He will be shipped back to his reservation today in charge of an Indian office custodian.

Having attained the ripe age of 13 years, the young brave, together with another lad of the same ripe years, were taken from the ancestral tepee and started north. In Baltimore they became separated and Jumper decided to come to Washington to view the wigwag of the Great White Father. His native sagacity apparently failed him, for he was viewing the exterior of the police court when deputy marshal Rude came down the steps.

U.S. BARS OUT MRS. PANKHURST

English Militant Suffragette Leader Is Denied Admission to U. S. Pending Special Inquiry.

HER PRISON RECORD BEING INVESTIGATED

Board To Determine if Conviction in England Was for Crime Involving Moral Turpitude.

By Associated Press. New York, Oct. 18.—Mrs. Emmeline Pankhurst, the English militant suffragette leader, who arrived here today for a lecture tour, was ordered deported by the immigration authorities within a little less than three hours after the vessel upon which she came had docked.

The special board of inquiry which decided her case voted not to admit her to the country under bond, but to send her back to France forthwith.

Mrs. Pankhurst's lawyer, Herbert Reeves, announced his intention of appealing the case immediately to Commissioner General Caminetti. Pending decision by Mr. Caminetti, Mr. Reeves said he would seek to have his client admitted to this country under bond so that she may be able to fulfill her engagement to speak at Madison Square garden tomorrow night.

Mrs. O. H. P. Belmont, the New York woman suffrage leader, who was to have been Mrs. Pankhurst's host, was prepared to give bond up to \$10,000 for Mrs. Pankhurst's good behavior while in America. Under the ruling of the special board she will not be permitted to do so and Mrs. Pankhurst must remain at Ellis Island until deported, unless the board's findings are reversed by the authorities at Washington.

Mrs. Pankhurst's deportation was ordered under section 2 of the immigration law. This section provides for the exclusion of persons convicted of a crime or crimes involving moral turpitude. The board held that Mrs. Pankhurst's convictions in England of conspiracy to commit arson were within this class.

The militant leader's case moved with unexcelled celerity. She was interrogated by immigration inspectors on board the liner Providence, upon which she made that trip from Havre, was detained but a few minutes aboard the vessel when it docked, was rushed in a special tug to the detention station at Ellis Island and taken immediately before the special board of inquiry there.
