

COKE IS SMOKELESS

is very light to handle, and is free from dust; burns to almost no ashes at all.

In bulk it amounts to about a third more than coal, and ignites readily when dampened slightly. Order a ton, and you'll like it immensely for your kitchen range; good for grate too.

Phone 130 for coke and M. and W. Indian coal.

DAVID CROTTS

Prominent Citizen of Rutherford County Dies After Illness of Ten Days

Special to The Gazette-News.
Forest City, Dec. 5.—David Crotts, who lives four miles north of here, died Monday. He had been suffering from pneumonia for about ten days and death was not unexpected. Mr. Crotts was 64 years of age and one of the prominent men in Rutherford county.
The deceased is survived by his wife, seven children, 46 grand children and one great grand child. He was one of the largest land holders in the several immediate counties.
Mr. Crotts had been a member of the Pleasant Grove Methodist church for 40-odd years. The interment was made in the Pleasant Grove cemetery yesterday. Rev. Bate Carpenter, his old pastor, of Rutherfordton, conducted the funeral services.

BEAUTIFUL BUT FOR HER HANDS AND FEET

Cincinnati, O., Dec. 5.—If it were not for her hands and feet there would be no more beautiful women, taken as a whole, than American matrons and maids, according to Professor F. E. Triebel, sculptor and academician of merit of the Royal academy of Rome, who is one of the delegates to the National Housing association at its meeting here.
The sculptor takes the ground that the hands of American women are too angular as compared with the softer outlines of the hands of the women of the Latin countries of Europe.
What Professor Triebel thinks of the physical development of the average American man is unflattering. "American men live too fast, drink too much and are entirely too nervous," Professor Triebel is quoted as saying.

THE WAY TO PREVENT GOLD WEATHER DISEASES

There would be lots less sickness during cold weather if folks would only take ordinary common-sense precautions against it. When you hear there is small-pox around, you don't lose much time in getting your family vaccinated. But lots of you do not use the same good sense in preventing colds, the grippe, bronchitis, pneumonia, typhoid fever, rheumatism and other diseases, some of them very serious and dangerous, and some of which nearly every member of your family is almost certain to suffer from before winter is over unless some medicine is taken to build up the body and put it in perfect order before cold weather sets in.
Vaccination prevents the growth of the germs of small-pox in the blood, and puts the system into a proper healthy condition to resist small-pox. Rexall Oil Emulsion is designed as an aid to prevent as well as relieve disease. It strengthens the body to overcome the germs and helps to put your system into the right condition to resist disease. It contains the four Hypophosphites recommended by physicians to tone the nerves and blood, in combination with purest Olive Oil, to nourish and strengthen them.
You who are weak and run down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.
Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family Pleasant-tasting, containing no alcohol or dangerous drugs, you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. It does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores in the United States, Canada, and Great Britain. Smith's Drug Store, corner Pack Square and S. Main St., Asheville, N. C.

U. S. POLO MEN WILL ACT ON CHALLENGE

New York, Dec. 5.—The American Polo association will lose no time in acting upon the challenge received last night from the Hurlingham club in England for the international cup, requesting that the matches be played in this country not later than June 1, 1914. H. L. Herbert, the chairman of the association's executive committee, called a meeting for today to take up the first consideration of the challenge.
It was not expected that the matter of dates would be immediately settled but it was taken as a foregone conclusion that the challenge would be accepted quickly and that the arrangements would be completed without any dickering over details.
In polo circles it is believed that Harry Payne Whitney will undertake leadership of the preparations for the defense of the cup but that Larry Waterbury is likely to become the real commander when the team goes on the field. It is assumed that the same men who successfully defended the cup last year will participate in the practice for the next match.

CATARRAL TROUBLE ENDED—USE HYOMEL

You Breathe It—No Stomach Dosing—Clears the Head.
Use nature's remedy for catarrh or cold in the head, one that is harmless yet quick and effective.
It is the healing oils and balsams of Hyomel which you breathe thru a small pocket inhaler. This curative and antiseptic air reaches the most remote air cells in the nose, throat and lungs, killing the catarrhal germs, and quickly restoring health to the diseased mucous membrane.
Hyome has benefited so many sufferers of the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing that it is sold by Smith Drug Store, with a guarantee to refund the money if it does not do all that is claimed for it. A complete Hyomel outfit, containing inhaler and bottle of liquid, sells for only \$1.00. Extra bottles of liquid, if later needed, 50 cents. Drugists everywhere sell Hyomel.
