

TWO MADEROS ON U. S. SHIP

Young Evenisto and Daniel Taken Aboard Rhode Island by Lind and Canada.

SURRENDER TO LOCAL AUTHORITIES ASKED

Fugitives Have Applied to Consul for Protection—Admiral Fletcher Is Instructed.

Vera Cruz, Nov. 22.—Evaristo and Daniel Madero, two relatives of the late president of Mexico were taken yesterday on board United States battleship Rhode Island from the consulate where they took refuge last night.

At about nine o'clock the two fugitives escorted only by John Lind, the personal representative of President Wilson, and William W. Canada, the United States consul, left the consulate building and walking across the vacant space to the sea wall opposite where lay a steam launch with an armed crew of blue-jackets from the battleship Rhode Island. The refugees stepped on board the launch which at once started off for the flagship.

As they were bidding goodbye to Mr. Lind at the launch Evaristo Madero exclaimed: "Only God can save Mexico," to which his brother Daniel added: "But only with the help of the United States."

Orders From Washington. Washington, Nov. 21.—As the result of a series of conferences between Acting Secretary Roosevelt of the navy and Counselor John Bassett Moore of the state department, Rear Admiral Fletcher was instructed to look after the safety of the refugees in the American consulates at Vera Cruz, and if necessary, to see them out of Mexican jurisdiction.

Sometime ago Secretary Bryan directed the American embassy and the consular officers in Mexico to extend rights of asylum to Mexicans who appear to be entitled to it and the first demonstration of that purpose was the assistance rendered to General Felix Diaz.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement. Cary, Maine. "I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me.

One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

of two and a half gallons of liquor prima facie evidence of guilt of selling liquor. The Supreme court sustains the lower court in the conviction of Russell and declares that this principle was settled in State vs. Barrett, 138 N. C., and in the case of State vs. Wilkerson, decided only a few weeks ago, the court holding in the latter case that such acts, including the search and seizure act, are constitutional and that the legal procedure established in such acts is valid.

CHRIST WAS WATCHED, AS ARE ALL CHRISTIANS

"And they watched Him," from the second verse of the third chapter of Mark, was the text of Dr. Laird's sermon in the First Presbyterian church yesterday. "They were those ever watching Christ when He lived on earth," said Dr. Laird, "those whose motives was to break down His influence over the hearts of men, and they were constantly laying traps for Him. So, as the world watched Him it is watching church members.

"Some Christians of an independent spirit say that they do not care what the world thinks of their lives—that it is a matter between them and God. But the fact is that God intends us to live our lives before the world; it is His way of saving the world. The world will not read the Word of God, but it will read our lives. There are several classes of people who are watching us: first, those who hate Christ and are anxious to find something to discredit religion; second, those who wish to justify themselves for not being Christians by noting the inconsistencies of church members; others are concerned over their own souls and look on us to find the way of life.

"Many find salvation through observing the lives of Christians. Church members are watched in all the relations of life; in the business, social, church and home life, and they should be genuine, sincere and honest in all these relations, and so preach the Gospel with wonderful power through our daily life. "God commended His Love to us" will be the subject of the sermon to-night, which is intended especially for young people, and all young people who are old enough to attend night services are most cordially invited.

A JURY WILL PASS ON SCHMIDT'S MENTAL STATUS

New York, Nov. 21.—The question whether Hans Schmidt was insane when he killed Anna Aumuller, cut up her body and threw it into the Hudson river, will be left to the jury that will try him for murder. Judge Foster in the court of general session denied a motion of Schmidt's attorney for the appointment of a commission to pass on his mental condition. The trial will begin November 25. Since Schmidt has confessed the murder, his defense has rested upon plea of insanity.

CHARGE THAT TITANIC WAS NOT SEAWORTHY

Claims Aggregating \$17,000,000, are Filed Against S. S. Company.

