WEEK OF PRAYER OPENS TOMORROW

Local Y. M. C. A. Has Prepared an Excellent Program for Entire Week.

The "Week of Prayer," which is observed by members of the Young Men's Christian associations all over the world, will open tomorrow, and arrangements have been made by the management of the local association to carry out the program of the entire week here. Leaders have been secured for each day, and the opening day of the observance will be in charge of Dr. S. L. Morris of Atlanta, who will speak to the men of the city at the association building tomorrow afternoon at 4 o'clock.

The subjects for prayer for this meeting will be: The world's alliance of Young Men's Christian associations, 8584 organizations with 986,131 members in 47 counties, its missionary activities, and the realization of the program outlined at the Edinburgh conference in June, 1913. There will be singing by the Asheville male quartet, under the leadership of Capt. C. H. Bartlett, and selections will be furnished by the association orchestra. Dr. Morris is one of the best speakers of the season and a big attendance is expected.

The following is the program for the remainder of the week: Monday, Rev. Dr. C. B. Waller—Subjects for prayer: Faithfulness to the application of the Gospel in social and national life; that the associations may exert a penetrating influence on society in general, as well as a personal influence on young men.

Tuesday, Rev. Wyatt Brown leader—Subjects for prayer: The raising up and enlistment of leaders; association conventions, institutes and conferences; special agencies for the training of secretaries, such as the schools at Springfield, Chicago and the five summer schools.

Wednesday, Rev. P. H. Mears leader—Subjects for prayer: The maintenance of cordial and helpful relationships with kindred societies; church brotherhoods, adult classes and the student volunteer movement; for work in the Balkan countries; and for the Moslem world.

Thursday, Rev. E. M. Hoyle leader—Subjects for prayer: The personal religious life of the members; the various religious agencies of the associations; the volunteer workers, teachers and committeemen; and for teachers' training classes.

Friday, Rev. W. E. Poovey leader—Subjects for prayer: The witness of our physical, educational and social activities to the spirit of Christ; the witness of the members by life and word as a means of leading other young men to Christ; and for classes designed to prepare men for personal evangelism.

Saturday, Rev. J. C. Rowe leader—Subjects for prayer: The growth of the missionary spirit in the American associations; the increase of systematic giving by young men, especially in the enterprises of their own churches.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made from fruit—Can't harm tender stomach, liver and bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little figs today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

ALDERMEN DECIDE THAT DAIRYMEN MUST PAY TAX

Many Matters of Importance before Board—To Open Highland Street.

At the regular weekly meeting of the board of aldermen held last night, matters of importance were brought before the aldermanic body, including the opening of Highland street to Cedar street; the matter of taxing dairies doing business in city; the request of the civic betterment league, that trash cans be placed on the street corners to do away with rubbish that accumulates on the streets.

It was brought to the attention of the board that Carl Ward, the electrical inspector, had stopped work without handing in his resignation, and as the board did not know whether or not they could appoint a successor until this was done, Ralph Hampton, the fire alarm inspector, was appointed to fill the place until such a time as a regular inspector would be appointed.

The board voted to open Highland street to Cedar street, and the matter of assessing the amount of damages and benefits to the property owners of those streets was referred to a jury, with power to act.

Upon motion it was decided that all dairies doing business in the city would have to pay the tax before November 15, or cease to operate their plants. At a meeting recently held by the dairymen, they refused to pay this tax, stating that it was illegal and the case finally went to the Supreme court of North Carolina. It is proposed by the board to collect this tax, and if the case is finally decided in favor of the dairymen to refund the money paid in to the city.

A matter that was discussed at great length by the members was that of forcing property owners or tenants to make water connections, so as to improve the general sanitary conditions of the city. It was brought out that a large number of tenants in the city had not paid their taxes and the water had been cut off. Then the question arose as to who was to pay for the water, and the city attorney held that the property owners should be held liable. Instructions were issued to the sanitary inspector to so notify all property owners.

To the sanitary committee with full power to act, was referred the question of buying new galvanized iron receptacles to be placed on the streets for the collection of rubbish.

The building permits issued last night are as follows:

- Dr. A. W. Calloway, six-room residence on Merrimon avenue; estimated cost, \$3,200. McCary company, store room on South Main street; estimated cost \$200. Woodcock & Gillis, three room residence on Herman avenue; estimated cost, \$400. J. S. Foster, store room on Southside avenue; estimated cost, \$6500. Forest Hill company, six room residence in Forest hill; estimated cost, \$3,000. J. M. Acee, five room residence on Oak Park road; estimated cost \$2,500. Sarah E. Anderson, three room residence on Cumberland avenue; estimated cost \$500.

DEALS IN DIRT.

J. S. Holcombe to S. D. Hall and wife, L. A. Hall, property located on the east side of Border street, 110 and other valuable considerations. B. George Barber and wife to Samuel Pinestein, property located on the east side of South Main street; consideration \$12,000.
