Building Occupied by Morris Myers' Store Is to Be

Remodeled.

JOINING STOREROOMS TO BE CONSOLIDATED

Extensive Interior Work Planned and Solid Front Is to Be Built to Establishment.

Work has been begun on the building on South Main street occupied by the Paials Royal, of which Morris Myers is proprietor, which, when completed, will make of it one of the most modern stores in the city. The interior and front of the building are to be completely remodeled and it is estimated that the work on improvements will consume about a

Two adjoining storerooms have been used by the Palais Royal for some time, the two being connected by an entranceway to the rear of the building. The entire partition between these two storerooms is now being removed in order to throw the two into one. When completed, this will afford a floor space on the ground floor of 60 by 125 feet, all in one big department.

The entire 60 foot front of the two stores as they now stand will also be taken out and a solid front installed. A single broad entrance will be provided and on each side there will be solid plate glass windows. The entrance will be laid with tile and when the improvement is completed the front promises to be one of the hand-

somest in the city.

A great deal of work is to be done on the interior of the building, in ad-dition to the removal of the dividing partition. Metal ceilings will be installed, the floors will be brought up to a level and the entire interior will be redecorated. The most convenient arrangement will be made for the Matters of Back Wages Claim benefit of the customers of this es tablishment.

The second floor of the building which is now occupied by this concern, will also be remodeled and rearranged and a broad, easy stairway will lead from the first to second floors. The plans have been gone over very carefully for some time, in order that no necessary detail of the improvements might be overlooked, and Mr. Myers is confident that when the work is completed he will have one of the most up-to-date establishments to be found in the city, or even in the

The Palais Royal was established here 18 years ago by Mr. Myers, and when it was first opened there was only one-sixth of the floor space now occupied taken by the store. Three years later the whole of one of the stores was taken over, and still later an addition was built. The bustness continued to grow by leaps and bounds until it has become necessary

The lines carried include dry goods, notions, ladies' ready-to-wear garments and millinery. These lines will still be carried when the improvements are completed. Mr. Myers states however, that he expects to considerably enlarge each department and carry a bigger stock and a more exclusive stock than ever before.

ESCAPED CONVICTS ARE CAUGHT IN KNOXVILLE

Zeke Austin and Paul Thompson, Wanted at the Local Chaingangs, in Custody.

Thompson was serving a sentence for five years for burglarizing the store of I. W. Glaser several years ago and had served about three years of the time, it is stated. Austin was server ing a sentence of several mostly her.

There is still a hope that the locals ing a sentence of several months, havbeen convicted on charges of assault, retailing and larceny. Both men have long court records and have been convicted a number of times on veral different charges.

BANK AT LYERLY, GA. IS ROBBED OF \$4,000

Lyerly, Ga., Jan. 31.—The bank of Lyerly, a state institution was robbed of \$4,000 during Thursday night by a robber band which drew a barsicade of barbed wire across streets that approached the building, stationed an outpost to keep the town terrorised by firing occasional wild shots, and than dynamited the bank vault. Hence of the citizens ventured from lover until the robbers had left the payment.

Reminiscinces of the Old Stage

Coach Days in Piedmont Section

J. J. Korner, in Kernersville News.

On a cold, dark, rainy night, I think, it was in November, 1855, my father was then living in the old brick residence two miles west of Kernersville, on the main Salem road. Supper was over, and the family all seated around a big blazing fire. At short intervals we could hear a noise out down the road, as if some one were in trouble. We all, old and young, could but wonder what it meant. So, after wondering, my father said we would go out and see what that meant and the "mystery explore." No sooner said than done, and off we "tun."

A short distance down the road toward the creek we found the stage coach, four-in-hand and driven by a Mr. Be.

Farm and

Time with its lightning speed had blows away the amoke and din of battle.

The old stage coach was becoming aconewhat forgotten. A railroad from Greensboro to Winston must take the place of the old stage coach. A cempany of stockholders for the enterprise was organized. Mr. E. Belo was elected president and Mr. Rufus Patterson secretary and treasurer. I took a small amount of stock in the road. I also took a small contract to grade part of the road. I had a little business with the work on the road that made it necessary for me to go see the president (Mr. Beloi. I borrowed a small pony of a neighbor to ride to Salem.

I found Mr. Belo in his office in the north and of his atore building. After I had finished my business with him be asked me how I was traveling. I told him I was horseback; he said if I would wait a few momenta we would go together down the railroad line, as he had business down there. This suggrestion from him was tarrible on me while I feit highly honored to be invited to ride
