MONTHLY MEETING OF THE EDUCATION BOARD
A Number of Matters Relative To Schools of County Taken Up Yesterday.

Many matters of importance were before the county board of education at the meeting held yesterday afternoon in the office of the superintendent of county schools. Nearly all the matters brought to the board's attention were acted upon, although several of them were held open until the next regular meeting of the board.

February 10 was the date set for the local tax elections for the graded schools in the Flat Creek and Macedonia districts and the following men were appointed as officers of the election: W. H. Chandler, registrar, and Oscar Sams and Cecil McElroy, judges, for the Flat Creek district; T. M. Knight, registrar, and Dave Tate and Bedford Moore, judges, for the Macedonia district.

The board ordered Superintendent W. H. Higgs and G. P. Gaston to sell the Miller Hill and Luther Hill school sites. These sites have been abandoned by the consolidation of the two schools. This is following out the plans of the present board to consolidate two schools in the same district, where it will work to the advantage of all concerned.

The superintendent was instructed by the board to give a certificate of information in all the cases of school tax errors in the county to the county board of commissioners in order that the matter can be brought before the county board of education at once.

It was ordered that all lumber not used in the building of the Leicester school building be sold by Oscar Dinkelt. The board decided to cover the new building at Leicester with metal shingles, but left the matter so that if the patrons of the district wish to advance the money for a better roof it can be done.

The board ordered that \$2 be paid out of the general fund in each school district for each of the teachers for two days' recitations.

LITERARY SOCIETY IS ORGANIZED BY BOARD

Boys of Y. M. C. A. Will Engage in Debates and Declamations.

An important decision of the boys' governing board of the Y. M. C. A. was made at a meeting of the board last night, when it was decided to organize a literary society for the purpose of developing the debating powers of the younger members of the association. The methods of conducting the society will be outlined by a committee which was appointed last night, with Charles Tennent as chairman, and which will report at the next meeting.

The boys will have the full co-operation of the management of the association in the conduct of this new society, since the need of such an organization has long been felt. There will be declamations as well as debates and it is believed that the work of the society will be a great added attraction for the boys of the city.

It was also decided at this meeting last night to send letters of thanks to W. E. Collins, director of the orchestra; H. A. Dunham, director of the Victrola concert; and the members of the Ladies' auxiliary, whose co-operation helped in making the "open house" celebration such a decided success.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Luster with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, its troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one will tell, because it does it so naturally, so evenly. You just dampen sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.
