MAN AND WOMAN ARE TRIED FOR RETAILING

And Found Guilty—Perjury Case Continued—Several Others Adjudicated.

Baxter Buckner was the prosecuting witness this morning in three retailing cases before Judge Adams in Police court. Two of the defendants against whom Buckner testified, Kittie Sue Farmer and Arthur Elliott, were found guilty as charged. Prayer for judgment in the case of the former was continued until January 30, and judgment was reserved in the case against Elliott. The case against Kilum Dishman, the third defendant, was continued until tomorrow. The case continued from yesterday's docket, in which Will Black was charged with retailing to Effie Bates was taken up and the defendant found not guilty. Judgment was suspended against the Bates woman on a "drunk" charge, upon the payment of costs.

The case against A. F. Brigman, who was held for perjury a few days ago as a result of testimony he gave in the assault case against Everett Gentry, was called today, but attorneys for the defendant waived preliminary examination and he was held to the February term of Superior court under a bond of \$500. From statements made by the attorneys it is likely that a plea of mental irresponsibility will be made for Brigman in the higher court.

There were two larceny cases before the court today, and probable cause was found in each. Carl Maxener, one of the defendants, was held to Superior court under a bond of \$500 and Willard Melton was required to furnish bond in the sum of \$200 for his appearance in the higher court.

Harry Bradley and Ben Morris were found guilty of disorderly conduct and fined \$15 and the costs each. Both defendants appealed from the judgments and appearance bonds were fixed at \$100 each. Will Fowler was fined \$5 and the costs on a similar charge. Robert Richard was found guilty of being drunk and disorderly and was fined \$6 and the costs. M. C. Hopper received a penalty of \$5 and the costs for "being drunk."

Prod Ingle and Charlie Mascari, two small boys were before the court for assault on each other. The former was found not guilty. A judgment of guilty was entered against Mascari, but the penalty was reserved.

Willie Butler was found guilty of running an automobile in a dangerous and reckless manner and fined \$15 and the costs for the offense. He appealed to Superior court and bond was fixed at \$100.

INTEREST SPREADING IN MEETING FEBRUARY 12

To Start Movement for Continental Highway—Distribution of Literature.

Apparently much interest is being aroused over the country by the movement started by Governor Locke Craig to build a coast to coast highway, a meeting having been called of several governors and prominent men of the country to be held in Asheville on February 12. In Arizona particularly this interest has grown apace and the papers of that state are strongly advocating the movement.

J. W. Hampton, who has been a resident of Asheville for the past four or five years, has been doing a great deal to arouse interest in the west. He was formerly a resident of Bisbee, Ariz. and is acquainted with the governors that he in that state. Since the invitation to governors issued by Governor Craig, Mr. Hampton has been busy sending out Asheville literature to his prominent friends in Arizona, and it seems that this work is bearing fruit. The enthusiasm in Arizona is spreading throughout the southwest and it is likely that a large delegation from that section will attend the meeting here in the interest of the highway.

"If I Had Known"

You can't get away from regret if you fail to do your duty. Regret hangs over you, clings to you, and therefore you should always do your duty—save the blame of the sin of omission. Croup and colds and pneumonia often get under headway before the doctor arrives. A bottle of Gowans Preparation, King of Externals, dispels fear, and causes you to rejoice to know that you have done your duty. Gowans scatters inflammation. It is all absorbed. Buy a bottle today. All druggists. Thousands of testimonials. \$1.00, 50c, 25c. ady.

CITY NEWS

Born, to Mr. and Mrs. Ingie, of 174 South Grave, a son.

The graduating exercises of the mid-year class of the High school take place tonight at 8 o'clock instead of 8:30, as stated yesterday.

Letters addressed as follows are at the office of The Gazette-News, in answer to "want ads.", and will be destroyed unless called for: "L. J. H.", "X. Y.", "Business," "H. J. M.", "W.", "Worker.", "A. W."

Every boy in the city is invited to the boy's Bible class at the Y. M. C. A. building tonight, whether he is a member of the association or not. The supper and class will be held from 6:30 to 7:30 o'clock. The management of the association is making an effort to have 200 boys present.

