

## PROMISE HAS BEEN BROKEN

### Senator McLean Declares—Includes to Democrats' Statements Made to New Englanders.

## QUOTES FROM SPEECHES OF LEADING DEMOCRATS

### Declares the Protection Democrats Have Tried to Compromise With Free Trade.

By Associated Press. Washington, July 30.—Charging that democratic leaders have broken their tariff promises made to the working people of New England before the last national election, Senator George P. McLean of Connecticut assailed the Underwood-Simmons bill in the senate today.

Recounting the campaign in Connecticut, directed particularly against Representative Ebenzer J. Hill of the ways and means committee, Senator McLean quoted from speeches made by Majority Leader Underwood, Secretary of Commerce Redfield, Representative Reilly and Governor S. E. Baldwin, whom he quoted as assuring the mill workers that the democratic tariff would look after the differences in cost of production here and abroad.

"The protection democrats have tried to compromise with the free trade democrats, and this, of course, is impossible," Senator McLean said. "You cannot compromise with the arithmetic or the compass. You are either there or you are not there. If 20 per cent does not protect ten per cent will not protect."

"My complaint is that the democratic party has broken its sacred promise to the people of Connecticut. This I have shown from the lips of those democrats who alone had authority to do the promising. If adequate protection is found in any rate contained in this bill, it is there by accident only."

"This bill has been described as a glaring example of invisible and audible government. It is not the way in which the conclusions of the committee have been reached; it is the effect of those conclusions that the people of Connecticut are afraid of. This bill may be an example of invisible and, as the senator from Iowa so aptly added the other day, inaudible government but it is a sample of minority government in complete betrayal of the promises of that minority to the people of Connecticut that I object to."

"In Connecticut Mr. Underwood in person solicited instructions to reform the tariff upon the cost of production theory, and he got what he asked for. Now the democratic party in congress repudiates those instructions upon the ground that it received a mandate from the people to do what it proposes to do."

## DIGGS AND CAMINETTI TO BE ARRAIGNED TODAY

### In So-called "White Slave" Cases for Violations of the Mann Act.

By Associated Press. San Francisco, July 30.—Maury Diggs, former state architect, and Drew Caminetti, son of United States Immigration Commissioner A. Caminetti, both of Sacramento, were scheduled to appear before United States Judge Van Fleet today for formal arraignment on charges of having violated the Mann act as the result of their elopement a few months ago with two young women of Sacramento to Reno, Nev.

They already have been arraigned on charges of conspiracy on which they first will be tried.

## NINE MONTHS IN JAIL FOR A SUFFRAGETTE

### Confessed She Set Fire to Residence of Sir Wm. Lever Causing \$100,000 Damage.

By Associated Press. Liverpool, July 30.—Mrs. Edith Richy, a well known suffragette was sentenced today to nine months in labor for setting fire to the country residence of Sir William H. Lever at Rivington, Lancashire, on July 8 and causing damage estimated at \$100,000. The prisoner is the wife of a prominent physician. She admitted her guilt and also confessed to a bomb outrage in the Liverpool cotton exchange on July 5.

## Government Troops Takes Forts.

By Associated Press. Hankow, China, July 30.—Chinese northern troops captured the Hukow forts on Friday after a fierce bombardment from a gunboat at Oliphant Island. The troops landed below the forts under cover of the bombardment and pushed the position at night. The northern troops will now advance on Hankow.

## ALL ARE TRYING TO MAKE PANIC

### Senator Stone Lays This Charge to Every Republican Senator Speaking on Tariff.

## "NAME YOUR MEN," URGES SENATOR CLARK

### "You Are One," Says Stone—Penrose Says Textile Mills Are Not Doing Much.

By Associated Press. Washington, July 30.—Shaking a clenched fist at republican senators, Senator Stone today charged during the tariff debate that every republican speech he had heard had been delivered with the deliberate attempt to create a panic.

The Missouri senator spoke in reply to Senator McLean. He declared it appeared to him that the republicans through their speeches are sending message through the country with the design of creating fear and distrust.

