ASSAILING SELECTIONS OF CITIES FOR RESERVES

Dupre Protests For New Orleans and Linthicum For Baltimore.

Washington, April 8.—Assailing selections of the federal reserve bank cities as unfair, Representative Dupre of Louisiana, in the house has registered a protest for New Orleans and read resolutions recently adopted at a mass meeting there.

Republican Leader Mann said a large percentage of people believed the federal reserve plan had been worked out in a partisan way. "Anybody can see," he added, "that the lines of trade were not followed in the designation of the cities."

Baltimore's protest was voiced by Representative Linthicum, who declared Baltimore naturally was in closer touch with St. Louis, Chicago, and other great cities than any other city on the southern Atlantic coast.

Senator Ransdell, of Louisiana, endeavored to have the New Orleans mass meeting's resolutions criticizing the reserve bank locations read in the senate. Senator Hoke Smith objected and Senator Ransdell gave up the attempt.

TRAVELING MEN HOLD MEMORIAL SERVICES

Dr. J. L. Mann Delivered Eulogy on Dead and Touched on Tenets of Order.

Special to The Gazette-News.

Greensboro, April 8.—Sunday afternoon at 3:30 o'clock the local chapter of U. C. T.'s held memorial services in the Junior Order hall, on the corner of North Elm and West Gaston streets, which were attended by a large number of traveling men and members of the order. The program was of the ritualistic nature, being interspersed with musical selections by a quartet from West Market street Methodist church, assisted by Prof. Claude Robeson.

Dr. J. L. Mann, superintendent of the local schools, delivered the only address which was out of the regular ritual nature. He eulogized the dead and touched frequently on the tenets of the order. He declared the traveling man to be an important factor in commerce, comparing him with the shuttle in a machine. He stated that the traveling man was deprived of the home life, and he talked interestingly of the absence of the traveler from his family and his many sacrifices.

He spoke briefly of the principles for which the order stands and highly of the fraternity as being a help to traveling men.

While Secretary Fred Sparger called the roll Miss J. Boone placed five white lilies in a vase upon the rostrum which were to represent the five members who are dead. As the lilies were placed in the vase Prof. Robeson rendered soft music on the organ.

Other lectures were made by E. C. Caldwell on unity; E. J. Davis, on temperance, and C. J. Tinsley, on charity. Each of these lectures were followed by selections by the quartet. Miss Forester, Mrs. Fred Sparger and Messrs. Ljung and Clapp.

E. E. Mendenhall read a passage of scripture and the services were closed by the whole attendance joining in singing "Nearer My God, to Thee."

REAL WESTERN GAMING HOUSE WAS OPERATED

Witnesses Tell of Zora Bennett and His Operations at Sunburst.

Special to The Gazette-News.

Canton, April 8.—John Doe proceedings which resulted in the hearing of 25 witnesses against Zora Bennett, at Sunburst Saturday disclosed the fact that, in some respects, this county has a real western town. Bennett was charged with operating a real western gambling house at Sunburst and Magistrate R. M. Lee bound him to Superior court in the sum of \$250.

Bennett came to Sunburst some time ago and erected a building for the purpose of opening a pool and billiard room. According to the witnesses in his case gambling has been carried on according to western rules in a rear room of the pool parlor and the prosecution came as a result of complaints that were made to the authorities there. J. T. Horney, one of the attorneys for the Champion Lumber company was engaged to prosecute Bennett and he immediately had a large number of witnesses summoned. Many of the witnesses, who were employees of the Champion Lumber company, testified that they have contributed their monthly pay checks to the gambling house and it was also sworn that these conditions have been prevailing at the mountain town for some time. The officers in that community have had trouble in securing evidence against the alleged offenders though and until the last week the fact was not generally known. John Doe proceedings were resorted to and the witnesses were forced to give out information.

Bennett furnished bail and his hearing will be at the next term of Superior court at Waynesville.

The Mountaineers will go to Weaverville next Saturday for a game with the Weaver college and the following Monday the Weaver team will come here for a game at Oates park. It is expected that these two games will be among the best of the exhibition games played by the Mountaineers this season, as the college boys have a strong team and are now on a trip through the state, playing some of the very best college and league teams.

ALPHONSO HAYNES NOT ALLOWED BAIL

Young Negro Boy Held to Superior Court For Murder Of His Father.

Special to The Gazette-News.

Probable cause was found yesterday in Police court against Alphonso Haynes, colored, on charges of shooting and killing his father, Jonas Haynes, last week at their home on Pearson drive and the boy was held to Superior court without bond.

Only two witnesses were introduced by the state, Julia Carter, a sister of the deceased, and the police officer who made the arrest. The Carter woman stated that she lived next door to the house occupied by Jonas Haynes and his son; that last Friday morning she heard two pistol shots and a moment later Jonas came to her door and said, "Sister, son has shot me." She said he always referred to the boy as "son." Alphonso was following his father, witness stated, but she did not hear him make any statement.

The police officer stated that he answered the call and when he arrived at the home found Jonas in bed. Upon asking him in regard to the shooting, Jonas stated that the boy shot him and the officer went out and found the boy in the yard. Later, in the cell at police station, an officer said that the boy admitted shooting his father and gave as his reason for doing so that his father had whipped him the Monday before. The pistol was found under the door of the house with two empty shells in it, and the boy said that he did not know whether he shot once or twice.

Alphonso is about 14 years of age, light skin, and looks as though he is not very intelligent. Upon advice of the court, he did not make any statement in his own behalf.
