet them at the train. This will be a very important meeting.

There will be a joint meeting tonight at 8 o'clock in city hall of the mayor, the fire committee of the board of aldermen and the members of the fire department. It is not stated what business is to come up for consideration, but it is understood that there will be a conference with reference to the installation of additional fire alarm boxes throughout the city.

Before Substitute Police Judge W. R. Gudger this morning Pez Glenn, a young man of the city, was tried on the charge of attempting to criminally assault Mrs. Cora Lee Walden Friday evening and was acquitted without introducing any evidence or offering argument through his attorney. Mrs. Walden alone testified, and the defendant was discharged on her testimony. Glenn was arrested Saturday afternoon and was held under \$1000 bond.

A feature of the celebration to be held by the French Broad council, Jr. O. U. A. M., which is to take place Thursday night will be the entertainment of the past councilors, and it is expected that several of these will be in attendance. All of the councilors of the district are expected to send delegates. The program committee has asked National Councilor J. J. Weitzel of Cincinnati to deliver an address at the meeting, and State Councilor N. L. Eure of Greensboro has also been invited. The meeting promises to be one of the best ever held by the Juniors.

Fire Drill in Sunday School.

By Associated Press.
New York, Nov. 15.—The fire drills common in public schools, were extended to a new field here yesterday, when for the first time in the city's history it was tried in a Sunday school. The six hundred pupils of all ages in the Alvert Memorial church on the middle East Side marched quietly and speedily from the edifice at the sound of a signal gong, fire escapes and all available exits being utilized, and the auditorium was emptied in three minutes.

About 8,000,000 men are employed in regular occupations in Great Britain.
