WALL STREET GOSSIP.

New York, Oct. 2.—Fluctuations of the standard stocks were unusually narrow during the morning.

Bearish traders were not impressed by gains made in American stocks in London, contending that the rise had been influenced by orders from this side with a view to facilitating distribution of stocks here.

Advance of the Bank of England's discount rate to five per cent. was without influence on the home market.

Trading was dull during the second half of the forenoon, with a slight reaction in the leading stocks.

Steel developed a distinctly strong tone, advancing nearly a point. The rise in this stock affected the whole list which continued to creep upward.

A better tone prevailed when trading was fairly under way. Slight opening declines of Union Pacific, Steel and Reading were made up.

American Telephone was heavy, losing a point on the first few sales. Changes elsewhere were small and irregular.

NEW YORK COTTON. New York, Oct. 2.—Reports of further heavy rains in the southwest, big English spot sales and higher Liverpool cables gave the local cotton market a firm opening this morning.
