

# Printers' Ink and Honest Values

Have certainly sold lots of suits and overcoats at Glaser's Store, but there are many bargains left for those who have so far failed to take advantage of these extraordinary values.

We have built a successful business by selling clothes at all times that had that "Perfection of Workmanship" and Correct Pattern. These very clothes and the ones we are fairly giving away.

Our sale is of our own well-known stock—not of clothes shipped in especially for a sale. Everyone who has purchased a suit or overcoat during this sale has realized the great saving he has made and wears the best clothes made.

We quote a few of the prices of this Closing Out Sale.

### Another Ghost Operating In Buncombe County Jail

Prisoners Declare That Persistent Tapping Broke Up Card Game in Cage Last Night; It Continued So Long As They Played Cards.

Another ghost has begun to walk in the county jail. This happens at intervals, but it has been sometimes since the prisoners have been disturbed by a spiritual presence. When J. R. Jordan went to give the prisoners in one of the cages breakfast this morning, he found them badly scared and shaken. They insisted that there had been "tapping" about the cage and that this tapping was so persistent that it entirely broke up a card game with which the prisoners were willing away the hours of their captivity. They had also concluded that the tapping was the expression of displeasure on the part of some soul at their playing cards on Sunday. Finally they stopped the game, left the lights burning and getting in bed, covered up their heads.

The prisoners told Mr. Jordan that they were sitting quietly playing a game, when they heard a tapping which came from a steel box in which are located the locks of the cage and from which the levers come which control the doors of the cage. When they stopped the game to listen, the tapping also stopped. They continued

the game and the tapping began again. Again they stopped playing and again the tapping stopped. They were beginning to feel rather concerned, but persisted in their playing. The tapping also persisted. Finally realizing that the game must be objectionable to the spirit, they began experimenting and found that the tapping continued only so long as they played. It was about this time that they decided to stop and go to bed. They were not bothered any more. There were six white men in the cage. The prisoners have no idea whose spirit it is that is thus manifesting displeasure at their playing cards. So far as is known no one has ever died in that cage, which is on the first floor, to the left of the entrance; and was hung. A man died in the cage last night, and several years ago a negro named Rucker was hung in the jail.

Two or three years into the prisoners of a certain part of the jail declared that a ghost was walking. This took the form of something like shadows on the wall and in outline was

like a man with long hair and talon-like fingers. It was thought that the shadows on the wall might have been caused by a large tree in the jail yard, but the prisoners declared that they placed blankets over the windows and that the shape was still to be discerned.

#### M. L. ROBINSON

After Brief Illness Died at Mission Hospital—Buried at Canton Today.

M. L. Robinson, aged 34 years, died at the Mission hospital yesterday morning about 4 o'clock, after a very brief illness. Funeral services over the remains were conducted from the residence at 82 East street yesterday afternoon at 2 o'clock by Rev. Dr. Howe, pastor of Central Methodist church, and this morning the body was taken to Canton, where the burial will take place this afternoon at Clyde chapel. The pall bearers were: J. B. Anders, J. S. Black, O. O. Edwards, J. W. Edson, I. M. Teague and C. W. Roberts.

The deceased was a native of Haywood county and came here from Canton about 12 years ago, making his home in this city since that time. He was employed at the Hans Ross Sons' tannery and worked there until last Tuesday afternoon. He was taken ill Tuesday night and his condition became so serious that he was removed to the hospital Thursday. His death came as a shock to his many friends in the city and section.

Mr. Robinson was a member of the French Broad council No. 97, Jr. O. U. A. M., and of the Methodist church. He is survived by his wife.

### LARGE DOCKET TRIED BEFORE JUDGE ADAMS

Several Road Sentences Imposed and Appeals Taken—Disposition of Cases.

Harry Bradley, Jesse Clark, Bertha Price and Silva Hubben were found guilty in police court this morning of aiding and abetting in conducting a disorderly house. Bradley was sentenced to the county roads for a term of 30 days and the others were fined \$25 and the costs each. Appeals were taken by each defendant and appearance bonds for the February term of Superior court were fixed at \$100 each. Ben Morris was charged with conducting the place but failed to answer to the charge and a capias was issued for him.

Frank Matthews suffered rather severely before the court today. He was up on three charges and received road sentences in two of them. For resisting an officer he was given 60 days, and for being drunk and disorderly he was given 30 days. A nol. prosequi was taken in the case charging him with assault with a deadly weapon on a woman.

The only other road sentence was given to John Ball for being drunk. The defendant took the pledge on his last appearance before the court on a similar charge a few weeks ago. Judge Adams sent him to the roads to give him a chance to straighten up again.

