Presbyterian)—Rev. T. A. Cosgrove, pastor. Public worship every Sunday morning at 11 o'clock; Sunday school at 9:45. The pastor preaches at the farm school each Sunday night at 7:30. Visitors will always be very welcome.

CADETS ARE PLAYING KNOX COUNTY TEAM

Football at Riverside This Afternoon Is Being Largely Attended.

A large number of local lovers of football are at Riverside park this afternoon to witness the contest between the Bingham cadets and the Knox County High school, from Knoxville. The game promises to be a very exciting one and as Bingham dropped the last game played, which was with the Tennessee Reserves last Saturday, and the first one they have lost out of five played this year, no doubt extra efforts will be put forth this afternoon in order to fight the "jinx" which swooped down on the locals last Saturday.

The team from Knoxville is very strong from reports received and they boast of not having lost a game during the present season. They are a husky looking bunch of youngsters and will doubtless put up a strong game.

Three of Bingham's men are out of the game today. Captain Hinson is laid up with injuries received during the last game, and it is said that Awtry and Salmon will not be able to play this afternoon. All three are among Bingham's strongest players and their absence from the contest this afternoon will be felt by the locals.

SAYS PURCHASE WAS VIOLATION OF TRUCE

Chicago, Nov. 22.—Purchase of the Kansas City Home Telephone company by the American Telephone and Telegraph company was vigorously protested as a violation of the "truce" between the independents and the Bell system. It was testified in the government anti-trust suit against the American company.

PROGRESS IN FORESTRY DEPENDS ON THE PUBLIC

Washington, Nov. 22.—"Progress in forestry depends more upon what the public permits than upon what foresters and lumbermen perform." This is a conclusion of the forestry committee, as expressed at the conservation congress.

"As a consequence," the committee went on to say, "public education is of prime importance, and the best methods of educating the public demand special study. Since no one else has the interest or the requisite forestry knowledge, foresters and lumbermen must learn this trade or profession in addition to their own."

"It is not forests, but the use of forests, which we seek to perpetuate and therefore to be sound and convincing education must include a knowledge of the lumber business." In presenting some of the educational devices the committee commended particularly the booklets gotten out by various forest fire protective associations. Another device is a paper drinking cup to be folded by children, each fold telling a pictured story of the growth of a forest fire, and of the evils of its effects. Still another is a match box legend which points out that while a match has a head it cannot think for itself, but is dependent on the thought of the user to keep it from doing harm in the woods.

AWAIT CONSTRUCTION ON ANTIPASS SECTION

Chicago, Nov. 22.—Some 200,000 railroad employes in Illinois are anxiously awaiting a construction of the public utilities act which will go into effect January 1 and which contains a stringent anti-pass section, to learn whether their pass privileges will be revoked.

Railroad officials, it is known, are divided regarding the application of the new law, some contending that it will do away with passes altogether. Others say the pass privileges of employes remain unchanged after the act.

REFUSAL TO ACCEPT GIFT FROM CARNEGIE ENDORSED

Elberton, Ga., Nov. 22.—Refusal by the board of bishops of the Methodist Episcopal church south to accept Andrew Carnegie's offer of \$1,000,000 to Vanderbilt university again was endorsed by a church body yesterday. The board of education of the North Georgia conference of the church commended the bishops' action. A proposal to adopt the name, Methodist Episcopal church in America was voted down.