William F. Yarberry is starting a movement to clean up the paupers' field at the cemetery and to make it more attractive. He requests that all who are interested will meet him at Riverside on March 15 for this purpose and to bring with them such tools as they think they will need.

One of the best and closest games of basket ball of the season was played between the teams of Wheeler and Shuford in class A of the Y. M. C. A. league last night. When time was called for the game the score was a tie, 22 to 22, and when this was played off the result was 24 to 22 in favor of the followers of Wheeler. Baird and Wheeler were the stars of the winning team, and Jordan and D. Hunt did stellar work for the losers.

The passenger department of the Southern railway has just issued a booklet for distribution to attract the people along its line to the inauguration of Woodrow Wilson as president, on March 4. The booklet is very attractive and is devoted to descriptions, pen pictures and photographs, of the national capital. The information is complete and will serve as a guide to the sights of Washington for those who attend the inauguration for the first time.

PLAINTIFF RECOVERS IN WEAVER VS. UPTGRAFF

Judge Boyd Gives Judgment for \$40,000 for Timber Taken by Defendants.

An important case was before Judge Boyd in United States district court this morning, that of W. T. Weaver et al vs. W. E. Uptegraff. The litigation was over the timber which had been cut from a tract of land of about 640 acres by the defendant. A special master had been appointed in the case and his finding was that the tract is the property of the plaintiffs. This report was confirmed by Judge Boyd, and judgment for the value of the timber was entered for the plaintiffs, amounting to something over \$40,000.

There were two other cases connected with this entitled Empire State Trust company vs. Hunnicutt & Garland, and American Clear Box Lumber company vs. W. T. Weaver et al. The cases were not consolidated but they were heard at the same time. The special master's findings were confirmed in each case.

Arguments are being made this afternoon for certain claims entered against the Canton Co-operative company, bankrupt, and judgment is expected to be entered before the afternoon adjournment is taken.

The claim of H. G. Lee for \$2400 against the American Foundry & Supply company bankrupt, for property on which the plant was built, was granted by the court yesterday afternoon.

MRS. H. H. ANDERSON

Sister of Mrs. D. H. Watson and Mrs. E. E. Heston Dies in New York City.

Relatives in the city have been informed of the death in New York recently of Mrs. Helen H. Anderson of St. Louis, wife of George F. Anderson, by whom she is survived. They also survive two sisters, Mrs. D. S. Watson and Mrs. Elmer E. Heston of Asheville. The funeral arrangements are not known but it is said the body will be brought here for interment.

Mrs. Anderson had visited her sisters here many times and had made many friends here who will receive the news of her death with regret.

If you still have the hibernating habit, cut it out and get the habituating habit.

Chalmers 1913 MOTOR CARS

Made in Chalmers Shops.

Why Chalmers Steel is Heat Treated

Heat treating is a guaranty of long life in the working parts of a motor car. It is the Chalmers heat treating process that makes Chalmers parts so wonderfully strong.

By this modern miracle a piece of steel of ordinary strength is given a toughness of fibre and a hardness that the sword makers of old Toledo might well envy.

In fact, the steel in Chalmers cars is as fine in quality and as carefully tempered as the steel in the finest swords and tools.

You can take a Chalmers transmission gear and—if you have machines strong enough—you can bend it nearly double before it will break. You can try the sharpest file on its surface; there won't be a scratch. You can pound the teeth with a sledge; you won't break them.

For the magic of fire has transformed the very structure of the metal. It has made the outer surface dense, fine-grained, hard as glass—to resist wear. It has made the inside fibrous, like oak—strong to withstand all strains.

The Chalmers heat treating plant—a part of the Chalmers factory—is one of the largest and most completely equipped in the automobile industry.

Chalmers cars have more heat treated parts than any other cars in their price classes. This is one of the many reasons for Chalmers quality.

Call and get the "Story of the Chalmers Car" which tells about this and other wonderful processes of manufacture which make Chalmers cars such good cars.

We invite you to see the 1913 models at our salesrooms.

"30," (4 cylinders) \$1600 "Six," 5 passenger \$2400