New York, Nov. 22.—Charges that the steamship Titanic was unseaworthy have been presented to the Federal District court in proceedings to determine the liability of the owners to the heirs of those who lost their lives in the noted disaster. These claims aggregate \$17,000,000 and if the courts should determine that the liner was not properly constructed and equipped, it was said that there would be practically no limit to the damages that might be demanded.

Counsel for the owners argued that the question of the Titanic's staunchness should not be included in the list that the District court must pass upon before it goes to the United States Circuit court of appeals, which will decide what the limit of the liability shall be.

All lawyers concerned in the Titanic litigation appeared in the District court to discuss these questions.

ELAM PROBABLY WILL WAIVE PRELIMINARY HEARING

Slayer of W. P. Cramer Says He Wants Bare Facts Brought Out.

Kansas City, Mo., Nov. 22.—Dr. D. W. Elam of St. Joseph, Mo., in the county jail here charged with killing W. Putnam Cramer of Chicago, probably will waive preliminary hearing and ask to be released on bond to appear in the criminal court for trial, according to a statement by his counsel, Dr. Elam's preliminary hearing is set for today.

"I want just the bare facts brought out in my case," said Dr. Elam. "If I am guilty I want to pay the penalty. If what I have done is not a crime, I want to go free." The physician, when told that his wife at the home of her mother in Detroit was suffering from hysteria, said he was sorry he was not in a position to help her.

"I hope her condition is not serious," he said. So far as the jail authorities know Dr. Elam has received no direct communication from his wife since he shot Cramer.

CONTRACTORS CONFIRM CHARGES OF GRAFT

Four Assert They Contributed \$250 Each to Fund Collected by Fowler.

New York, Nov. 22.—Four up-state contractors told Assistant District Attorney John K. Clark that each had contributed \$250 to the fund collected by Everett P. Fowler, the alleged Tammany "bagman" who is now under indictment for extortion.

The men who acknowledged the payment, according to Mr. Clark, were W. J. Burns of W. J. Burns and company; Guy B. Dickson, William Dyer and John Weidmann. They were examined by Mr. Clark preparatory to taking the stand at the resumption of the inquiry on charges of state highway graft, made by John A. Hennessy, District Attorney Whitman has refused to grant a request by counsel for George H. McGuire for immunity in connection with any revelations by McGuire regarding highway graft.

CONNIE MACK MAY BE HERE IN THE SPRING

In a Letter to E. B. Brown, Says His Team May Come for Exhibition Games.

Secretary Ed. B. Brown of the Y. M. C. A. has just received a letter from Connie Mack of the world's champions, the Philadelphia Athletics, in which it is stated that it has not yet been decided as to whether the Athletics will come here next spring for exhibition games. Mack says, however, that he will know positively within the next three or four weeks. Officials of the local league club believe that the exhibition games will be arranged here, in view of the statements made in this letter.

A short time ago Mr. Brown wrote to the great baseball manager and asked if he would present to the boys of the basket ball league the pennants and other trophies that will be awarded this year. This invitation was based, of course, on the possible coming of the team to Asheville for exhibition games. If the Athletics do come here, Mack says that he will be delighted to make the presentations. If a definite announcement of his coming is made soon, it is a safe wager that there will be a hard fight for pennants in the association league this winter.

TRINITY PARISH MEN

The men of Trinity parish were entertained last night at the home of Frank R. Hewitt on Montford avenue, with a smoker and social gathering. About fifty men were present. No business was transacted, it being a meeting where the men of the parish could come together and enjoy themselves. Several addresses were made by the men present, and the evening was very much enjoyed by those attending. Refreshments were served after the speakers had finished.

Harmon A. Miller, president of the club, presided at the meeting and the first speaker of the evening was Rev. Wyatt Brown, who said the object of these meetings was to arouse interest in the parish and diocese and he discussed the banquet that is to be given next spring in one of the leading hotels of the city. This banquet will be a large affair and it is planned to have several out of town speakers who will be on the program for addresses. Rev. Dr. R. F. Campbell was the next speaker and he told of the cordiality that exists between the churches, while Dr. R. B. Swope said that the club should become a nucleus for the churches of the entire diocese.

