THE CENTAUR COMPANY, NEW YORK CITY.

### Natural—Historically Correct.

"No adults admitted," interposed the stage door keeper as the frenzied mother tried to break in on the children's fancy dress ball.

"But I must go in. My little girl's in there, and she's forgotten part of her costume. She has gone on as a butterfly without her wings. I want to put the wings on her."

"Can't help it mum; my orders is to let no adult pass. You'll have to let your little girl go as a caterpillar."

### Good Surgical Work.

How many remember the famous old tale of the man who was shaving while barefoot one hot summer day? By an unfortunate stroke he cut off his nose, and the keen blade, in fall-

ing, also clipped off a toe. Quick as thought he remembered to clap the severed members back to their places, but, in his excitement, he placed the toe where the nose was and vice versa. Both reunited to the throbbing flesh and adhered until healed. The only inconvenience the patient suffered was that whenever he sneezed he had to take off his shoe!—Indemnity.

The annual leath rate to each thousand in the canal zone, including both employes and civil population, for a recent month was 19.56. The total for 1907 was 31.67. In the preceding year, 1906, it was as high as 42.32.

## EVENTS FROM THE WORLD OF SPORTS

New York, Feb. 27.—On the world's tour of the New York Giants and Chicago White Sox which came to an end at London yesterday, so far as competitive baseball is concerned, the American league representatives return home winner of a majority of the 50 games played.

Since the tour began at Cincinnati a little more than four months ago 45 games have been played between the globe touring teams and four with native teams in Japan and Australia. The White Sox won 24 games against the Giants. McGraw's men won 20 and two ended in ties—at Los Angeles Cal., on November 9 and at Cairo on February 1. In the games against native teams the Giants won their two games, the White Sox won one and a combination of players from both teams won the other.

Of the 50 games played 21 were played in the United States and 19 including the four games against native teams, were played abroad.

Financially the tour has exceeded the expectations of the promoters. It was announced when first arranged that an even break would be considered satisfactory but the games in the United States brought in almost \$100,000 at the gate. A few days ago announcement was made that the receipts were almost \$75,000 above the expenses.

### Lady Lytton Wins.

Philadelphia, Feb. 27.—Lady Lytton, woman requeets champion of Great Britain defeated Daniel Hutchinson, 3rd, a star player of the Philadelphia Racquet club in straight sets here yesterday. The score was 6-0, 6-4.

Lady Lytton came to this country a few days ago with her husband, the Hon. Neville S. Lytton, amateur champion of England, who is here to practice with George F. Covey, the professional champion, preliminary to Covey's match with Jay Gould, for the world's title.

### BROOKLYN FEDERALS AFTER SAM CRAWFORD

Columbia, S. C., Feb. 27.—John Montgomery Ward, business manager of the Brooklyn Federal League club has made the announcement that his club would make a strong effort to secure the services as manager of Outfielder Sam Crawford, of the Detroit Tigers. Crawford is in England with the world tourist players.

Mr. Ward is here considering this city as a spring training camp for his club and announced this afternoon that the facilities here for such a camp "look good" to him.

# BURN MAZDA LAMPS

BRIGHTEN YOUR HOME MAKE YOUR STORE ATTRACTIVE  
MORE LIGHT FOR LESS MONEY

## FACTS AND FIGURES THAT TELL THEIR OWN STORY

The ordinary carbon lamp in general use consumes more current and gives less light than The MAZDA ELECTRIC LAMP.

The Mazda Lamp will give you more candle power without increasing your light bill, or will give you the same candle power in your home that you now have (if you use carbon lamps) and reduce your light bill—hence their growing popularity where household economy is practiced.

### EXAMPLE 1. TWICE THE LIGHT AND USE ONE FIFTH LESS CURRENT

A 16 candle carbon lamp consumes 50 watts per hour  
A 32 candle Mazda Lamp consumes 40 watts per hour.  
You get twice the light and use 10 watts less current per hour.

### EXAMPLE 2. GET 4 MORE CANDLE POWER PER LAMP AND USE ONLY ONE HALF THE AMOUNT OF CURRENT

A 20 candle Mazda Lamp consumes 25 watts per hour.  
A 16 candle carbon lamp consumes 50 watts per hour.  
You get 4 candle power more of light per lamp and use only half the amount of current.

