

ERE! MEN OF MODERATE HAIR

Read This HERPICIDE

You will often see a man who fulfills your ideal of a man in almost every particular. He may have a good physique, perfect manners, interesting personality and bear himself with the distinguished air of a gentleman. His linen is immaculate, his clothes faultless as to cut and fit. But all the pleasant first impressions are ruined when you discover the collar and shoulders of his covered with loose hair and dandruff.

There is an indication of personal uncleanliness, not to say uncleanliness. It is like telling him to get a bottle of Newbro's Herpicide, and if you are a real friend to him you will tell him. This remarkable remedy in a short time remove every trace of dandruff from his head, stop hair from falling and prevent becoming bald. Bald-headed men are not so much looked upon as they were once.

Dandruff is due to a germ which forms the scale-like accumulation. Newbro's Herpicide, used intelligently, destroys the accumulation, prevents hair from falling out and stops itching of the scalp instantly. It has a most delightful odor. It is the Original Remedy, destroys dandruff. There is nothing in the world just like it. It is just as good as gold. Newbro's Herpicide is 50c and \$1.00. It is sold by all dealers who guarantee to do all that is claimed. If you are not satisfied your money will be refunded. Applications obtained at the good drug stores.

Send 10c in postage for a sample and booklet to The Herpicide Dept., R. Detroit, Mich.

EVENTS FROM THE WORLD OF SPORTS

Albany, Jan. 31.—A charter was held yesterday for the Greensboro Athletic Association, Inc., of Greensboro. The capital is \$10,000 authorized \$550 subscribed by Julius Cone, S. Clary, Paul C. Lindley, M. C. Hart, D. J. Brandt, E. Bain and McKnight. The corporation has authority to maintain all kinds of athletic sports, especially baseball.

and will take the Greensboro franchise for the North Carolina baseball league.
Attorney Retained.
New York, Jan. 31.—That the Irish-American Athletic club will do all in its power to prevent the Amateur Athletic Union from disqualifying Hannes Kolehmainen and Abel Kiviat, its two great runners, is shown in the club's action in retaining John F. Dooling as special attorney to look after the boys' interests, announcement of which was made today.
Mr. Dooling was instructed to appear with Viviat and Kolehmainen before the local registration committee when they are tried on February 1 and if the runners are suspended by the committee to appear before a Supreme court justice and argue for an injunction restraining the A. A. U. from keeping two athletes out of competitions.

SEVEN PRISONERS ARE PARDONED BY GOVERNOR

Most of Them Old and Disabled—Conditioned on Good Behavior.
Special to The Gazette-News.
Raleigh, Jan. 31.—Seven pardons were granted yesterday by Governor Craig, one on account of newly discovered evidence that the trial judge advised the prisoner he presented at his trial; and the other six being to convicts who have served long terms and are now disabled.
Ed Moore, New Hanover county, serving one year for assault with a deadly weapon, is pardoned because of newly discovered evidence.
A. E. Ingram, Cumberland county, serving four years for bigamy. He is an epileptic and weak minded.
William Morris, Edgecombe county, serving twenty years for burning a barn. He was hurt accidentally in railroad construction eight years ago.
Alex Landers, Guilford county, serving fifteen years for second degree murder, is old and totally disabled and paralyzed.
Ramsey Jackson, Haywood county, serving ten years for highway robbery, is old and totally disabled and nearly blind.
Kelley Montgomery, Surry county, serving ten years for second degree murder, is old and totally disabled and has been in the consumptive ward for eight months.
Jim Faison, Pender county, serving ten years for burglary, in the second degree, has been in the tuberculosis ward for two years, is old and totally disabled.
All these pardons are conditioned on future good behavior.

TREAT CHOLERA IN HOGS WITH SERUM

Department of Agriculture Is Doing Much to Eradicate Disease.

Washington, Jan. 31.—The department of agriculture, during the past year, has been conducting campaigns in Indiana, Missouri, Iowa and Nebraska to control the contagious disease of hogs known as "hog cholera" by means of anti-hog cholera serum and farm quarantines. In one county (Pettis county, Missouri) where there was a loss of 18 per cent in 1911 and 35.6 per cent in 1912 of all hogs raised, there was only a loss of 14.7 per cent up to November 1913. This decrease was due to the use of the serum, which although not used there by the department's agents until August, 1913, materially reduced the loss. About 60,000 hogs were raised during the past year and of the 16,000 that died of the hog cholera only about 1,000 were lost after the active use of serum and quarantine measures were inaugurated.
In every county where these measures were employed, even though begun after the disease had continued its ravages for some time, there was less loss from hog cholera than in either of the two preceding years.
In addition to its great function as a preventive, it has been found that the anti hog cholera serum would cure a large proportion of hogs in the early stages of the disease and render them immune after recovery. However, if hogs are not treated by this serum from 75 to 100 per cent of all affected herds die. This serum so far as is known, is the only thing that will prevent the disease.
Of hogs actually sick when treated, the departments inspectors lost but 25 per cent during the past summer. Of well hogs in diseased herds, 2.8 per cent died after being treated and of hogs exposed in herds less than 1 per cent died after being inoculated with the serum. In an infected herd there is always a certain proportion of hogs that are well.
The inspector examines the hogs when he arrives, takes the temperature of all hogs in the herd and separates the sick from the well. The temperature is an indication of the sickness. The temperature of a sick hog, unless the hog is near death, will run above 104 degrees and sometimes as high as 107 degrees or 108 degrees Fahrenheit.
Some states are engaged in the manufacture of serum to cure this disease. This serum requires special treatment to preserve its quality and a qualified man to produce it. Sufficient serum to treat an average hundred pound hog costs about thirty cents at a liberal estimate. The treatment is by hypodermic injection.
The department in initiating its campaign against the devastating hog disease has only been able to commence in a few of the districts where the cholera was the most widespread and where the active co-operation of the state was offered in enforcing the ordinary quarantine measures etc.

