FARLEY & ASKIN 16 Park Square

EVERGREENS PLANTED AROUND THE FOUNTAIN

Park Square Is Being Further Beautified — Hemlock and Rhododendron.

Park square is being further beautified today by the planting of evergreens around the fountain. Purple rhododendron and hemlock plants were brought from the slopes of Crazy mountain and are being planted around the fountain, between the concrete wall and the iron fence surrounding it.

The hemlock plants were taken from the faces of rocks, where there was hardly enough soil for subsistence and they are considered the hardiest that could be secured. They will be kept trimmed down to form a hedge instead of being allowed to grow to the natural proportions found in the native forests. The purple rhododendron is considered the rarest and most beautiful of this species found in the mountains of western North Carolina, and when in bloom will be a great added attraction to the square.

After the workmen had removed the turf around the fountain preparatory to placing the shrubs, they dug up a highland terrapin that has been practically in the same place for over two years. His shell is too large for him to get out through the fence and apparently he has never had the energy to excavate a path out by going under the obstruction. E. M. Israel says that he has been dug out on two previous occasions while work was being done on the fountain. He was put back this morning and seemed to be well content to remain in his old haunts.

BOWELS BAD, LIVER TORPID? GASCARETS.

If Constipated, Bilious, Headachy, Stomach Sour, get a 10 cent box of Cascarets

You men and women who can't get feeling right—who have headachy, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, indigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

POLICE DEPARTMENT HAS ANOTHER FILING SYSTEM

To Be Used for Warrants Issued by Police Judge—Department Most Modern.

Another filing system has been added in the city police department for use in keeping on file the warrants issued by the Police Judge. There has never been any arrangement heretofore for keeping these warrants except for a short time, but with the new system they may be kept for as long a period of time as may seem necessary. They are filed numerically and begin with No. 2000 of the present fiscal year.

In another file is kept a card index, on which the complete record of every defendant appearing before the court is kept. These records date back for three years, and while the court is in session the record of any defendant may be looked up within a few minutes. This index is now in a part of the new filing cabinet that has been installed. There are also compartments for all blanks that are used in the transaction of the business of the department.

During the past year this department has been thoroughly overhauled and put on a modern basis. It is unlikely now that there is any police department in any town of the size of Asheville in the county that has a better organized and more efficient system of transacting its affairs and keeping its records than this. And yet the work of recognizing has not been completed. New features are continually being added.

SPRING CAMPAIGN OF Y.M.C.A. BEGINS SOON

The annual spring campaign for senior members in the Y. M. C. A. will begin next Tuesday morning and will be conducted by the business men's gymnasium class, together with a few others who have volunteered to assist them, and the campaign will be launched at a banquet to be given at the association building on Monday night at 7:15 o'clock.

The mark generally set for these campaigns is 100 members, new ones and renewed memberships combined, so far the committee that have worked in the campaign have never failed to gain this mark and there seems little doubt but that this number can be reached again this year. It will be a whirlwind campaign, as the committee will do active work on Tuesday, April 1. The campaign will be kept open, however, until Saturday night.

A number of invitations have been sent out to the business men of the city to attend the banquet on Monday night, and a number of additional volunteers are expected for the campaign work. A list of prospective members will be prepared for those who take part, likewise a list of memberships that are expiring.

WILLIE BAIRD GOES TO JAIL ON TWO COUNTS

She Is Convicted of Assault and Disorderly Conduct—Record of Cases Tried.

Willie Baird was sent to the county jail by Judge Adams in Police court this morning for sentences aggregating 45 days. A 30-day sentence was imposed for an assault on Jessie May Pool, and the 15-day sentence was for disorderly conduct. Jessie May Pool was fined \$5 and the costs for a counter assault on the Baird woman.

Six young white men were arraigned this morning on the charge of gambling. The case against George W. Fisher was not pressed and he was made a witness for the state. The others, J. R. Shearin, J. S. Wilson and J. C. Smith, were found guilty and fined \$5 and the costs, each.

Charlie Burgess was fined \$10 and the costs for being drunk and disorderly, and Jessie Smathers was fined \$5 and the costs for a plain drunk. Lula Lambert was found not guilty on a charge of disorderly conduct.

Sid O'Neal was given a hearing on the charge of stealing a coat, valued at \$4 from George W. Graham, and the court adjudged him not guilty.

Ed Fitzpatrick, who was arrested several days ago for being drunk was tried and convicted. He was sentenced to the roads for a term of 30 days and appealed. Appearance bond was fixed at \$100.

GAINS NEW COMPLEXION BY PEELING HER SKIN.

