

Scallops for Skirts or Ends of Scarfs . . . Drawn by Sarah Hale Hunter

The scallops should be well padded and closely buttonhol ed. The flowers and leaves are solidly worked and the stems are done in the outline stitch. Mercerized cotton No. 18 should be used.

DIRECTIONS FOR TRANS FERRING.—In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.

You smoke a jimmy pipe!

Prince Albert is always the same identical smoke—today, tomorrow—and everywhere! Natural thing, isn't it, for men to call it the national joy smoke.

You buy P. A. in any part of your town or your county—or anywhere in the United States. It's always just as fresh, just as delicious, in Maine or California.

P. A. smokers don't ruin their taste for a bully smoke by being forced to buy unknown, untried, untrue brands! No, sir, right down at the corner they get the goods.

Some fine day you'll smoke a pipe. Then it will dawn upon you that P. A. won't burn your tongue, because the sting's removed by a patented process. Other men—millions of 'em—smoke P. A. to their heart's content and so will you—sure thing!

PRINCE ALBERT

the national joy smoke

Here's tobacco that makes a wonder of a cigarette. Just as good rolled up as packed brimful in a jimmy pipe.

You jump at this red-hot tip, invest in one package of P. A. and get a cigarette smoke like you never did know before.

None of the "running" chaff-brands or fire-brands for you after you get acquainted with P. A.—all sweet and fragrant. Rolls up, easy like, because it's fresh and crimp cut. And it tickles your grouch generator!

Buy P. A. everywhere. In the tidy 10c red tins; 5c cloth bags and handsome pound and half-pound humidor. Go to it!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Boys appear to be slight healthier than girls in Japan, but the girls have better eyesight. According to official reports covering medical inspection of nearly 2,000,000 children in the public elementary schools, 47.7 per cent of the boys had strong constitutions; 47.4 per cent medium, and 4.9 per cent weak; of the girls, 42.7 per cent had strong constitutions, 51.7 per cent medium, and 6.1 per cent weak. Another test was on strength of the feet column, 55.2 per cent of the boys had a greater ability to stand on their feet than the girls.

per cent defective; 94.2 per cent of the girls were perfect in this respect and 5.9 per cent defective. In eyesight, on the contrary only 85.9 per cent of the boys were normal as compared with 99.3 per cent of the girls.

Ancient farm-houses have been gathered from all parts of Denmark and placed in the grounds of the famous Danish National museum at Longby, with a view to educating the people in their national history. There

are galleries filled with old furniture, antique coaches, harness that belonged to different guilds, with their funeral trappings, and other interesting relics of the past.

At the Ghent world's exposition in 1913 there will be a number of international congresses, including one of teachers of domestic science and one of women engaged in farming, the latter in connection with a general congress of agriculturists.

SANITARY DISTRICT IDEA NOT VERY SUCCESSFUL

Citizens of West Asheville Likely to Ask for Some Change of Status.

It is not improbable that the coming legislature will be called upon to take some action with reference to the sanitary district of West Asheville. According to a resident of the village, who is acquainted with conditions, the sanitary district idea has not had success. He said that the sanitary board, which with the chairman of the county commissioners is supposed to regulate the affairs of the district, has about stopped holding meetings; that there has been some question as to the legality of some of the board's regulations and most of the people have refused to pay the taxes levied by the board for the support of the administration. There is a sanitary officer, he stated, but he had received little or no pay and had stopped trying to enforce the regulations.

The resident referred to said that he was of the opinion that the scheme had not had a fair trial and with a better chance would have given the people such results as they had expected. Just after the sanitary board was appointed one of the members left the place and this created some confusion. He declared that there are many residents of West Asheville who greatly desire that the suburb be incorporated with Asheville, for one thing to get the advantage of the water system.

When the sanitary district of West Asheville was created no little interest was felt in the outcome. The people said they desired a simple government and not a cumbersome system of municipal regulation. It was predicted that the new system would be successful and that it would be adopted by other small towns.

POLICE COURT

Thirteen Cases Docketed, Six for Being Drunk—Disposition of the Cases.

Following the Thanksgiving festivities, there were 13 cases docketed in Police court this morning with 12 defendants answering to the charges. Six of these were up for being drunk in the city, and two of them were rather severely punished. Wiley Rogers was sent to the county roads for 30 days on this charge, and Henrietta Davidson, similarly charged, was given a sentence of 20 days in the county jail and taxed with the costs.

The other defendants answering the charge of being drunk were fined. Avery Bryson was taxed with a penalty of \$5 and the costs and Zeb Vance, Will Taylor and Wyatt Gentry were fined \$3 and the costs each.

E. W. Swanson was before the court on two charges: resisting a public officer, and disorderly conduct. He was found guilty of both. In the first case he was fined \$5 and the costs, and in the latter \$10 and the costs. M. L. Luther was found no guilty of being disorderly.

John Henry Burton, Will Brown, Bud Thomas and John Elliott were arraigned for gambling. Each was found guilty and fined \$3 and the costs for the offense.

No continued cases were taken up at this session of the court.

Cottolene

—better than butter for shortening

Eat butter, but don't waste it. The right place for butter is on your dining table; the wrong place is in your kitchen. Every time you shorten or fry with butter you waste money. Cottolene—the vegetable shortening—will give you equally good results at one-third the cost.

Cottolene makes light, digestible food, which any stomach can digest. Cottolene-made food is rich, but never greasy. Neutral in taste, practically without odor. Cottolene is a product of carefully selected cotton oil, refined by our exclusive process.

Use one-third less Cottolene than either butter or lard.

Cottolene is never sold in bulk—always in air-tight tin pails, which protect it from dirt, dust and odors. It is always uniform and dependable.

THE N. K. FAIRBANK COMPANY

Y. M. C. A. Winners.

The basket ball team of the local Y. M. C. A. is in the fight this year for both the state and southern championship and expects to win both. The season will be started off tonight at 8:30 o'clock with the game against the Farm school aggregation, and the ticket sale indicates that every reserved seat and all standing room will be taken. The team made a record last year of which his admirers and basket ball fans were proud, and it will receive the undivided support this year of every enthusiastic fan in the city in its fight for the southern championship, in addition to the state championship, which was won last year.

EZO Best for all Foot Misery

No Fussing Around—Just Rub It On