Gaston Brackett and Ray Miller were held to Superior court under bonds of \$200 each on larceny charges, Judge Adams finding probable cause against both defendants. The continued case in which Betty Hensley was charged with the larceny of an automobile, the property of Hill's market, was also taken up this morning. The charge was first changed to malicious injury to personal property and then the original charge entered. Probable cause was found in the case and he was bound over to the higher court under a bond of \$200.

Melvin Silvers was before the court on two charges, carrying a concealed weapon and assault with a deadly weapon. Both cases were continued until January 30. Ross McLain was found guilty of an assault with a deadly weapon, and prayer for judgment was continued until March 27. Little White and Clara Ballard, charged with an assault with knives, were found not guilty.

The other new cases disposed of today were: Will Sullivan, Mack Brooks, Henry Moss, Caney Chambers and O. W. Maxwell, drunk, \$5 and the costs each; Brownlow Penland, disorderly conduct, \$5 and costs; Lizale Hayes, disorderly conduct, costs.

The judgment entered over a week ago against Claud Ray for cruelty to animals was changed from \$25 and costs to suspended judgment on payment of the costs. Mans Parks, who was charged with shooting firecrackers in the city Christmas and did not appear to answer the charge, was arrested last night on a capias and taxed with the costs of the case this morning.

A siphon of soda is an excellent fire extinguisher, as the carbonic acid gas in the soda water helps to stiff the flames. The siphon can be tilted and the fluid will carry to a considerable height, such as the top of a building curtain.

### WEAVERVILLE WANTS SCHOOL

An Effort Will Be Made to Secure Location of the State Training School At That Place.

WOULD BUY COLLEGE FROM THE METHODISTS

Building Not Fully Utilized by Church, Present School Is Hardly Self-Supporting, They Say.

An effort will be made by the people of Weaverville to have the Western North Carolina Teachers Training school located at that place, in case the bill looking to its establishment is passed by the general assembly, and there is a sentiment in Weaverville which favors the taking over of Weaverville college, now owned by the Methodist church, by the state for this purpose. This would give the state a plant ready equipped and the school could begin without the delay incident to the construction of the necessary buildings.

The bill introduced for the establishment of the school provides that the community in which the school is located must furnish \$25,000 toward buildings and equipment. The Weaverville plant is valued at considerably more than that. The site of the college is one of the most beautiful and valuable in this section and the buildings are commodious and for the most part modern. From the standpoint of the church it is pointed out that the Western Carolina conference now has two other institutions of this grade, and by giving up Weaverville would be able to devote more attention and money toward the support of the other two.

Those favoring the taking over of the college by the state insist that it would be a great thing for the community. It is argued that while good schools are being conducted there, the plant is of such proportions that a great deal more could be done for education than ever has been; in other words, that the plant is not used by the church to its educational capacity; further, that the school is hardly self-supporting.

It is insisted that no better location could be had for the training school. The college sits on the outskirts of a quiet village, one of the prettiest in the state, while at the same time it is easy of access, and would have all the advantages of an urban location. The town is provided with telephones and electric lights, and a movement has been started for a water system. Geo-

besides the large college building proper there is a large dormitory recently constructed and a cottage of eight rooms for teachers. The campus comprises between 15 and 20 acres of land, most of it consisting of beautiful groves.

Some of the Weaverville people have expressed the intention of taking the matter up with the trustees of the college in an effort to have them endorse the project to the church. No definite steps have as yet been taken but it is likely that there will be as soon as the bill is enacted into law, when a basis for negotiations will be provided. If it is necessary to buy the property from the church, the Weaverville people may start a movement for subscriptions.

#### NATURE'S REMEDIES FOR DISEASE

Every Fall in olden times the family medicine chest was replenished with roots, herbs and barks, nature's remedies for disease. Scullcap for nervousness, Pennyroyal for colds, Clover Blossoms for the blood, Thoroughwort for colds, Wormwood and Balm of Gilead Buds for aches, and so on. It is interesting to note that the most successful remedy for female ills the world has ever known had its origin nearly 40 years ago from roots and herbs and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness. The standard remedy for female ills.

### You Should Enjoy Your Meals

One of the Most Important Questions to Consider in the Search for Happiness and Health.

If your stomach can not digest your food, what will? Where's the relief? The answer is in Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 3000 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put into your stomach?

You Can Eat With the Appetite of a Lusty Youngster, if You Help Your Stomach.

Science nowadays can digest food without having it enter the stomach at all. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

The burning question to you, is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

So, if your stomach refuses to work or can't work, and you suffer from eructations, bloating, flatulence, indigestion, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, if you use these tablets, and you can look the whole world in the face with a beaming eye and you will have a cheerful spirit, a pleasant face, a vigorous body and a clear mind and memory and everything will look and taste delicious to you. That's life.
