

TOMATO CLUBS ARE BEING ORGANIZED

Miss Margaret K. Scott, Assistant Supervisor of the Work, Here Today.

BUNCOMBE TO HAVE A REPRESENTATIVE

Work of Organization in the County To be Pushed Rapidly—Rules Announced.

Recently the county board of education appropriated \$100 towards the work in this county and the state department of agriculture added \$100 for the work here. With this money it is expected to start the work in every township in the county, and as other money comes in to establish even more than one club in a township. In fact it is the aim of those in charge of the work to have one Buncombe county with Girls' Tomato Clubs and make the interest so general that it will reach every girl in the county.

The following enrollment rules have been arranged and will be mailed out to girls in the county, who it is thought will be interested in the work, or anyone can get copies by calling upon Superintendent Hipps, at his office in the county court house:

- 1—Girls enrolling may be from ten to eighteen years of age.
- 2—A few older may be enrolled in each club but may not compete for prizes. These women shall be subject to the same rules and regulations governing the girls' club. Club labels will be allowed them only on condition that work comes up to the standard.
- 3—Each girl must plant 1-10 acre of tomatoes, snap beans, cucumbers, or some other garden vegetable which she is to market fresh, use at home, or can.
- 4—Girls may hire their land broken but are expected to do the cultivation, pruning and canning, charging up their accounts at ten cents an hour for all work done by themselves or others. Mothers co-operation is asked on days when the canning is too heavy for one person.
- 5—Each member must keep daily record of her work on special blanks which will be furnished—how long she worked, how much fertilizer she used, how she combated disease, etc.
- 6—Each member must read instructions sent her and try to follow them closely.
- 7—All money cleared on her tenth acre is to be banked in the girl's name that she may spend it as she will. One can learn to spend money wisely only by having money to spend. Fathers are asked to agree to this before girls shall be enrolled.

GALAX THEATER NOW HAS HANDSOME LOBBY

All Changes Completed and Will Re-open Tomorrow Night—The Program.

The Galax theatre will be reopened to the public this evening at 7 o'clock. The workmen who have been engaged for the past ten days on the has-relief, stucco and mosaic work have completed all the ornamental work on the new lobby and the entrance presents a handsome appearance. It is possibly not excelled by any other moving picture house of its size in the South.

The interior offers a pleasing surprise in the new arrangement, with two aisles of the new opera chairs. These are of the latest design, with folding seats upholstered in leather with form fitting backs, the arm rests of handsome circassian finish. The seats are altogether commodious and comfortable. The special feature at the theatre tomorrow evening will be a Lubin drama, in three parts. It is full of interesting climaxes. It is entitled, "The Cry of the Blood."

For making tough meat tender there has been invented a hammer, the head of which terminates in a number of knives to cut the fibers.

WOOD'S FAMOUS Brimmer Tomato.

The Peer of all tomatoes for large, uniform size and superior table qualities. Market growers sell it at more than double the price of ordinary tomatoes.

Wood's 1914 Descriptive Catalog gives reports from customers, showing large profits from growing this variety. Wood's Catalog also tells about all the best

Farm and Garden Seeds.

It is the thirty-fifth year of its issue and is more valuable than ever. Mailed free. Write for it.

T. W. WOOD & SONS, Seedsmen, - Richmond, Va.

NEGRO BOY KILLED BY AUTOMOBILE

Tommy Mills, Struck by Machine, Dies on Way to Hospital.

Tommy Mills, a fifteen year old negro boy, was run over and almost instantly killed about 2:30 o'clock yesterday by Thomas McClellan, colored, who was driving an automobile on Southside avenue, near the intersection with Choctaw street.

According to the statement of Mrs. M. H. Pressley, who says that she was a witness to the accident, McClellan was driving at a fast rate of speed down Southside avenue and the boy was walking in the street on his way home from school, she thought, when the machine driven by McClellan struck him and ran over his body. An officer nearby was notified and the police patrol was ordered. The boy was taken to the Mission hospital, but died just as the patrol reached the grounds of the institution.

McClellan was arrested and is now confined in the city jail. When locked up he made a statement to a Gazette-News reporter, in which he said that he was driving very slowly, down Southside avenue, when he saw two boys in the street; that just before reaching them, one pushed the other in front of the machine and he could not stop before striking him.

The Mills boy lived on Livingston street and attended the Catholic Hill school.

