

NEWBRO'S HERPICIDE ALWAYS CREATES ENTHUSIASM

Thousands Endorse It.

Thousands of ladies throughout the world are thankful for Newbro's Herpicide, because it is that wonderful hair remedy and scalp prophylactic they owe their soft, long, beautiful hair.

Mary J. Terry, of Lovejoy, Ill., writes: "My hair came out until there was just a scanty cover for the scalp. I tried everything I ever heard of or read about until I finally used Herpicide. There is nothing like it. My head is now covered with new hair. I shall forever praise Herpicide."

Most hair troubles come from dandruff. Newbro's Herpicide removes this dandruff and prevents further accumulation. It also stimulates a flow of blood which nourishes the follicles. The scalp being healthy the hair does not come out and the new hair is allowed to grow.

There are other preparations which they say are "just as good" as Herpicide. It is not advisable to try them instead of doing any good they may do positive harm.

No one is ever disappointed in Newbro's Herpicide. The results are almost always the same, highly satisfactory, as is indicated by the fact that Herpicide has been sold for years and has thousands of satisfied friends. It is the only "genuine, original dandruff germ destroyer." There is nothing "just as good."

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications at good barber shops. Send 10c in postage for sample and booklet to The Herpicide Co., Dept. H, Detroit, Mich. Smith's drug store special agents.

Pickens. The unveiling will take place at the annual state convention of the D. A. R. and will bring to a successful consummation the wish of Mrs. Rebecca Pickens Bacon, the founder of the D. A. R. in South Carolina. Mrs. William Cummings Story, president general of the D. A. Metal Thread Novelties.

Metal thread novelties are adopted in various forms. Interesting in the extreme are the lovely brocades which show embroidered designs in combination with metallic threads. Hand-woven novelties having gold and silver threads are listed with the new patterns. While these are quite costly in all-silk weaves, their beauty is so marked that they are sure soon to be copied and made up into less expensive patterns so as to reach the desires of the woman of moderate purse.

Unlike those of antiquity, modern silk brocades are supple and fine. Combined with plain materials they make a contrast that is not too striking and gives a subdued elegance which is most pleasing.

That this is a season of artistic ideas cannot be questioned. Nowhere is this more noted than in evening fabrics. In this movement Paul Poiret, at first recognized as a couturier, and then given the well deserved title of creator of ideas, is a leading spirit in the silk field. He was the first exhibitor of the new printed fabrics, many of which are to be chosen for this season's evening gowns and wraps.—The Critic.

"I WOULD BE SWEET TO DIE"

Thought This Lady, While Undergoing Frightful Experience, Here Told First Time

Linn, W. Va.—There is no doubt but that my life was saved by the use of Cardui, the woman's tonic," says Mrs. Abbie Shackelford, of this town. "Before using Cardui, I was very bad off—would have nervous and shaking spells through my entire body, terrible sick headaches, and would find myself gasping for breath. I often thought during those trying times that it would be sweet to die.

I took many different medicines and treatments, but they did me no good. I got weaker and weaker every day.

Finally, I decided to try Cardui and got two bottles. I was certainly greatly surprised to note the quick change for the better, after taking only one-third of the first bottle. The shaky spells and sick headache have entirely disappeared. Can now walk one mile to church and back, and not feel tired.

Cardui also proved a blessing to my oldest daughter. Everyone thought she had appendicitis, on account of a bad pain in her side, but Cardui brought her back to good health.

I will never be without Cardui in the house.

Cardui will surely do for you, what it has done for so many thousands of other women. It will help you.

Get a bottle at the drug store, today.

GOOD REPORTS ARE HEARD LAST NIGHT

Dr. J. H. Pratt and Col. Dell M. Potter Tell of Bright Prospects.

There was a meeting last night at 8 o'clock in the ballroom of the Laramie hotel of the North Carolina branch of the Southern National highway association, when two very interesting talks on road work were given. Dr. Joseph Hyde Pratt spoke on the Central highway through North Carolina, which is a link of the Southern National and Col. Dell M. Potter of Clifton, Ariz., spoke on the latter route and the possibilities of its early opening across the continent from here to Los Angeles. President John A. Nichols of the local branch presided.

Dr. Pratt stated that funds have been provided already for building all of the Central highway and that the only links now that need to be put in good shape are: That through Madison county, and the link from the crest of the mountains to Old Fort. Work is going forward at present on both these sections of highway and Dr. Pratt believes that by early spring the road will be in good condition from the North Carolina-Tennessee line to the coast.

Col. Potter, who is president of the Southern National association, spoke most enthusiastically of the prospects of the early completion of the highway and said that Federal aid can be secured if the people of the various states through which it passes will only work together with this purpose in view. He said that a great deal is being done now by the people all along the route and that much enthusiasm is being aroused over the work.

He stated that he expects to start early in the spring on a logging tour of the route and will carry with him an expert road engineer and a descriptive writer who will be able to tell in glowing terms of the beauties of the route. A story of the highway will be written and published by the Harper press in magazine form to be distributed to 250,000 owners of high priced automobiles all over the country. The expense will be borne by the states through which the highway passes.

AN INCESSANT COUGH.

Continued Dropping of Mucus into my Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is apt to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankton, Texas, found relief after using Peruna that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages.

"I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured.

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

People who object to liquid medicines can now obtain Peruna Tablets.

If the top of a cake is sifted with flour before icing there is less danger of its running over the sides.

NIGHT SCHOOL OPENED FOR EXTENSION WORK

Y. M. C. A. Began the School at Riverside Club House Last Night.

The work of the Asheville Y. M. C. A. has been further extended by the opening of a night school at the Riverside club house for the benefit of the people of the cotton mill section of the city. Fred Felmet is the teacher for this school and the first class was held at the club house last night. Other classes will be held each Friday night and it is believed that a great deal can be accomplished through this work.

The night school that is conducted in the association building has been most successful for the past two years and its work has meant a great deal to those of the city who desire an education but have to work during the day. It is felt that the extension work will prove of equal benefit to the people of the section for which it is instituted.

Colonial Minstrel Maids' Play Return

ENGAGEMENT MONDAY TUESDAY-WEDNESDAY

No doubt the announcement of a return engagement of the "Colonial Minstrel Maids," which has been given the largest patronage of any big vaudeville company ever shown at the Majestic theatre, will be welcomed by the amusement lovers of the city. It was only made possible by a change in their bookings, their Chicago agents and owners having routed the company over the big vaudeville houses on the Interstate circuit in Oklahoma, Texas, etc., which theaters charge up to \$1.00 per seat.

The five acts of vaudeville, which are now appearing at the Majestic, will close their engagement tonight.
