IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys And Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simply ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

These Kiddies Are Ready For Their Presents

Are you ready for them? They deserve the best—you know that. You want them to have the best. But they will not get the best if you wait until the last minute to make your selections. You will have to take what is left—the doll that has been pawed over for weeks, the skates that are rusty and dull.

Do Your Christmas Shopping Early and GET THE BEST.

We Are Ready to Be Bought

Your little girl would be tickled most to death to get her from Santa Claus. We are ready and waiting to be bought. But if you wait too long some one else will get us, because we are really mighty cute. Better buy us today and then you will surely have us. You can hide us in the closet until Christmas. We will not mind waiting in the dark—in fact, we rather like it.

You know you really ought to DO YOUR CHRISTMAS SHOPPING EARLY.

SHOW GREAT INTEREST IN CORN CLUB CONTEST

Thirty-Five Boys Have Enrolled—Those in Charge Effect 100.

A great deal of interest is being manifested throughout the county in the Boys Corn club contest for the next year. Superintendent of County Schools W. H. Higgs has sent letters to all the teachers in the county asking their co-operation in this work, and it is expected at least 10 boys will enroll as members of the club before very long.

Very attractive prizes have been offered to those participating in the contest, the board of education having offered to appropriate \$100 to supplement the prizes already offered by the state department, and several very valuable prizes have been offered by merchants and others in Asheville interested in the work of the club.

The Corn Club contest committee has arranged on the date of the next teachers meeting, to be held at the Asheville High school building on Saturday, December 13, for a "stand-up" dinner for the men and boys who are entering next year's contest. At this dinner it is arranged to serve coffee, sandwiches, pickles, ice cream and cake.

E. S. Millsaps of Statesville, in charge of the demonstration work for the department of agriculture in western North Carolina, will be present and give a talk on the contest. It is also planned to have Mr. Millsaps give an illustrated lecture in one of the local theaters, at which time he will use slides to illustrate the work that is now being done by the contest members in other places.

T. E. Brown, supervisor of the Boy's Corn club work in North Carolina, will be present and give some valuable suggestions in regard to the work of the clubs.

There are at present only 33 boys in the contest in Buncombe county, and it is the hope of the superintendent to make this number 100.

TO ARGUE MOTION FOR MRS. GODBEE'S NEW TRIAL

Augusta, Ga., Dec. 5.—The motion for a new trial in the case of Mrs. Edna Perkins Godbee, convicted of the murder of her former husband, Walter Godbee and his young wife, will be heard before Judge Henry C. Hammond Saturday morning at 10 o'clock. The motion was to have been argued before Judge Hammond some time ago but was postponed because of the requests from attorneys for the defendant.

It is understood that F. H. Safford, leading counsel for Mrs. Godbee, assisted by Attorneys Deake and Dixon of Swansboro and Millen, respectively, will plead that they were rushed into the trial of the case without having had time to sufficiently prepare it, that they had had material witnesses who were unable to produce at the time of the trial, and further that because of the number of disorders that had occurred at Millen about the time of the Godbee tragedy there was a demand on the part of the public for some one to be punished.

Engineer Brinkley Killed.

Columbia, S. C., Dec. 5.—Engineer Laurel Brinkley, of Raleigh, N. C., was killed and one trainman slightly injured when the switch engine backed into a freight train in the Seaboard Air Line railway yards here early today.

NEW TREATMENT FOR HAY FEVER ASTHMA, CATARRH AND HEAD COLDS

Vicks Vap-O-Rub Croup and Pneumonia Salve Relieves By Inhalation and Absorption. No Dosing.

When Vicks "Vap-O-Rub" Croup and Pneumonia Salve is applied externally, the body warmth releases vapors of Pine Tar, Camphor, Thymol, and Eucalyptol. These vapors are inhaled direct to the lungs and air passages where internal medicines cannot go. They loosen the phlegm, open the air passages and stimulate the mucous membrane to throw off the disease germs. For catarrh and head colds melt a little in a spoon and inhale the vapors, also apply well up the nostrils. For asthma and hay fever follow the instructions given \$1.00.

SECOND ANNIVERSARY PASSED IN ASHEVILLE

Mayor Blankenship of Philadelphia Receives Congratulatory Message.

Mayor Rudolph Blankenship of Philadelphia yesterday passed the second anniversary of his inauguration as chief executive of the Quaker city. The mayor, with Mrs. Blankenship and Miss Louise Adolphson, has been spending some time at the Grove Park Inn and has enjoyed himself immensely, remaining longer than was first intended. They will leave for Philadelphia next Thursday instead of tomorrow.

As a reminder of the anniversary yesterday, the mayor received from the members of his official staff, Messrs. Porter, Cooke, Loebe, Neff, Norris, Taylor and Foss, the following congratulatory telegram:

"On the second anniversary of your administration we want to congratulate you on its many and great successes and acknowledge our indebtedness to you for inspiration and example. We believe the two remaining years will round out a record of accomplishments that will be gratefully acknowledged by your fellow citizens."

His reply to this message, addressed to Cyrus D. Foss, Jr., was as follows: "I gratefully acknowledge the kind telegram sent to me by my friends and co-workers, without whose aid and advice I could have accomplished nothing during the first two years of my administration. Let us look hopefully to the future, stand firm in the good work for the city we all love so well and we need not fear the result."

A pleasant coincidence of the day yesterday was the reception tendered by the club women of Asheville to Mrs. Blankenship. The reception was largely attended and the mayor himself enjoyed the occasion, although taking no active part.

PRESIDENT WILSON'S SMILE RESERVED FOR POSTERITY

New York, Dec. 5.—President Wilson's smile was sealed up today in an air tight, water tight and fireproof container and locked in the vaults of the modern historical record association in the New York public library building. It is proposed that the record of facial expressions, which have been done in moving picture film will be kept in the vaults for a hundred years and then be brought forth for the entertainment of the generations.

"RED" ROWE IS SIGNED FOR THE ASHEVILLE TEAM

A letter was received here yesterday afternoon from Manager Louis Cook of the Asheville team, in which he stated that he had signed William H. Rowe, better known in sporting circles as "Red" Rowe, as an outfielder and catcher for the Asheville team next year. Manager Cook states that Rowe has played for him and that he is a good reliable player. During the last two seasons he has been with the Ottawa, Canada, team and is reported to have made a splendid record.

Serious Quake.

Lima, Peru, Dec. 5.—Another serious earthquake occurred yesterday in the vicinity of Chahuancas, capital of the province of Aymaraes, in the department of Apurimac, South Peru. No details have been received, but it is believed that a volcanic eruption has occurred or is imminent.

Bon Marche The Christmas Store
Christmas Shopping Is Now On---Join the Merry Throng

Early Christmas shopping is the order of the day. This store has felt the effects of the "Early Shopping Movement," and presents to the public a Showing of Useful Christmas Gifts the like of which Asheville has never seen before.

We started buying for Christmas, 1913, right after last Christmas, when we put in our order for several thousand dolls to be imported. This gave us prices that to the customers of this store will seem unusually low.

The ART GOODS and NOVELTY Sections are now the scenes of strenuous selling. Folks are making up lots of giftthings this season. You'll find our Art Department replete with valuable ideas in Christmas Giving.