A NEW LADIES' STORE TO BE OPENED HERE

S. J. Philipson Organizes Company to Open Dry Goods Store at Glaser Stand.

Another store is to be opened in Asheville this spring that will carry a complete line of dry goods, ready-to-wear garments for ladies, notions, etc. This store will be at the southwest corner of Patton and Lexington avenues, at the stand now occupied by the clothing store of I. W. Glaser, and the opening is expected to be held about March 1. The building has already been leased by the proprietors of the new establishment.

The name of the new company has not yet been announced, although it is headed by Samuel J. Philipson, who organized it. The names of the stockholders have not been divulged, but it is stated that the company is composed of local men of large means, which will insure the success of the new venture.

Mr. Philipson is well known in the business circles of the city, having come here about 18 months ago. He has had a wide experience in the lines which are to be handled, and under his management there is little doubt but that the new business will be an attractive and profitable one for the city.

MEXICANS CONCENTRATE FOR DECISIVE BATTLE

Will Decide Whether Rebels Can Push on Into Southern Mexico.

Chihuahua, Mexico, Jan. 24.—Rebel and federal forces are concentrating their forces for a decisive battle at Torreon—a battle that is expected to decide whether General Villa can push on into the central and southern states with his victorious army from the north. Villa has advanced the bulk of his army to Jimenez, half way to Torreon, without resistance.

There is every indication that the Huerta government is preparing to make a desperate resistance at Torreon. General Refugio Valasco, federal commander at Torreon, has sent his force northward to Bermejillo and Napiim. It is believed that the Valasco has been reinforced by troops from garrisons to the east and south.

DIES IGNORANT OF CLEARING OF NAME

San Francisco, Jan. 24.—The name of John L. Howard has been cleared of the charge that had implicated him, as president, with seven other officials of the Western Fuel company now on trial in the alleged conspiracy to defraud the government out of import duties. Permission for the prosecution to dismiss charges against him was received from Washington too late, however, to ease Mr. Howard's last hours, as he died Thursday in Oakland, the victim of apoplexy, ignorant that his plea that "I want this unfounded stain to be wiped out before I go," had been granted.

HEIR BORN TO PRETENDER TO THRONE OF FRANCE

Brussels, Belgium, Jan. 24.—An heir to Prince Victor Napoleon, official pretender to the imperial throne of France was born here yesterday. Prince Victor Napoleon, who is in his 52nd year, was married in 1910 to Princess Clementine of Belgium.

JUDGMENT RESERVED IN TWO CASES TODAY

Number of Defendants in Police Court But Few Heavy Sentences Imposed.

A large number of cases was called in police court yesterday although final disposition was not made in some of the important ones, verdict and judgment being reserved until a later date.

The cases against Charles Tois, colored, and J. Coon, colored, the former charged with assault and carrying a concealed weapon and the latter charged with assault, were continued until March 3. The cases were gone into and the evidence heard for both sides, but the court decided to hold the cases open for judgment until later. The evidence as produced this morning was contained in the story in The Gazette-News, published the day the fight occurred between the two defendants.

Joseph Bruce was taxed with one-half the costs for peddling without a license.

Dr. E. R. Smith was taxed with the costs for injury to a fire hose, it being brought out in evidence that Tuesday morning at the fire at 728 Starnes avenue he drove his machine over a section of the hose in the street. This was admitted by the defendant, who said that he did not see the hose in time to avoid driving over it.

A larceny case against Dewey Williams was continued.

John Bryant, Ben Davis and George Henry, all negroes, were each taxed with the costs for gambling. They were caught last night in the servants' quarters of a local sanitarium "shooting craps."

Ollie Patterson and Norah Baker, colored, were found guilty of assault and prayer for judgment was continued in each case until June 1.

Thomas Pasley was found not guilty of assault.

Henry Smith was given six months on the roads for assault, with appeal bond fixed at \$300.

A capias was issued for William Salton, charged with speeding.

The retailing cases against "Bunk" Farr was continued and Farr was given 24 hours to leave the city, at the end of which time the capias against him will be served, if he has not left.

ASHEVILLE REBEKAHS CELEBRATE CAMPAIGN

Banquet to Celebrate Successful Membership Campaign Given Last Night.

The membership campaign which was launched early in November by the Swannanoa Rebekah lodge has closed with the addition of about 50 new members. It was one of the most successful campaigns ever conducted by the local lodge, and in order to celebrate fittingly, the members gathered at the Odd Fellows' hall on Church street Thursday for a banquet.