(Julia Orr in The Queen.) "Keep still, said heart, and cease repining, behind the clouds is the sun still shining." I was forcibly reminded of these lines when, after months of fretting over my ugly complexion, I found how easy it was to remove the cloudy, muddy skin and bring forth a bright, new complexion by the use of my dermatologist and used this like gold cream every night for two weeks, washing it off mornings. Lo and behold! That old skin had all peeled off! The healthy young skin underneath gave me a complexion as pure white and soft as any young girl's. I experienced no discomfort, the skin came off so gradually and gently. Several friends having been similarly benefited, I'm sure anyone whose skin is scuffed, withered, blotchy, pimply or freckled, can acquire the loveliest complexion imaginable by using this remarkable treatment.

Another treatment that brought more sunshine was one to remove wrinkles. A face bath made by dissolving 1 lb. of powdered aspirin in 50 pint which had some shaved away every line. It's wonderful.

SENATOR OVERMAN WILL BE OPPOSED

E. J. Justice after His Toga, and also, in All Probability, E. B. Glenn.

Gazette-News Bureau. Wyatt Building. Washington, March 25.

Two things of interest to North Carolina politically became known here today. One is that E. J. Justice of Greensboro will oppose Senator Lee S. Overman for re-election to the United States senate, and another that Judge W. B. Council of Hickory is not now a candidate to succeed Representative Yates Webb in the ninth congressional district. Besides Justice, it is almost certain that former Governor Robert B. Glenn will also enter the race against Senator Overman.

Messrs. Justice and Council are here holding conferences with President Finley of the Southern railway in connection with the readjustment of freight rates in North Carolina. In the presence of Representative Webb Mr. Council was asked by The Gazette-News correspondent if it were true that he would oppose Mr. Webb for re-election.

"I am not a candidate now," said Judge Council, "because I do not see much chance to beat my good friend Webb. If, however, later I see an opportunity to get the nomination I do not think I would run from the honor."

Judge Council qualified this statement by saying that Webb has made a good congressman and that so far as he can see at present it would be a rather difficult task to defeat Webb for the democratic nomination. It is not believed that the Justice Council will oppose Congressman Webb. But the most interesting news in Washington is the positive assurance that Justice will run against Senator Overman. Mr. Justice would not talk for publication, but there is no doubt that he intends to enter the race against the junior North Carolina senator. Mr. Justice is a progressive democrat and he believes the country just now is experiencing a strong progressive sentiment. Upon his record as a progressive, his efforts in behalf of reduction of freight rates and against "machine" politics in the state it is believed the Greensboro man will base his hopes for election.

When in Washington some time ago Governor Glenn said he had not made up his mind whether he would run or not. At that time, however, the former governor had, his friends thought, a pretty good chance to land a good berth as one of the seven interstate commerce commissioners. The appointment of John H. Marble to succeed Franklin Lane, who was named as secretary of the interior department and the reappointment of Commissioner Clark for another term of seven years, eliminated Governor Glenn, for a long time to come at least, for any of the commissionerships. The salary attached to a commissioner is \$10,000. Since these appointments have been filled without naming a North Carolinian rumor has been rife around Washington that Mr. Glenn would oppose Senator Overman. The positive information obtained here that Mr. Justice will be a candidate makes it certain that North Carolina will have another senatorial fight which will probably equal the one just ended in which Senator Simmons won by an overwhelming majority.

Total cost . . . . . \$1.11 Compare this with the cost of ready mixed paints. But for outside painting add 3 quarts of Linseed Oil to a gallon of the L. & M. Semi-Mixed Real Paint. This will make 1 1/2 gallons of the best pure paint costing about \$1.40 per gallon. Sold by the Otis Green Hardware Co., Asheville.

NEWS AND COURIER PAYS TRIBUTE TO COL. TRUMBO

Col. A. S. Trumbo, who is a special gauger in the internal revenue department, connected with the office of Internal Revenue Agent R. H. Sims here, has just returned to the city from a short visit to his old home in Charleston. Col. Trumbo has been in the government service for the past 10 years, but he is by no means forgotten in Charleston, as evidenced by the following which is taken from the News and Courier of yesterday:

Mr. A. S. Trumbo, a former Charlestonian, one of the heroes of the Confederate army, in the city, having come here on a melancholy mission, to be present at the committal services of his brother-in-law, Mr. W. H. Howard, who died in Texas. "Mr. Trumbo is a native of Charleston and was one of the earliest to volunteer when South Carolina seceded from the union. He was a member of the Washington Light Infantry and did his duty with fearlessness and valour. He was wounded in battle and the few surviving members of that historic command say that he was one of the most popular of comrades and was as mirthful as he was manly. After the war, Mr. Trumbo was a cotton factor and was prominent in commercial circles. He visited the Cotton Exchange yesterday and met with a cordial reception. Mr. Trumbo is living in Asheville."
