TRADE COMMISSION PLAN IS OPPOSED

(Continued from page 1) by the highest court of the land, to continue its application under new conditions, instead of hastily abandoning it for an experiment involving obvious difficulties and grave dangers.

Discussing the bureau of corporation's recent recommendation that the federal government should retain the ownership of the remnant of timber land now owned by it and increase its holdings by such lands as may be recovered through forfeiture suits, the commissioner explains: "The bureau did not advocate government ownership of timber in general, but simply the retention in public ownership of certain timber until the time of actual use. This recommendation, instead of being an endorsement of the principle of government ownership in general should have a contrary effect by preventing conditions for which federal control and federal ownership are now so often sought as a panacea."

POLICE COURT

Woman Found Guilty of Retailing—Several Defendants Charged With Assault.

Henrietta Davidson is the latest victim of local "tiger" hunters, having been convicted in Police court this morning of retailing to John Foster. She was sentenced by Judge Adams to serve two months in the county jail. No notice of appeal was given.

Seymour Haney was sentenced to the roads for 15 days for being drunk in the city; and John Ward, who was fined \$10 and the costs yesterday for a similar offense, was unable to pay his fine and the sentence was changed to 30 days on the county roads.

Johnnie Jones was charged with the larceny of 90 cents from Sid Asbury, but upon the hearing of evidence he was found not guilty.

Arthur May was convicted of an assault on J. P. Manis and fined \$10 and the costs. "Grasshopper" Panders was charged with an assault on Vester Crane, and Edward Wilkins appeared before the court to answer a charge of assaulting Annie Belle Wilkins. Both defendants were found not guilty.

Waynesville News Budget.

Special to The Gazette-News. Waynesville, Feb. 22.—Attorney John M. Queen, who has been appointed police justice of Waynesville, has tried his first case. Ed Reed, a boy about 15, was before him charged with stealing a pair of shoes from Radcliff Medford, a barber. Reed was found guilty and sentenced to three months on the road.

Some Waynesville citizens are very much wrought up over Senator Hannah's school bill, which they bitterly oppose. His bill will take the school property, which is one of the greatest assets of the town, out of the hands of the aldermen and place it in the hands of the trustees of the school. If this is done the town will lose one of its greatest and most important assets. This bill also disqualifies any one who has been a town officer from being a school trustee, within three years after the expiration of his office. It is rumored that if this bill should pass some of the trustees would resign immediately.

Dr. J. P. Abel has sent in his resignation as alderman, which has not yet been accepted by the board. Grover Davis of Iron Duff, who was recently licensed to practice law, has not yet fully decided where he will hang out his law shingle, but very likely he will locate in Waynesville. George Ward, another young attorney, now has an office with Smathers & Morgan.

A colonial concert will be given at the Swiss Park hotel this evening for the benefit of the D. A. B. The Waynesville Dramatic club will give their second annual entertainment at the academy hall Monday night.

Ground has been broken on Dr. J. H. Smathers' lot, corner of Church and Main streets, for the erection of a two-story brick business building.

There is a little undercurrent talk of another \$20,000 hotel for Waynesville. Dr. B. F. Smathers, who has spent the winter in Florida and the north, returned Wednesday.

C. H. Hawkins is erecting a new millinery store in the Hyatt building recently vacated by E. A. Simpson.

TRUCKS' UPKEEP COSTS BUT LITTLE

Patrolman Condor Made Police Court Clerk—New Fire Zone Asked.

The board of aldermen, in regular session last night, accepted the resignation of Adjutant General Lawrence W. Young as city clerk. His duties as clerk to the aldermen will be filled by J. M. Clark, and Mr. Clark and Miss Louisa Gay Williamson will assume all other duties borne by him except that of Police court clerk. Sergeant F. L. Condor having been appointed last night to fill his position. The salary of the latter was raised from \$70 to \$90 a month on account of the additional duties.

The resignation of Mr. Young was submitted to the board several weeks ago but was tabled until last night, as it was necessary for him to sign the bond issue of \$200,000, which was sold by the city a short while ago. Since his appointment as adjutant general his work has been carried on by those appointed last night to fill the unexpired term. Sergeant Condor will assume the duties set forth in the new bill passed by the general assembly, which include the signing of commitments, swearing of witnesses and collection of fines and penalties.

J. H. Wood, chief of the fire department, appeared before the board and asked that a new fire zone be laid out, including Biltmore, Grace, the plant of the National Casket company and other points near the city, in which the department might answer calls without the consent of the mayor or the chairman of the fire committee of the board. He also asked that the city pay for a one-horse wagon used by the local department at the firemen's tournament last year. Each of the requests was referred to the fire committee.