Senator Clark of Wyoming challenged Mr. Stone's statement and asserted that if any distrust were being engendered it was through statements by President Wilson and Secretary Redfield and Secretary McAdoo. Senator Stone replied with a charge of a conspiracy among republican senators to create public distrust.

## H. LANE WILSON IS WITH SENATORS

### Gives Views on Situation in Mexico and His Personal Observations.

By Associated Press. Washington, July 30.—Ambassador Henry Lane Wilson advocated a restricted recognition of the Huerta government in Mexico at a secret conference with the senate foreign relations committee today but the senators took no action.

The details of his plan were not divulged at the time but some of the republican senators said the ambassador had made a favorable impression, not necessarily as to his plan, but as to his whole general story of events in Mexico.

Washington, July 30.—Ambassador Henry Lane Wilson conferred with the senate foreign relations committee in executive session today, giving his views on the Mexican situation. It was evident that senator had been keenly looking forward to first hand information from the ambassador. The conference began promptly at the hour set. Secretary Bryan was not present.

Ambassador Wilson began with a chronological recital of his personal observations of the stirring events in Mexico, beginning at the abdication of President Porfirio Diaz, and spoke at length on the downfall of Madro and the rise of Huerta. The committee was disposed to let the ambassador tell his story in his own way and for more than two hours he continued an almost unbroken narrative, interrupted only occasionally by a question from some senator.

Extraordinary injunctions of secrecy were placed on all senators in the conference but it was evident that the committee was listening attentively and that no disposition to censure examine the ambassador developed, at least during the first part of the conference.

Chairman Bacon announced at the conclusion of the conference that the committee had been unable to finish with Ambassador Wilson.

## SEATTLE RIOTS TO BE SUBJECT OF INQUIRY

By Associated Press. Washington, July 30.—Under a resolution introduced late yesterday Representative Bryan of Washington, Secretary Daniels is asked to furnish the house a detailed statement of the recent attacks upon property of Industrial Workers of the World in Seattle by bluejackets of the Pacific fleet with the names of the enlisted men who participated and the record of any proceedings to investigate the affair. The secretary also is asked to furnish a statement of losses with a view to granting reparation.

## 225 ARE WORKING FOR FUNDS TODAY

### Workers Reported at Headquarters at 1 O'clock for Instructions—Very Enthusiastic.

## CAMPAIGN WAS OPENED AT BANQUET LAST NIGHT

### Initial Subscription Committee Reported \$17,000 Subscribed—Hospital Staff Resigns.

The first meeting of the workers in the campaign to raise \$100,000 for the erection and equipment of a new and modern Mission hospital, on a new site, was held this afternoon at 1 o'clock. About 225 enthusiastic citizens of the city reported at headquarters for organization and instructions, and President S. Lipsky of the New Mission Hospital association addressed them briefly, congratulating them on the numbers and the enthusiasm of each individual in the work ahead.

The work of this afternoon and tomorrow morning will be reported at 1 o'clock tomorrow, when the workers will assemble at the headquarters on South Main street for luncheon and the discussion of plans for the next 24 hours. It is expected that this first report will show big results, although the work now is necessarily a little disorganized, with everything new to those taking part.

The report of the initial subscription committee was made by its chairman, Dr. Charles S. Jordan, last night, this report showing that approximately \$17,000 has already been subscribed to the fund, \$10,000 of which was secured through the association. This report was most encouraging, and it is hoped that this amount will be practically doubled by 1 o'clock tomorrow.

### The Banquet.

The business men's banquet, which was held last night at the headquarters on South Main street for the purpose of formally opening the campaign, was a decided success. A large number of the business men of the city were in attendance, thus evidencing their deep interest in the matter of raising the amount necessary for the erection and proper equipment of a new mission hospital. President Weaver of the Asheville board of trade acted as toastmaster.

Among the speakers of the evening were: Governor Locke Craig, Haywood Parker, R. R. Williams and Rev. R. M. W. Black of Fletcher. Rev. Dr. Calvin B. Waller, pastor of the First Baptist church, delivered the invocation.

Mr. Parker outlined the history of the Mission hospital since it was started here in 1885. He pictured the growth of the institution and the support that has been given it by those who realize its importance to the community and the good it has accomplished. He said that there is now a crying need for a larger and better equipped hospital, and assured those present that the lady managers are ready at any time to change or weave the rules of the institution to meet the views of the advisory board.