SOLD SHOE LACES AND ACTED AS "LOOKOUT"

Hazleton, Pa., Jan. 31.—In the double role of deaf and dumb mendicant and "lookout" for a gang of postoffice robbers, Michael Scanlon stationed himself in front of the postoffice at Conyngham, near here yesterday and sold shoe laces and matches while his companions blew open the safe and escaped with several hundred dollars. Scanlon, who later was arrested when he lost his way coming from Conyngham to this city, confessed his part in the robbery and implicated two other men known as "Philadelphia Slim" and "Philadelphia Whitey." Both the latter are wanted in other parts of the country for similar offenses according to the local authorities. He said he became separated from the other men after an exchange of shots with the postmaster, who was awakened by the noise of the explosion.

FIREMEN HURT IN PIANO FACTORY FIRE

New York, Jan. 31.—Three firemen were hurt, one seriously, in a fire which destroyed the Walters Piano factory at 236 East Sixty-third street early today. The firemen were on the second floor when a varnish vat beside them exploded. The flames reached a public school building adjoining the factory but were checked before much damage resulted. The property loss is estimated at about \$300,000.

AMUSEMENTS

"Everywoman."
The term "dramatic spectacle," which is used by Henry W. Savage to describe his production of "Everywoman," which will be seen here shortly, means a panoramic series of beautiful stage pictures with a plentiful admixture of opera, musical comedy and drama. The company numbers over one hundred and fifty people and three ear-loads of scenery and electrical effects are transported from city to city on the tour which extends from coast to coast.
"The Blindness of Virtue."
Founded on a subject that is now being discussed in every civilized home in which there are children, Cosmo Hamilton's great play, "The Blindness of Virtue," will be presented at the Auditorium at an early date, by William Morris' All-English company, direct from their sensational engagement from the Little Theatre, London. The organization is in this country for only a short time. According to reports there can be no doubt that Cosmo Hamilton has hit upon a theme greatly in need of ventilation and one that is now being seriously agitated by all right-thinking people. "The Blindness of Virtue" is said to contain behind its veil of brilliant comedy and thrilling dramatic situations, a sermon of great value and a thrilling indictment of the fashion of permitting children to grow up in ignorance of certain impulses and conditions. "The Blindness of Virtue" tells the story of the daughter of a rector of a small parish near London. A young man who has been sent down from Eton and Oxford and regarded with despair by his father is sent to study with the vicar. A final resort. The vicar and the daughter of the vicar fall in love with each other. The girl not understanding certain inward impulses throws herself into a compromising situation with the student. The rector appears and at once falsely accuses the young man when the daughter frequently demands to know the meaning of the accusation the father sees what might have been the result through his daughter's ignorance and begins to understand that the blame for the whole affair rests upon himself and his wife. Cosmo Hamilton has written into the

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time "Pape's Diapepsin" In Five Minutes All Stomach Misery is Gone.

Really does "put bad stomachs in order"—really does "overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous and the joy is its harmlessness.
A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.
It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

play a number of brilliant comedy scenes as well as startling dramatic situations and it is enacted by all English company, under the direction of William Morris.

"Honey Boy" Evans' Minstrels.
With a company of minstrel favorites embracing such players as John King, Sam Lee, Vaughn Comfort, Comby Hyde, James Meehan, Eldon Durand, William H. Thompson, Joseph Gillespie, Ed. Lindeman, Will Cawley, "Rags" Leighton, Master Paul Van Dyke and others, George Evans will be seen at the Auditorium on Monday, February 9th, giving matinee and night performance.
A new program of up-to-date minstrel in an all new scenic frame and with an all new wardrobe embellishment will be offered. Of course, the singing corps will offer new songs and the big orchestra of the company under the skillful baton of Eddie Cumpner will be found full and satisfying. These yearly productions of high class minstrelly which "Honey Boy" Evans has so masterfully managed to produce have been found really excellent in character and enjoyable to the lover of this time honored amusement. The little minstrel star himself is always delightfully entertaining and the monologue moments with "Honey Boy" are a sure fire case of unrestrained laughter.

Bon Marche | Close 8 P. M. Tonight
