WEST POINT MAN HERE FOR TRYOUT

Baseball Club Secures Infielder Lee From Chattanooga—Brackman Released.

R. E. Lee, former crack West Point infielder and later with the Chattanooga Southern league team, arrived here yesterday to report for a tryout with the Mountaineers and was to work in the same yesterday. Lee is said to be one of the fastest infielders that ever worked with the Chattanooga team and is a utility man of the very best kind. It is believed by those who have read his record or have seen him work that he will more than make good with the local club.

H. Brackman, the Cincinnati player who has been working at third and short, with the local team since the spring try-outs started, was released yesterday. While the class of work put up by Brackman did not satisfy the club, he has played fairly good ball and made many friends here during the one and a half months he has been in the city.

One more man will have to be dropped by the local team before the limit of players allowed under the national rules will be conformed to. Just who this man will be is causing the officials of the club much worry and the fans of the city are greatly interested in knowing who will be the Mountaineer not to wear a local uniform this season.

MEMBERSHIP CAMPAIGN LAUNCHED BY SOCIETY

At the regular weekly meeting of the Y. M. C. A. Literary society held Thursday the following program was rendered: Scripture reading, R. A. Braun; paper, "The Religions and Traditions of the American Indian," S. R. Adams; debate, "Resolved, That Travel is More Beneficial to the Average Person than Books," affirmative upheld by R. A. Braun, negative by R. T. Newton, who won; impromptu speech by Roy Boling, "The Mexican Policy." This program was well rendered without exception and much improvement was shown in extemporaneous speaking.

At the conclusion of the literary program, a short recess was held after which the society reconvened in business session. During this session several minor details of the membership contest were arranged and the campaign was formally launched. The society was divided into two sides which will be called the "reds" and "blues." The "reds" are captained by H. C. Jarvis, while S. R. Adams leads the "blues." The captains of the opposing factions distributed red and blue buttons among the members and much interest was shown by the two teams. The duration of this contest will be four weeks, at the end of which time a banquet will be held in celebration.

This meeting of the society was favored by the presence of Ed. B. Brown, secretary of the local Y. M. C. A. He delivered a short talk and made the interesting announcement that the association will give two gold medals to the society. It is thought that these medals will be awarded to the winners of debating and declamation contests, but the rules governing these contests, have not been definitely decided upon. A new office of sergeant-at-arms was created and Roy Boling elected to this place.

ROYAL

The Standard for Baking Powders the World Over is an Absolutely Pure, Cream of Tartar Baking Powder

CREAM OF TARTAR is the crystallized acid of grapes refined to absolute purity and ground to a creamy flour. It is declared by physicians the most wholesome of all fruit acids, and has been proved by long and universal experience the most efficient and satisfactory for baking purposes.

Highly refined products of the grape, properly combined with bicarbonate of soda and a little corn starch to absorb atmospheric moisture, are the sole ingredients of the ideal, high-class, standard baking powder.

Many acids have been tried during the last hundred years to find a substitute for the grape-cream of tartar which would cost less. In recent years alum, which makes a baking powder at a cost of two cents a pound, has been used because of its trifling cost. Alum, however, has been disapproved by scientific chemists and physicians and is not employed by manufacturers of high-class powders.

Cream of tartar powders being healthful themselves, add to the healthfulness of the food.

CLAUD GOODLAKE MUST SERVE TERM IMPOSED

Supreme Court Finds No Error in Seduction Case Appealed From Buncombe.

That Claud Goodlake must serve a term of eight years in the state's prison for the seduction of a girl under fourteen years of age, is the order of the Supreme court of North Carolina, according to the decision just handed down by that tribunal, when it declared that there was no error in the case that had been appealed from the Superior court of this county.

Goodlake was tried and convicted in this county during February, 1913, on the charge of seducing Uba Luther who committed suicide on April 21, 1912, leaving behind her a note in which she mentioned Goodlake as her seducer.

Goodlake was defended during the trial, which lasted several days, by Thomas A. Jones, while Solicitor

Reynolds was assisted by Mark W. Brown. Judge Stephen Bragaw presided at the term of court at which Goodlake was tried and convicted. Appeal from the sentence of eight years was taken by Goodlake and since then he has been out under a bond of \$4,000.

It is stated by attorneys that the only possible way that Goodlake can escape from serving his sentence now is to receive a pardon from Governor Locke Craig and so far as can be learned nothing has been done in regard to this. Just as soon as the certified opinion of the Supreme court's ruling is received by the clerk of Superior court, it will be his duty to notify the sheriff to take Goodlake into custody and take him to the state prison. It is expected that Clerk Erwin will receive the certified opinion the first part of next week.

MADDOX IS CAPTAIN OF TRINITY'S SQUAD

Special to The Gazette-News. Trinity College, May 15.—The baseball and basketball teams had their annual meetings for the election of captains Thursday afternoon. H.

A. Maddox of High Point, who has established for himself not only a reputation as a catcher of unusual ability in college circles, but also some renown in these parts for his heavy slugging, was elected captain of the "varsity" baseball team for 1914. "Frosty" has played on the team for three years, and will be back next year to show some of his old time stuff on the diamond and lead a victorious team for Trinity, it is hoped. During the present season he heads the batting list with an average of .358, including four home runs.

H. A. Thorne was elected captain of next year's "varsity" basketball team. "Shag" has shown himself to be a star guard in the past two seasons and not only by his strong defense, but also by his fast offensive work. He has won for himself an enviable record on the basketball court.

Charles F. Matton, of High Point, who for the past two years has been the largest point winner on the team and shown much ability as a trail athlete, has been elected captain of the "varsity" track team for next year. Matton has proved himself a very strong man in this form of athletics and will pilot the team on the classic path to victory in more than one intercollegiate meet next year.
