**Pitched Battle at Auburn Twine Plant between State Troops and the Strikers.**

# HAYWOOD ARRAIGNED FOR PATERSON ROW

**Industrial Workers' Head and Many Others Are Awaiting Trial in State of New Jersey.**

By Associated Press. Auburn, N. Y., April 30.—Military men called out last night did not prevent rioting at the International Harvester company twine mills this morning. There were several pitched battles between police, soldiers, deputies and strikers.

Six strikers were arrested, three of them women. The latter fought desperately and were taken to police headquarters blind, scratching and bleeding.

Among the men arrested was the strike leader, Gastano Termini. He had made a socialist speech denouncing the police, the militia and capitalists.

Sheriff Drake and Deputy Sheriff Teater were attacked by 50 women as they were escorting girl employees who wanted to go to work and after a stone throwing they arrested the woman who led the attack.

By 9 o'clock this morning 150 had entered the mills from the ranks of the strikers.

Paterson, N. J., April 30.—Scores of deputy sheriffs and policemen guarded the court of special sessions today for the arraignment of William D. Haywood, Elizabeth Gurley Flynn, Carlo Tresca, Patrick Quinlan and Adolph Lessig, Industrial Workers of the World leaders indicted for inciting the Paterson silk mill strikers to riot.

# INQUEST IS RESUMED INTO DEATH OF GIRL

**Suspicion Against Negro Night Watchman Strengthened by Testimony.**

By Associated Press. Atlanta, Ga., April 30.—New Lee, negro night watchman at the National Pencil factory, was the principal witness today at the coroner's inquest into the death of Mary Phagan. Worn and exhausted by hours of questioning by the police putting him through the "third degree," the negro told again his story of the finding of the murdered girl's body in the cellar of the pencil factory early Sunday morning.

Fully conscious that the finger of suspicion pointed to him, as the girl's slayer, Lee reiterated his protestations of innocence.

Eleven witnesses were called when Coroner Donohoe resumed the inquest began Monday.

W. F. Anderson, call officer at the police station, told of getting a telephone call from Lee at 3 o'clock Sunday morning. He said the watchman told him he had found the body of a white girl in the basement of the pencil factory. Accompanied by other officers he said he went to the factory and was led into the cellar through a trap door. The girl's body was lying face downward in a corner. The head was bloody and the eyes bloodshot.

Questioned as to the light he used, the officer said he had the usual policeman's flashlight. He said the watchman carried a lantern very much smoked, giving forth a very dim light.

Sergeant R. J. Brown, who accompanied the call officer to the factory, testified that he found it impossible in the dim light to tell whether the girl was white until they had made a close examination. He said the watchman gave them little information on their arrival at the factory.

Sergeant L. S. Dobbs identified two notes which he picked up near the body. He also testified that he had difficulty in ascertaining that the girl was white.

Atlanta, Ga., April 30.—Interest in the investigation of the killing of 15 years old Mary Phagan whose body was found early Sunday in the National Pencil company's factory, centered today about the coroner's inquest, called at 8:45 this morning.

After primary facts in the case had been established, the hearing later in the day was expected to develop evidence which would clear up important features of the mystery. Authorities today intimated that as a result other arrests would be made and one or more of the men now held in connection with the crime would be released.

Attention was also attracted early today to alleged irregularities in the record of the time clock at the factory for the night preceding the finding of the Phagan girl's body. It was the duty of New Lee, negro watchman of the factory, who is under arrest, on suspicion, to register his presence by means of this clock at half hour intervals during his rounds each night.

For Saturday night last, according to detectives employed on the case, several registration periods were missing.

Questioning of Leo M. Frank, manager of the factory, who was taken into custody yesterday on a blanket charge of suspicion, was resumed by detectives early today. Frank continued his denials of any knowledge of the manner in which Mary Phagan met her death.

While the exact nature of the evidence against John M. Gant, former bookkeeper at the factory, who is under arrest charged with the murder, has not been made public by police, important disclosure in this direction was expected today.

By Associated Press. Washington, April 30.—During the latter part of 1912 the cost of living in the United States was higher than at any other time during the past 23 years.