The affair was most successful, those present enjoying a delightful spread, enthusiastic talks, recitations and music. There were two teams in the campaign, led by Mrs. W. H. Bird and Miss Eliza Bell. The team of the former won in point of new members secured and these constituted the guests of honor last night. Miss Bell's team tendering the banquet. The leader of the losing team acted as toastmaster.

One of the features of the evening was the sale of a huge cake, baked by Mrs. W. D. Meacham, by auction. A neat sum was realized from the sale and this will be forwarded immediately to the Odd Fellows orphanage at Goldsboro. There were about 100 members present to participate in the celebration and in the spirited bidding on the cake at the auction which followed.

IMPORTANT MEETING FOR TUESDAY NIGHT

Central Labor Union to Consider Important Matter—A Social Later.

Every member of Central Labor Union is urged to be present at the new hall in the Hilliard building, South Main street, next Tuesday night when there will be a matter of great importance to come up for consideration. The nature of the business is not announced, although it is stated that strong resolutions will be introduced and voted on.

The business session will be short and then the new headquarters will be christened by a social gathering, when an extensive program of entertainment will be carried out. The meeting is expected to be one of the most largely attended of the year.

STEAMER PUTS BACK BECAUSE OF MUTINY ON BOARD

Liverpool, Jan. 23.—Mutiny broke out on board the steamship Devonian after she left Liverpool yesterday and she was compelled to put back to Holyhead where nineteen of her crew were arrested. The trouble occurred when the union sailors refused to obey orders of the ship until the non-union men had been put ashore.

INSTALLATION OF THE LIGHT POSTS FINISHED

When Bulbs Are Attached, Asheville Will Have "White Way."

All the light standards along the north side of Patton avenue have now been installed and the wiring completed. The standards are now receiving a fresh coat of paint preparatory to completing the "white way," and it is expected that the current will be turned on within a very few days. The wiring was completed yesterday and all that remains to be done now is to attach the bulbs. The tomato cans that have so long decorated the standards on the south side of Patton avenue and around Pack square are expected to be relegated to the past tomorrow or early next week and then the city will have a lighting system in the business section that will be second to none in beauty and effectiveness.

The "white way" has been a fond dream of the people of the city for a long time. Last spring an active campaign was begun to secure the system that has now been installed and the money was quickly raised for Haywood and North Main streets. The property owners along the south side of Patton avenue and around the square also lost no time in subscribing to the fund, but the north side of the avenue remained delinquent, thereby holding up the completion of the circuit for the other two sections that had subscribed. A short time ago another campaign was started for the delinquent section and through the efforts of S. A. Lynch the fund was secured. The installation has followed and now the "white way" may be turned on at almost any time.

MINORITY REPORT URGES SEATING OF SEN. GLASS

Contend Direct Election Measure Has No Application To Past.

Washington, Jan. 24.—Disagreeing with the majority of the senate privileges and elections committee who voted adversely on the seating of Frank P. Glass as senator from Alabama, Senators Bradley of Kentucky and Clapp of Minnesota, submitted a minority report yesterday. They contend the seventeenth amendment for direct election of senators had no application to the past; that it expressed popular will merely to inaugurate a new system to elect senators in the future, after terms of those in office expired and that framers of the amendment had this in mind in a clause providing that the amendment should not "be construed as to effect the election or term of any senator chosen before it becomes valid as part of the constitution."

"The object of this saving clause," says the minority report, "was to prevent any conflict between the old law and the new."

It further maintains that Governor O'Neal was clearly within his rights in appointing Mr. Glass to fill an unexpired term under the provisions of the old law.

MANY PERSONS INJURED IN COASTING ACCIDENTS

One Young Man Dead and Nine Are Sent to the Hospital.

West Point, N. Y., Jan. 23.—Three coasting accidents on Mile Rock hill in Highland Falls near here during the past twenty-four hours caused one death and sent nine persons to the military hospital. Harry J. Young, who died today, was a young private in the field music detachment at the military academy.

Young was steersman on a bob sled loaded with soldiers which ran into a telegraph pole last night. Private Russell C. Elliott, also a musician, suffered a fractured skull and will probably die. Three other privates were slightly injured. Lieutenant James Gordon Steese of the engineering corps, and instructor at the military academy, broke his leg yesterday afternoon, when a bob sled carrying the party of officers and their wives collided with an ice wagon. Mrs. George Videmer, wife of a cavalry captain, and Captain Frederick B. Downing of the engineering corps also were badly hurt in this accident.

