Great Good Accomplished By Convention of Laymen

Closed Last Night With Banquet Largely Attended—Eleven Denominations Participated in One of the Best Conventions Ever Held Anywhere.

At 6:30 o'clock yesterday afternoon 250 men assembled at the Central Methodist church and marched in a body to the armory on North Main street to attend the supper for men, which was the closing feature of the convention of the Laymen's Missionary movement. These men represented practically every church of Buncombe county and a number of churches of 911 denominations from adjoining counties. Prominent business and professional men of this city made up the largest number of those attending the supper.

Hon. J. J. Britt presided at the supper, and immediately after the meal was served a resolution was unanimously adopted, in which the ladies were thanked for their faithful work and graceful manners in serving the spread.

Then came a brief explanation of the work of the movement by W. E. Doughty, educational secretary of the movement for the United States and Canada. The policy adopted by the members of committees at the luncheon at the Y. M. C. A. building yesterday, when resolutions were adopted as given in the Gazette-News yesterday afternoon, was then presented by L. B. Padgett, field secretary for this state. A discussion of this policy followed, and there were five minute talks by visiting speakers, including Rev. E. C. Cronk, Prof. J. W. Henderson and Dr. R. W. Patton.

Mr. Doughty's address. Following these short discussions, there was a brief report by Dr. C. F. Field of the work of the movement to date. He held those present in close attention as he told of the progress that has been made through missionary methods in foreign fields, and pictured the great opportunities open to the men of the country in promoting the work of the movement. The resolutions, as passed by the committees yesterday, were then adopted by the men, and the closing address for the evening was delivered by W. E. Doughty.

Mr. Doughty spoke briefly but to the point, and those present were much inspired by his remarks. This might be said, too, about each of the speakers, for each came directly to the point and made it strong to the men as to just what the existing conditions in missionary fields are and the duty owed to foreign peoples by the citizens of this country. It was made clear, too, that every business man is directly interested in having the world evangelized, as every field that is opened up becomes more civilized and commerce is broadened. The whole reasoning presented was placed on a commonsense basis that was calculated to appeal especially to men.

Session Yesterday Afternoon. According to previous arrangement, the meeting was brought to a close in time for those present to attend the Elman concert at the Auditorium. The visiting speakers were entertained at the concert and there was a large attendance at the Auditorium from among those who attended the supper and meeting.

At the session of the convention held at Central Methodist church yesterday afternoon, L. B. Padgett presided and the meeting was opened with Scripture reading and prayer by Dr. R. P. Campbell, pastor of the First Presbyterian church. There were two addresses at this meeting, one by Dr. John Nelson Mills on "China," and the other by Dr. C. F. Field on "Organizing for Victory." Both were most interesting. Dr. Field emphasized the importance of introducing plans and

BREATHE HYOMEL FOR CATARRH

Health Comes From Knowing How and What to Breathe.

Hardly a day passes without confirmation of the old adage, "Man's Life is but a breath of air." Dust laden with disease breeding germs is inhaled by all who use the streets, but disease is not developed unless the germs find conditions suitable for their lodgment and growth. With people having catarrh there is an ideal culture medium for these germs. The irritated membrane and weakened tissues is a hot-bed where germs thrive and multiply.

If you have catarrh or any trouble of the breathing organs causing stopped-up head, sniffles or morning choking, you should use the easiest, simplest and quickest remedy, the direct method of Hyomel. This wonderful medication is taken in with the air you breathe, directly following and destroying all germs that have been inhaled, repairing any damage they may have worked and so healing and vitalizing the tissues as to render catarrh and germ infection no longer possible.

The unusual way in which druggists sell Hyomel should dispel all doubt as to its curative properties. Smith's drug store offers to refund the price to anyone whom it fails to benefit. You do not risk a cent in testing the healing virtues of this breath of life. Complete Outfit \$1.00. Extra bottles of Hyomel liquid if later needed 50 cents.
