MAY USE MILITIA TO STOP BETTING

Governor Sulzer Determined to Enforce Anti-Gambling Law at Belmont.

By Associated Press. New York, May 30.—Reports that Governor William Sulzer had authorized employment of the state militia to stop gambling were current today coincident with the revival of horse racing at Belmont park on Long Island this afternoon. Adjutant General Henry Dewitt Hamilton of the national guard admitted he had a midnight conference with the governor regarding the racing situation and that while he did not believe any such measures would be necessary he was in readiness to call out state troops to prevent violation of the law.

"I shall see for myself if there is any gambling," he said, "and take whatever steps are deemed best. The governor is not satisfied that the authorities of Nassau county can or will enforce the law. If they do not the state must exert its authority."

Belmont Park, N. Y., May 30.—Bright weather greeted the thousands who gathered here today to celebrate the revival of thoroughbred racing in New York state after a lapse of 33 months. Today's events were under the auspices of the Westchester Racing association and the combined racing interests of the Saratoga and local tracks.

District Attorney Wyong and Sheriff DeMott of Nassau county were early on hand with deputies and other officers to see that the law prohibiting bookmaking and gambling was strictly enforced. In this they were promised the earnest support of the jockey club and of the promoters of the sport, who were anxious to re-establish racing on a solid basis.

The feature of today's card of six races was the Metropolitan handicap at one mile, for which 14 horses were eligible. Three of these, Wiskbroom II, Nightstick and Merry Task, were recently brought back from England where they raced last year, by Messrs. Whitney and Belmont. The first named pair, the Whitney entry, had not until today sported silks in this country but Merry Task ran in two races during the recent meeting at Falmico.

Another foreign car had to drop out when Grant's Isotta broke a gasoline feed pipe.

B. Endicott's Case also was forced out of the race by a broken crank shaft.

Burman made his first stop for oil and gasoline and Goux took the lead at 140 miles. De Palma relieved Bragg at the wheel of a Mercer at 145 miles.

Goux in the French Peugeot was second. Twenty-three cars were still running at this distance.

VETERANS AND TROOPS PARADE IN STREETS

About a Score of Congressmen and Government Officials Speak — Wilson in Virginia.

By Associated Press. Washington, May 30.—Veterans of the civil war and the younger men who engaged in the strife with Spain joined today in paying tribute to the warrior dead of the nation. Arlington cemetery was the objective point of the thousands, veterans and civilians alike, although a score of historic graveyards in and about Washington claimed the reverence and homage of hundreds of others.

The principal ceremonies were at Arlington, in which a considerable force of the regular army from Fort Meyer took part. One of the most impressive services of the day was decoration of the graves of the "unknown dead."

Nearly a score of government officials and members of congress made speeches. From early morning sounds and battalions of marching veterans, sons of veterans, and patriotic societies occupied the wide avenues of the capital, laden with flowers and flags, while a flower filled boat was launched on the Potomac river as a tribute to those who lost their lives on the sea.

The regular cabinet meeting at the White House was called off because of the holiday and President Wilson arranged to take a motor trip into Virginia. Many of the cabinet officers had left town.

Secretary Bryan accepted an invitation to attend the memorial exercises at Arlington National cemetery. He did not prepare a speech.

SENATE CONFIRMS NINE CAROLINA APPOINTMENTS

All Postmasters—Other Nominations Are Sent in by the President.

Gazette-News Bureau, Washington, May 30. Former Governor R. E. Glenn was a visitor at the White House yesterday. The former governor spent quite a little time with the president and when he emerged from the president's private office he told the newspaper men that he called on Mr. Wilson in the interest of his friend, J. H. Oliver, who has been recommended for postmaster at Reidsville. It has been understood that Senator Simmons would not allow the confirmation of Oliver should the president send his nomination to the senate.

Since loyal democrats were put in close touch with the government pay roll when the senate confirmed that many nominations to be postmasters. In the list was R. S. Galloway, Winston-Salem; J. H. Weddington, Charlotte; M. M. Faison, Roanoke Rapids; E. B. Perry, Jr., Littleton; J. E. Ligon, Lillington; Ira Hunt, Kittrell; W. E. Gary, Henderson; George L. Whitefield, Franklinton, and Mrs. N. G. Rowland at West Raleigh.

In addition to the confirmations the president sent the following nominations to the senate: Postmasters, D. D. French, Lambertson; John B. Petteway, Jacksonville; Leonidas M. Michaux, Goldsboro; O. K. Holding, Wake Forest.

Representative Page has recommended the following for appointment as postmasters: Edwin F. McKeithan, Aberdeen, and A. N. Buller, Randleman.

W. A. Devin of Oxford, a candidate for the assistant district attorneyship, for eastern North Carolina, is here. Mr. Devin watched the proceedings of the senate from the gallery. "It was the first time I had been in the senate since David B. Hill and Pettus were members of that august body," said Mr. Devin. "Pettus started to make a speech on free silver and nearly everybody left the chamber," he said.