WAS NOT PASSING ON STOCKS LEGISLATION

Washington, Jan. 24.—President Wilson has taken no attitude for or against legislation regulating stock exchanges, White House officials say. They asserted that his remarks to callers that he had omitted from his message the subject of stock exchange regulation because it was not included in the democratic platform was not to be interpreted as approval or disapproval of any proposed action by congress.

The president, it is said, desired to have corrected the impression that by his remarks on the scope of his recommendations to congress, he was passing upon the merits of stock exchange legislation.

This is What Makes My Hair Pretty

NEWBRO'S HERPICIDE

To Have Beautiful Hair Use NEWBRO'S HERPICIDE, The Dandruff Eradicator and Scalp Prophylactic.

Dandruff causes the hair to become harsh, brittle and uneven. It not only checks the natural growth but finally saps the life of the hair and it falls out. To realize the true virtue of Newbro's Herpicide one must use it regularly and intelligently. It is not alone by keeping the scalp clean and free from the scale-like accumulations, called dandruff and preventing the hair from falling out that Herpicide demonstrates its great merit. This is also shown by the increased beauty of the hair which takes on a luster and charm that cannot be denied. There is no mistaking the hair which is treated to an application of Newbro's Herpicide two or three times a week. It has a sheen, shimmer and life beautiful to the eye and indicating health and cleanliness in both hair and scalp.

Herpicide is a delightful hair dressing and has a dainty and exquisite odor. You will like Herpicide. It stops itching almost instantly.

TWO SIZES, FIFTY CENTS AND ONE DOLLAR.

Sold everywhere and satisfaction guaranteed or money refunded. Applications may be obtained at all first class barber shops and hair-dressing parlors.

There are many imitations of Herpicide and a score of preparations claimed to be "just as good." Demand the genuine article and get it. Herpicide produces results that satisfy.

Send 10 cents in silver or postage to the HERPICIDE CO., Dept 83 B, Windsor, Ont., for a trial bottle and a pamphlet, telling all about the hair and its care, which are sent to any address postage paid.

DON'T WAIT—SEND 10 CENTS FOR SAMPLE AND BOOKLET TODAY
 THE HERPICIDE CO., Dept. 83-B Windsor, Ont.—Please find enclosed 10 cents for which send me sample bottle of Newbro's Herpicide, also a booklet on the care of the hair.

Chalmers was the Master Car at the New York Show

To All Automobile Buyers:

I have just returned from the New York Automobile Show—the biggest and best Motor Car exhibition ever held in America. Seventy-six different makes of cars were shown there and I studied every one carefully.

There was nothing at the New York Show to compare with the Chalmers Master "Six." This is not my opinion alone, but also the decision of the public.

No other exhibit drew such crowds; no cars attracted so many buyers as the Chalmers.

Simply because everyone could see that the Chalmers Master "Six" is in a class by itself.

After seeing everything, and making comparisons with even the highest priced, I knew the Master "Six" was not equalled for beauty by any car at any price. There wasn't a car shown in New York with such a clean and graceful streamline body as the Chalmers. I saw a lot of imitations of Chalmers molded ovalfenders—but nothing that even approached them in good looks. I wish you might have been there to see all makes of cars side by side. I know you would agree with me that the Master "Six" is the handsomest car on the market.

Mechanically, it was the wonder of the New York exhibit. The Master "Six" chassis was continually surrounded, not only by customers but also by engineers from other companies. In all the time I was in New York I did not hear a single adverse criticism on the Chalmers chassis—not one. And on all sides I heard people saying: "It's the cleanest chassis in the Show."

The Chalmers-Entz electric starter was positively a sensation. Even Chalmers competitors said its silence, simplicity and power beat anything in the Show.

If I heard one, I heard a hundred people who had studied every car say the Master "Six" is more real automobile for the money than ever was built either in this country or abroad.

This wasn't all talk either. The sales of the Master "Six" during the Show were ahead of any other New York exhibition. I never saw anything to equal it.

It's this big evident superiority over everything on the market that has enabled me to beat all local sales records with the Master "Six." Right in this territory, men, who have never owned any but the highest priced car have told me the Chalmers "Six" is the most wonderful and the best designed car in America today. And they have backed their opinion by buying the Chalmers.

That's a pretty strong claim. But I know it; and everybody who was at the New York Show knows it.

So I want you to come in and let me show you this wonderful Master "Six." You can judge for yourself if what I've told you isn't true. I'll put it up to the car to prove what I've claimed. For just as sure as fate, if you once see the Master "Six" and ride in it, you'll be just as enthusiastic as I am. Just call or phone as soon as convenient.

E. C. BAWYER.

Asheville Automobile Co.