There was a discussion of the relative costs of the fire department now, compared with the costs under the old system of horses and wagons. It was shown that during the past month the two motor trucks and the police patrol truck used oil and gasoline to the amount of \$12.14, and that the patrol truck used oil and gasoline to the amount. The monthly upkeep of the horses for the fire wagons and patrol under the old system was given at about \$175, showing a saving to the city of over \$160 a month under the present system.

A suggestion was made to the board by Alderman Fitzpatrick, chairman of the police committee, that a plain clothes man be added to the city police force. He argued that such an addition would be of value as the uniformed men would not have to be taken off their beats in order to act as detectives in special cases. He submitted letters from the police chiefs of Atlanta, Knoxville and Richmond, Ind., in which the work of plain clothes men was highly recommended. A few members of the board opposed such action, arguing that in a city as small as Asheville such an officer would quickly become known and his services therefore quickly depreciate in value to the city. The matter was not finally acted upon.

There was the regular order of routine business and the following building permits were granted: Millard and Bledsoe, a seven room residence in Grove park; estimated cost \$4000.

Ottis Green, the repairing of a stable on Walnut street; estimated cost \$2300.

Dr. W. G. Thomas, a three room addition to a store on Hill street; estimated cost \$500.

Woodcock & Gillis, the repair of a roof on Church street; estimated cost \$50.

James S. Wilson, one room bath and porch addition on Lincoln avenue; estimated cost \$500.

Albemarle Park company, a two room addition to a residence in Albemarle park; estimated cost \$500.

Henry Walker, a one room addition on Gray street; estimated cost \$100.

The Athenian Literary society of the Asheville High school will hold its mid-year banquet tonight in the society hall. The society members have been working hard to make the banquet successful, as they are just starting the new term and desire to make a good showing. The boys have been doing good work throughout the year in declaiming, debating, etc., and at the banquet tonight a membership contest will be launched which is to last until the end of the present term.

Edward Burdick, president of the society, will be the toastmaster at the banquet. There will be a program of speeches after the banquet, which will be in keeping with the spirit of Washington's birthday. Superintendent R. J. Tighe and Prof. R. V. Kennedy will be among the speakers; and music will be furnished by the new Victoria.

The guests of honor will be members of the faculty and the debaters in the contest last night.

TO LAUNCH CAMPAIGN FOR JUNIOR MEMBERS

At Rally Closing Basket Ball Season and Opening for Baseball.

The big rally to be held at the Y. M. C. A. building next Friday night, to celebrate the closing of the 1912-13 basket ball season, will officially open the 1913 baseball season and to launch a campaign for junior members of the association is the first such occasion ever planned for these purposes by the management of the association.

The rally is to be primarily for the boys of the city, and every boy in the city is invited and urged to attend, whether a member of the association or not. The management of the association is doing everything possible in the way of arrangements to make the rally one to be remembered by all who attend.

The meeting will begin promptly at 7 o'clock Friday night and music will be furnished by the Boys' orchestra. Light refreshments will be served, and the first part of the meeting, over which President J. C. Martin will preside, will be given over to the awarding of trophies and pennants to the winners in the basket ball league. The directors of the local league club have accepted an invitation to be present, and Manager T. C. Stouch and E. H. Worrell, manager of the Spalding house in Atlanta, will make the awards. E. G. Wilson, associate state secretary of the Carolinians, will also be present and take part in the proceedings.

Following the awards, the junior membership campaign will be launched and all boys taking part in the campaign will be furnished with lists of prospective members and expiring memberships. Prizes will be awarded to those making the highest scores in the campaign. The first prize will be athletic goods, mitts, gloves and baseball shoes, and watch fobs will be given to others making good showings. These prizes are now on exhibit in the lobby of the association building and are attracting much attention from the younger members.

One other point that is vital to the boys of the city who are not at present members of the association is that all who join during this campaign will be eligible to play in the association baseball league the coming year. The contracts will not be signed until the close of the campaign on March 8.

The final event of rally night will be a basket ball game between picked teams of classes A and B for the championship of the association. This game will start about 8:30, and an invitation is extended to all interested in the sport to witness the contest. The following will be the line-up for the fray:

Table with 2 columns: Class A and Class B. Lists names of players for each class.

THE PRESIDENT IN NEW YORK

(Continued from page 1) morning, followed by similar services by patriotic and state organizations throughout the day. The tomb of Washington at Mount Vernon was the mecca to which many hundreds made their way and the great stones being buried beneath the flowers strewn upon them.

Forest City News Notes.

Special to The Gazette-News. Forest City, Feb. 22.—The students of the Forest City High School who will finish the prescribed course this term, organized this week for the purpose of preparing an annual. This is the first organization that has been perfected in the history of the school.

Blanton received cordially and welcomed the guest to the hotel. Misses Pauline Flack and Ottelee Long ushered the girls to the cloak room while Misses Marguerite Young and Robbie Biggestart targeted the boys and ushered them into the parlor.