Governor Craig compared the hospital facilities of Asheville with those of other cities of the size, showing that this city is far behind its sisters. He spoke of the Watts hospital in Durham that was erected by George W. Watts and declared that it will always stand as a memorial to him. He said that a new hospital here will stand as a memorial to all who work and contribute for its erection.

Mr. Williams spoke of "The Spirit of the Red Cross." He told of the feeling of brotherly love that exists in this age, and took as the highest example of this feeling that which is expressed through the work of the nurses of the country.

Rev. Mr. Black appealed to the sense of humanity and the reflection of the Divine Being in the people of the city to give freely to this cause.

### Staff Resigns.

In connection with the campaign that began today, another matter has come up relative to the staff of physicians of the present Mission hospital. It is understood that during the past few days there has been criticism concerning the staff, to the effect that it is too small, and that every physician in the city should be represented on it, thus assuring the people that the hospital is altogether a public institution. This criticism came to the ears of the members of the staff, and at a meeting yesterday it was decided to tender the resignation of the staff and adjudge, so long as the objection to this account might be overcome and the last obstacle removed that might hinder a successful campaign. The letter of resignation, which was sent in to the board of managers today, follows:

"We, the undersigned members of the staff and the adjunct staff of the Asheville Mission hospital, in special session this, the twenty-ninth day of July, 1913, beg to respectfully and unanimously tender our resignation, as a body, such resignation to be effective whatever time the board of managers and their advisers may deem for the best interest of the campaign for funds and for the usefulness of the institution as a hospital and as a training school for nurses. In doing so, we trust that everybody concerned will understand that this action is taken in the kindest of spirit, and that every member of the staff and adjunct staff will do everything in his power to further the success of

## Another Jewelry Robbery At Narragansett Pier, R.I.

### At Least \$150,000 Worth Stolen from Residence of John H. Hanan on Same Night Rumsey Jewels Were Stolen—Saturday.

By Associated Press. Narragansett Pier, R. I., July 29.—The best detective genius available is matching wits today with the expert burglars who took \$225,000 worth of gems almost under the noses of the owners in the summer colony here during the last week end.

Rival agencies with international reputation as thief setters, have been engaged by the victims, Mrs. C. C. Rumsey—daughter of the late E. H. Harriman—and Mrs. John H. Hanan—wife of a wealthy shoe manufacturer. Every pier on Narragansett Bay is being watched in the belief that the thieves operating as gentlemen are ambling about the fashionable hotels looking for an opportunity to leave town without exciting suspicion. Thus far not a tangible clue has been found.

Mrs. Hanan's jewels, worth \$150,000, were stolen from her room at Shore Acres Friday evening during an absence of not more than 20 minutes of a maid. The gems lost by Mrs. Rumsey were removed from her sleeping room while she was out Saturday evening.

It is believed that the old gang which profited so greatly here in the summer of 1911 is again at work and the police realize that if this is the case they are pitted against expert cunning. Attention is again turned toward the reported "fence" in Boston, long believed to be patronized by these thieves but which has never been located. However, it is not expected that the members of the gang will attempt to dispose of their booty for the present.

Narragansett Pier, July 30.—Jewelry worth at least \$150,000, was stolen from Shore Acres, the summer residence of Mr. and Mrs. John Hanan, Friday night, and Mrs. John Hanan, Friday night. The \$50,000 robbery in the home of C. C. Rumsey, son-in-law of the late E. H. Harriman, occurred on Saturday night.

Reports that the Hanans had been robbed were denied until today, when Mrs. Hanan told the story of their loss. Mr. Hanan is seriously ill and has been kept in ignorance of the robbery. An unwillingness to disturb him influenced his wife to withhold the facts until this time.

The articles taken included a diamond necklace, a pearl necklace, two diamond encrusted watches, a set of star sapphires surrounded by diamonds, a pendant, a brooch and a pair of rare black diamond ear rings surrounded by white diamonds. A peculiar feature of the robbery (Continued on page 4)

## Senator Lewis Wishes to Do Something for Old Man

### Says There Are "Mothers' Day" and "Children's Day" and Father Deserves Consideration—Will Introduce Bill for Such a "Day."

