Springtime Hints

Springtime is here and the furnace will soon stop, but you will need something to take the chill from the bathroom, so the Electric Heater is the thing that will do the work at a very small expense.

Yes, and the hot days are coming when you will not want to heat the range to prepare a small meal, so the El Stove is the thing. But is your house wired sufficient to allow you to use these electrical appliances? If not, let us give you estimate on the wiring.

NORTH CAROLINA WAS NEVER SO PROSPEROUS

Says W. D. LaRoque, the Newly Named Postmaster at Kinston.

Gazette-News Bureau, Washington, April 23.

W. D. LaRoque the newly named postmaster at Kinston, says his section of the state is enjoying the greatest prosperity since he can remember. Last year was an unusually good one for tobacco growers he says and today there are buildings costing over a quarter of a million dollars either in course of construction or for which plans are being drawn.

"I cannot remember when my section of the state was as prosperous as it is today," said Mr. LaRoque. "Contracts for or plans are being drawn for buildings in Kinston alone that will run over a quarter of a million dollars. Besides that the entire community is enjoying a great wave of prosperity. Last year was an unusually good season for tobacco growers and in fact for most every one."

Mr. LaRoque said Capt. J. D. Brown, of the Kinston national guard, had received orders to recruit his company up to the full war quota, and prepare for immediate service in the field. He declared that several hundred more than the allotment allowed by law has applied for enlistment.

The Appalachian park commission today authorized the purchase of 3,600 acres of land in Macon and Swain counties to be used as a part of the park reserve, authorized under the Weeks law.

TEAMS IN CLASS A HAVE GOOD GAMES

At Oates park yesterday afternoon, teams from the class A of the Y. M. C. A. league played two games, Cline winning from Wood 3 to 2, and Jordan winning from Wilson 5 to 0. The batteries for Jordan and Wilson were: Beal and Rigler; W. Cooper and Wilson.

Goldsmith, pitching for Cline, was the feature of the game, his work being excellent throughout. The batteries for the second game were: Goldsmith and Rigler for Cline; Wood, B. Adams and C. Brown for Wood. It was announced that none of these teams will play this week.

SECOND GAME TAKEN BY BINGHAM CADETS

According to messages received here this morning, Bingham school baseball team yesterday afternoon defeated the team representing Jefferson school by the score of 11 to 5. The game was played at Charlottesville, Va., and was witnessed by a large crowd of baseball fans. The locals played a good game, according to the reports, and their batting and fielding was excellent during the contest. This is the second game played by the cadets and they have won both.

SOUTH MAIN BOYS WON A FAST GAME

A team from South Main street yesterday afternoon defeated a team from College street on the Atkins street grounds in a good game by the score of 9 to 0. The batteries were: Burrell and Meadows, for the first named team; and Coffee and Carr, for the latter.

NO LOOKING BACK IN ASHEVILLE

New Evidence Constantly Being Published.

Since the long succession of Asheville reports were first published in the local press there has been no looking back. Asheville evidence continues to pour in, and—better still—those whose reports were first published many years ago, verify all they said in a most hearty and unmistakable way. Read the experience of Mr. J. W. Arthur, 105 Ashland Ave. Says Mr. Arthur: "In giving my name recommending Doan's Kidney Pills, I hope that I may be helping other persons who suffer from kidney trouble. My system seemed to have too much uric acid in it and I felt that I needed a kidney medicine. Doan's Kidney Pills were recommended to me and I got a supply at Smith's drug store. After using them, I felt much better in every way."

A Second Statement.

On February 17, 1913, Mr. Arthur added: "I am pleased to confirm all I said some years ago recommending Doan's Kidney Pills. They helped me after everything else had failed." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Arthur had. Foster-Milburn Co., Props., Buffalo, N. Y.

Announcement by Judge Merrimon.

To the democracy of the Tenth Congressional district:

Following party usage, your convention to choose a candidate for congress will assemble at a suitable time and place and I shall then offer to serve the party in that capacity.

In deciding upon this step, truth and candor will not permit me to give as a reason or plead as an excuse the not to be resisted solicitations of friends, still, I am not acting without the counsel and encouragement of a respectable number of tried and true members of the party, in whom I have the utmost confidence, and for whose judgment and opinion I entertain the highest respect. Besides, I am a democrat. I have been a member of the party for forty-five years, and all those years I have lived and voted with my fellow democrats of this congressional district. I have never sought public office, and it is not my purpose to become an office seeker at this late day in my life. I possess the qualifications for a member of the house of representatives, prescribed by the constitution and laws of the United States, and in making this tender of service to the democracy of this congressional district, I am only exercising a privilege that belongs to and may be exercised by every member of the party similarly qualified. I pretend to no claims superior to the claims of others. I simply make this public announcement: That if the party's convention shall honor me with its nomination, I will accept it, and devote whatever of ability and energy I possess, not only to the securing of the party's success at the polls, but to the support of the splendid democratic administration of the great government of this great republic.

Although I have not been active in politics for several years, yet I have not been inattentive to passing political events, and I have no hesitancy in saying that, in my judgment, the democracy of this country have never had greater reason to be proud of their achievements than at this particular stage of their party's existence. If I were a member of the present congress, with my present impressions and convictions, I would cheerfully endorse the present administration and the congress in all that has been done since the 4th of March, 1913, and support all measures for the welfare of the people, now under consideration.

I regret that, owing to engagements I was not at liberty to postpone or neglect, I have not had the opportunity of meeting with many of the voters, but I have the honor and pleasure of a personal acquaintance with a large number of them, and reason to hope and believe that I am not altogether unknown to most of those whose acquaintance I have never had the good fortune to make.

I have entire confidence in the wisdom of the party, and do not doubt that that wisdom will be fairly and fully represented in the convention, and if, in making a selection for its standard bearer, in the approaching campaign, its choice shall not fall on me, I will, at once, put away all feeling of disappointment that might arise, and cheerfully bow to the judgment of the convention. My loyalty to the party has never wavered, or been diminished by adversity or defeat, or any other thing, and I will still continue to serve its interests at the ballot box.

The other names, to be presented to the convention, are men who are democrats, for whom I feel the kindest regard, and if the convention shall nominate one of them, or some other democrat, he will receive my cordial and constant support until the voting in November, is over.

I shall have no many demands upon my time between now and the first of July, demands that I am under obligations to meet, that it will be practically impossible for me to give attention to politics prior to the date mentioned. My friends will make arrangements to afford voters, who may wish to vote for me, at the primaries, an opportunity to do so, both in this county (Buncombe) and in Haywood county, and in any other county, in which a "primary" may be held.