Grasshoppers in New Mexico. By Associated Press. Roswell, N. M., May 30.—The damage done so far by the grasshoppers in Northeastern New Mexico has been confined exclusively to the "dry claim" region around Elda, but there are no indications as to what destruction the hoppers may bring when they have developed wings, is the way Prof. A. G. Hammar, government entomologist here, described the situation.

He based his observations on personal investigation of the hopper-infested area.

Dr. S. Daneff, the Bulgarian peace delegate, in the course of an interview after the signature of the preliminary treaty of peace said: "I am rejoiced. It means not only Balkan peace, but general peace and Europe is saved from one of the most thorny problems of the age."

"We owe a deep debt of gratitude to Sir Edward Grey, whose enduring and untiring mastery in treating diplomatic problems has brought about much sooner than some of us had expected."

"The first meeting of the peace conference has been fixed for Monday, June 2."

SUFFRAGE-BASEBALL MIXTURE ATTEMPTED

The Fans, However with Minds on the Game, Are Difficult to Interest.

By Associated Press. New York, May 30.—The woman suffragists still hope to convert the baseball "fans" to their cause, but they met with a discouraging start yesterday. By automobile a small corps of them arrived at the Polo grounds during the exciting battle between the New York and Philadelphia Nationals.

"They are tied in the eighth inning," a small boy shouted.

"We will wait till they untie themselves," the hopeful orators replied, but it was so late when the jubilant crowd turned out with a rush for home that it all but swept away the little ruckabout in which the suffragists blocked their path.

"You are in bad, girls," one man called. "Come again some day when the Giants lose."

VETERAN 103 YEARS OLD PARADES WITH HORSES

Rides Behind Work Horse 20 Years Old, Driven by His Son, Aged 61.

By Associated Press. New York, May 30.—The oldest New York veteran of the American army paraded today with the work horses instead of with the colors.

Emmanuel Oppenheimer, 103 years old, possesses medals for distinguished service in the Mexican war but he and his 101 years old wife are prouder of their example and services to the country through 79 years of married life than through his service at arms.

The Oppenheimers are believed to be the oldest in New York City. They rode today behind Lady Kate, a work horse in active service here for 20 years, which was driven by their 61 years old son, Alexander Oppenheimer, an employe of a paper box factory. Two other children, 19 grandchildren and nine great grandchildren are living contributors of their happy union.

FOREST COMMISSION MEN ARRIVED TODAY

Left at Once for Vanderbilt Estate. Will Remain in Vicinity Until Sunday Afternoon.

Sec. of Agriculture David M. Houston Secretary of the Interior Franklin K. Lane, Representative Gordon Lee of Georgia, Representative H. S. Graves, Assistant Forester W. L. Hall and George Otis Smith of the United States geological survey, members of the United States forest commission, arrived in the city from Washington this morning at 10:25 o'clock, for an inspection of the Vanderbilt forests, on which the government holds an option for purchase as part of the Appalachian forest reserve. The party will be joined tomorrow morning by Secretary of War Garrison, another member of the commission, who will arrive on Southern passenger train No. 35. The party will remain here until Sunday evening, June 1.

The party was met at the Biltmore station, where they left the train, by C. D. Beadle, manager of the Biltmore estate, and the distinguished visitors were taken in automobiles for a drive over the estate. They were shown and explained the various industries that are carried on by the estate, and each expressed wonder at the organization maintained. They were more enthusiastic over the wonderful beauties of the estate, however, than anything else.

Returning from the trip over the estate, the members of the commission were taken to the Langren hotel for luncheon. They were joined there by several of Asheville's leading citizens who extended to them a hearty welcome to the city and section. After the luncheon the party left immediately for Mr. Vanderbilt's lodge on Mount Pisgah, where they will be entertained while on the tour of inspection of the estate.

During the stay at Pisgah lodge meals will be provided by the management of the Langren hotel. J. Bayless Rector, the manager, this morning sent out provisions and a corps of cooks and servants to the lodge, and also extended to the party have been in the section on numbers of occasions during the past; but others had never before had the pleasure of learning of the beauties of the western North Carolina mountains at first hand, and they were enthusiastic over what they saw this morning. LINER BADLY DAMAGED

The Haverford Towed into Harbor—Rocks Off Cork Head Tore Great Hole in Hull.

By Associated Press. Queenstown, May 30.—Several powerful tugs towed the American Line steamship Haverford into harbor this morning. They released her from her dangerous position in Rock bay, immediately west of Corribhead, at high tide at 1 o'clock. She had been lying on the docks since early yesterday afternoon, when with 134 cabin and 850 steerage passengers aboard she went ashore in a dense fog.

When she was brought into port today she was down by the bows with 21 feet of water in her forehold and a considerable quantity in No. 2 hold.

Rocky Bay, where the Haverford struck, is in a very exposed position. Had the weather been at all rough the steamer would have been a total loss.

The rescued passengers, nearly a thousand in number, gathered today at various points of vantage along the shore to get a close view of the damaged steamer.

All the baggage belonging to the cabin passengers has been landed and they are to proceed to New York on the Baltic.

It is not yet known to what extent the fright and heavy baggage of the other passengers have been damaged.