Rev. Mr. Otis Mead, of Roanoke, brother-in-law of Mr. Hewitt and pastor of Christ's church, spoke on the large number of men present and said that he was glad to be among the number. T. F. Davidson referred to the laymen's duty in the talk that he made, and he was followed by Thomas Settle who made a very interesting talk of several minutes. Haywood Parker was the last speaker of the evening and was said to have made the best speech, for he announced that dinner was ready to be served.

DEBATE ON CURRENCY BILL BEGINS MONDAY

Chairman Owen Will Make Opening Speech for Administration Bill.

Washington, Nov. 22.—Active debate on the currency committee bill will begin Monday in the senate when Chairman Owen of the banking committee will make the opening speech in support of the administration bill. The senate will meet Monday, Tuesday and Wednesday for currency discussion, adjourn over Thanksgiving day, and Friday will probably adjourn to Monday morning at 11 o'clock. At noon the special session will close and the regular session will begin.

In the regular session the currency debate will be interrupted to allow the senate to dispose of the bill giving San Francisco the right to take a water supply from the Hetch-Hetchy valley. A vote on that bill is expected December 6. Congress probably will take the usual holiday recess of two weeks from December 29 to January 5, in view of the president's announcement that he would rest during the holidays.

ANOTHER BASEBALL CIRCUIT IS PLANNED

Chicago, Nov. 22.—Formation of another league to add in a reported fight of organized baseball against the Federal league in its invasion of protected territory is under way, according to a story printed here. The new circuit has the backing of organized ball, says the story, and is to have teams in Pittsburgh, Cincinnati, Columbus, Indianapolis, Detroit, Cleveland, Milwaukee and Chicago. It will have a schedule not conflicting with American or National leagues or American association but will not be so careful about staging attractions in places with the Federal league.

George Tebeau of the Kansas City American association club is named as the one who planned the new circuit. That certain piece of parcel of land lying and being in the county of Buncombe, state of North Carolina, on the East side of Merrimon avenue, in the city of Asheville, and bounded and more particularly described as follows:

Beginning at a stake in the Eastern margin of Merrimon avenue, at the Southwest corner of Mrs. Paula Smith's lot it runs Eastwardly with her line two hundred and twenty-five (225) feet to a stake; thence Southwardly with the line of the lot formerly owned by J. L. Carroll, seventy-two and a half (72 1/2) feet to a stake; thence Westwardly along a line parallel to the first mentioned line two hundred and twenty-five (225) feet to a stake in the Eastern margin of said Merrimon avenue; thence with the same Northwardly seventy-two and a half (72 1/2) feet to the beginning, and being the North half of what was formerly the J. L. Carroll home place, conveyed to him by J. D. Robinson by deed recorded in Book of Deeds No. 48, at page 82, in the office of the Register of Deeds of Buncombe county, N. C., and upon which is erected a large two-story frame dwelling house known as No. 99 Merrimon avenue, and being the same property described in said deed in trust executed by said Sarah M. Carroll to the undersigned on July 8th, 1907, which deed is recorded in the office of the Register of Deeds of Buncombe County, in Book 70, at page 349 et seq., reference to which is had for further identification. This the 14th day of November, 1913.

ATTACKS SOLDIERS.

Japanese Newspaper Charges Americans Have Insulted Women on Streets.

Honolulu, T. H., Nov. 22.—The Nippon Jiji, a Japanese daily paper publisher here, continued an attack Thursday upon American soldiers quartered in this city. The paper charged that women had been insulted by the soldiers and that many feared to appear on the streets.

Brigadier General Frederick Funston, commanding the department of Hawaii, has sent a communication to the editor of the paper demanding an apology. He characterized the article as a "malicious untruth which tended to disturb to harmonious relations between the Americans and other races in the islands."