By Associated Press. Washington, July 30.—Senator J. Hamilton Lewis has come to the conclusion that the "old man" of the family has not received proper recognition from a grateful country, although the nation has honored the other members of the American household. As a result he announced today his intention to introduce a bill setting aside July 29 as "Father's Day." Already there is a "mothers' day" and a "children's day."

"Why shouldn't we do something for the old man?" asked the senator. "He pays the bills and on cold winter mornings is forced to light the fire. In summer they make him do the work of a horse in mowing the lawn beneath the blazing sun. His lot, altogether, is not a happy one. He deserves the recognition."

Senator Lewis intends to introduce a bill at this session but will not press it for consideration until the regular session beginning in December. If prompt action is not taken on it then, he threatens to make a speech, "The campaign and of the Asheville Mission hospital."

"For a greater hospital, we are, M. H. Fletcher, chief of staff; C. S. Jordan, L. B. McBrayer, P. B. Orr, H. H. Briggs, M. C. Milliner, T. P. Cheesborough, C. V. Reynolds, C. L. Minor, W. L. Dunn, dean of training school of the staff; P. H. Ringer, L. W. Elias, O. P. Echols, W. P. Herbert, A. T. Pritchard, of adjunct staff."

## OVER MILE A MINUTE IS MADE BY AIR BOAT

### Harold McCormick Flies from Lake Forest to Grant Park, Chicago.

By Associated Press. Chicago, July 30.—Harold F. McCormick today made the flight in his new aeroplane from his summer residence in Lake Forest over the waters of Lake Michigan to Grant Park, Chicago, a distance of 60 miles.

Mr. McCormick made the trip in 58 minutes at a speed of more than a mile a minute. The machine was driven by Charles C. Wiltmer. Mr. McCormick left Lake Forest at 9:30 o'clock this morning and arrived at Grant Park 58 minutes later. The flight was made at an average height of about 60 feet.

McCormick was so well pleased with the experience that he intends using his flying boat to come down to business every day this summer unless storms prevent.

The machine was been christened "Edith," after Mrs. McCormick, who was former Miss Edith Rockefeller, daughter of John D. Rockefeller.

## ILLINOIS CENTRAL HAS CUT DIVIDEND

### Directors Declare Semi-Annual 2 1/2 per cent—2 per Cent Reduction.

## REDUCTION CAUSED THREE POINT BREAK

### Unusual Conditions of Last Two Years Reasons Given by the Directors.

By Associated Press. New York, July 30.—The directors of the Illinois Central railroad declared today a semi-annual dividend of 2 1/2 per cent. This is a reduction of two per cent in the annual rate, which has been seven per cent since 1905.

In expectation of the reduction Illinois broke three points on the stock exchange before the announcement of the dividend and immediately afterward declined to 167, the lowest price since 1899, when it sold at 195 1/2.

Reasons for the reduction, according to a statement issued by the directors, were the unusual conditions of the last two years, not only those affecting general business but those bearing especially hard on this company.

The previous semi-annual payment was at the regular seven per cent rate so that the total dividend for the year amounts to six per cent.

The Illinois Central first began paying dividends in 1887 at the rate of 7 per cent. This was reduced in 1891 to 5 per cent, where it remained until 1900 when 5 1/2 per cent was paid. The rate was raised the next year to 6 per cent which was continued until 1905 when the old seven per cent rate was restored.

## MULHALL STILL ON THE LETTERS

### Hearing May Not Be Harmonious When Cross Examination Begins.

Washington, July 30.—Although Martin M. Mulhall, reputed lobbyist for the National Association of Manufacturers, expected to face the lawyers of the association at the opening of the investigation today and defend the story of his ten-years of political activity, members of the senate lobby committee changed their minds over night and started the witness out today to identify more of his letters.

Robert M. McCarter, attorney for the manufacturers, handed a long list of questions to Chairman Overman, and the committee decided to look them over in executive session before submission to the witness.

Mulhall introduced a two-page list of organizations he said were members of the National Council for Industrial Defense and affiliated with the Manufacturers. There is a dispute as to the exact connection between the two organizations.