These figures show you the difference in candle power and current consumption of the ordinary carbon lamps as compared with The MAZDA LAMPS.

25 watt Mazda Lamps, price 25 cents	20 candle power
40 watt Mazda Lamps, price 35 cents	32 candle power
60 watt Mazda Lamps, price 45 cents	48 candle power
100 watt Mazda Lamps, price 65 cents	80 candle power
150 watt Mazda Lamps, price \$1.00	120 candle power
250 watt Mazda Lamps, price \$1.50	200 candle power
20 watt Carbon Lamps only give you	4 candle power
30 watt Carbon Lamps only give you	10 candle power
50 watt Carbon Lamps only give you	16 candle power
80 watt Carbon lamps only give you	32 candle power

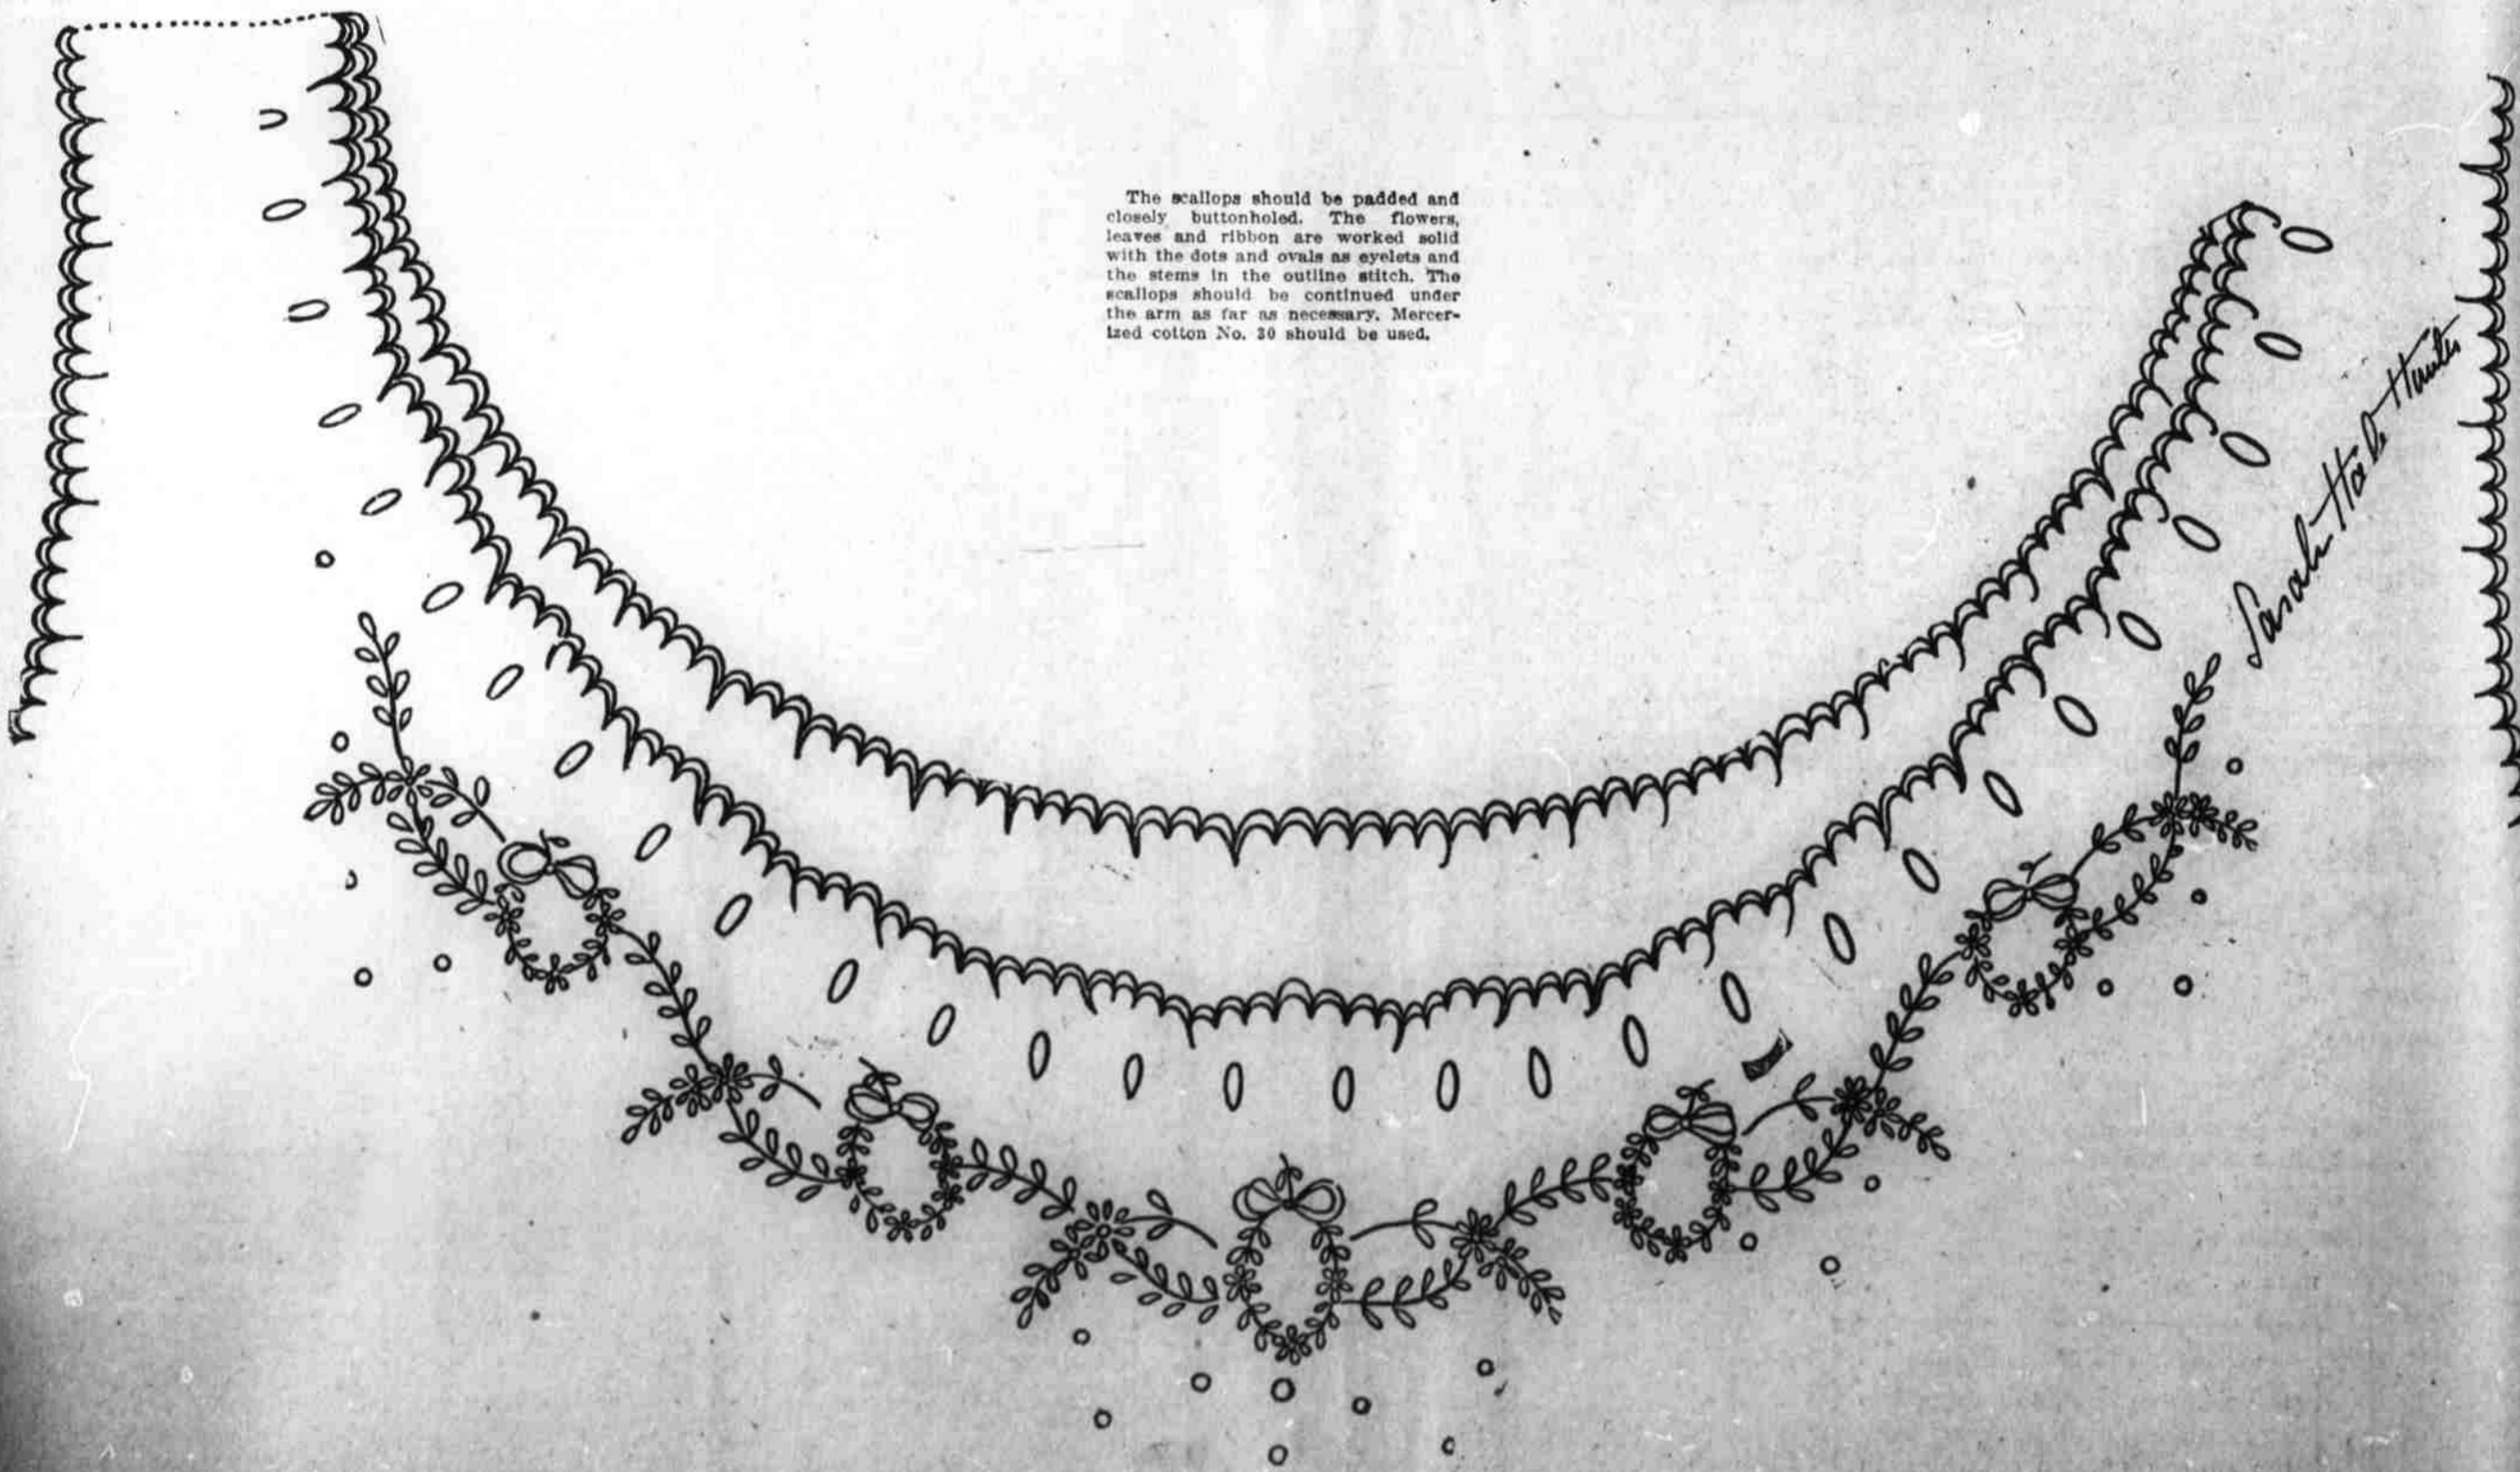

DON'T YOU THINK IT WILL PAY YOU TO BURN MAZDA LAMPS?