He swore he had personal relations with officials of about a dozen of the organizations named.

It was indicated that sessions of the committee may not be so harmonious when it comes to cross examination of the witness. Senator Reed frequently came to Mulhall's aid.

## BRING CHARGES AGAINST ILLINOIS POSTMASTERS

### Those of Third and Fourth Class Charged With Perfidious Activity.

By Associated Press. Washington, July 30.—Immediate reorganization of third and fourth class postoffices in Illinois because of alleged perfidious political activity by postmasters was proposed to the President Wilson today by a delegation of Illinois congressmen accompanied by State Senator Kent E. Keller of Murphysboro.

Senator Keller, who acted as spokesman, alleged many instances of irregularities in the examination of employers under civil service regulation and asked the president to at least immediately replace half the postoffice inspectors in the state by democratically appointed.

## ANOTHER SUIT AGAINST S. P.

### Brought by Government at Portland to Cause Railroad to Forfeit 100,000 Acres of Land.

## PETITION WAS FILED BY ELEVEN SETTLERS

### Charges Original Filers Were Dummies for Huntington Stanford and Crocker.

By Associated Press. Portland, O., July 30.—The filing by the government of another suit to forfeit the lands held by the Southern Pacific railroad was announced here today. Approximately 100,000 acres are at stake, and the names of Collis P. Huntington, Leland Stanford and Charles E. Crocker, who built the Central Pacific railroad, are brought in.

These men and others, it is alleged, organized companies which took over 100 acre filings from individuals and made of them holdings of the Southern Oregon improvement company just after the civil war. This company's property, through bankruptcy proceedings, was taken over by the Southern Oregon company, which the present petitioner asserts, was merely a nominal change.

The petition, filed by eleven settlers, charged that the original filers on the land were merely dummies for the company and hence the provisions for the congressional land grant of 1869 were violated. An injunction against timber cutting on the lands also is asked.

## DISTURBANCES BY CALUMET MINERS

### Guards Fire When Attacked by Strikers Throwing Stones and Bricks.

By Associated Press. Calumet, Mich., July 30.—Operators in the copper mine strike district today considered proposals emanating from Lansing, the state capital, that conferences between the striking miners and their employers to be held in the governor's office with a view to ending the strike.

Reports of disturbances at the outlying troop stations reached brigade headquarters this morning in considerable numbers. A fusillade of shots was fired by guards strung along the railway tracks in the Calumet and Hecla ship yards but the strikes aimed high and so far as could be learned no one was hit.

The men reported that groups of strike sympathizers had been throwing stones and bricks at the guardsmen. One of the missiles grazed a sentry's head and he fired in the air. A shower of stones and bricks followed, and the other sentries discharged their rifles over the heads of the disturbers.

Two arrests were made at Isle Royale of men who were charged with threatening the troops. This mine section promised to be a storm center as it was thought last night's wounding of a striker by a sentry had roused the ire of the foreigners who composed the big majority of the laborers.

A sentry at Col. Boutcher's headquarters at Calumet reported when he turned early at the sound of footsteps he found himself confronted by a man carrying a revolver. The sentry on the adjoining post saw the occurrence and covered the intruder with his rifle. The latter obeyed the command "hands up" but failed the second command to "halt."

## A WARNING AGAINST MOTH PREPARATIONS

### Many of Them Reported to Be Worthless by U. S. Agricultural Department.

By Associated Press. Washington, July 30.—Trusting housewives who have packed away winter clothing with compounds calculated to prevent the encroachment of moths are to be warned by the department of agriculture that many of the compounds on the market are worthless. Through this means much damage to property, it is believed, will be prevented. The department announced today that 10,000 copies of judgments against unscrupulous manufacturers are to be printed for the information of the public. The decisions made public obtained in three suits against a New York company, a one of which it was fined \$25; in the other two sentence was suspended.

### Looking for Homes.

By Associated Press. Dodge City, Kans., July 30.—Home-seekers in great numbers began to arrive here today in preparation for the opening August 4 of 19,000 acres of government land in Hamilton county, Kans. The land is part of the government reserve set apart by congress several years ago.
