

GEN. HUERTA BACKS DOWN

HAS DECIDED NOT TO BLOCKADE PORT

Will Not Force Hand of U. S. With Possibility of Disrupting the Mediation Proceedings. PROBABLE PRESSURE FROM NIAGARA FALLS

Tumor of Arrangement Whereby Antillo Would Withhold Cargo of Munitions From Rebels.

Mexico City, June 8.—Official announcement that the Huerta government had decided to suspend the blockade of Tampico, which had been ordered, was announced today. This step was taken upon the government learning that the mediators at Niagara Falls were taking some action in regard to the movements of the steamer Antilla, reported to have left from an American port with arms for the constitutionalists and aims to prevent a set back in the peace negotiations. It was officially stated at the Mexican government, in ordering the blockade of Tampico, had intention of interfering with commercial traffic. Its intention was only to prevent the constitutionalists from leaving arms and ammunition. Roberto Esteve Ruiz, Mexican foreign minister, made the following statement: "I have received advice from our delegates at Niagara Falls today that negotiations are progressing satisfactorily and no stumbling blocks have been encountered up to this time. Therefore the proposed blockade of Tampico has not hindered the conferences. The president has decided to suspend the effects of the Tampico blockade, however, in order not to embarrass the peace negotiations."

U. S. Notified.

Crisis Passed.

Demonstration Made Before British King and Queen At International Horse Show by Militant.

SHOUTS DEUNCIATION OF FORCIBLE FEEDING

"No Peace For King George or Queen Mary" Is Latest Order From Militant Headquarters.

London, June 8.—Another demonstration by a suffragette in front of King George and Queen Mary, was carried out at the International Horse Show at Olympia, today. Their majesties had hardly taken their seats when a young woman rose in the stalls opposite and in a shrill voice screamed denunciations of the forcible feeding of suffragette prisoners. The police pounced upon her but her ejection was effected only after a fierce struggle.

Harry Pike Climbed Palace Wall While Intoxicated, Says Prosecutor.

London, June 8.—Harry Pike, who yesterday started employes by invading Buckingham palace, is not a suffragette agent, according to the attorney for the prosecution, who appeared against him at Bow street police court today. The man, who climbed over the ten-foot spiked wall which surrounds the palace grounds and eluded sentinels, police guards and servants, did so while under the influence of drink and without ulterior object, said the lawyer. Pike straddled about for some time in the interior of the palace, which he explored from basement to the sixth floor before being discovered. He had changed his clothing in one of the chambers for a suit belonging to a servant.

Declared Those Put to Death Were Deserters or Former Madero Insurgents.

Junco, June 8.—Rumors that many federals had been executed at Chihuahua City recently, led to the statement here today that without exception those who faced the firing squads were deserters or "red" or former Madero irregulars, who had joined the Huerta bands.

Went Agree to Truce.

Washington, June 8.—General Carranza's answer to the mediators is expected in official circles here to include an expression of readiness to send delegates to Niagara Falls to discuss internal affairs as brought in by the situation at Vera Cruz, but a refusal to grant an armistice.

Washington, June 8.—King George today received in audience General Bramwell Booth, head of the Salvation army, who had been requested to go to Buckingham palace to give his majesty the details of the forthcoming international congress of Salvationists.

Parish, June 8.—No way out of the political crisis has been found which resulted from the resignation of Premier Doumergue's cabinet. No definite promise has been received with regards to forming a new cabinet, but the various parliamentary groups were very busy today, discussing those who might be induced to enter a new cabinet.

Hemstedt, N. Y., June 8.—The first game of the international polo cup series, was postponed today until next Saturday at two p. m. The postponement was due to the injury yesterday to Captain Leslie Cheape of the English team. The first game was to have been played tomorrow.

Filed in Supreme Court—Business in Pittsburgh Argument Advanced.

Washington, June 8.—Application was filed today in the Supreme court, for Harry K. Thaw's release on bail pending consideration by the court of the extradition case on which the state of New York is seeking to remove him from New Hampshire.

Unofficial Report to That Effect However, Says He Will Arbitrate Internal Difficulties.

Niagara Falls, Ont., June 8.—For the first time in four days the American delegates conferred Saturday with board of mediators. The general peace plan was under discussion, as it had been decided as much progress as possible should be made, while word was being awaited from Carranza on the subject of constitutionalist representation. After the conference Justice Lamar said: "The discussion was on the same points that we had before us last Tuesday and before the Carranza incident arose. The justice added that there was substantial agreement on the points discussed. He said he had no word from Washington about the attitude of the constitutionalists. It was generally understood some phases of the land question were discussed today. The mediators noted with interest published statements that Sir Edward Grey had intimated to the United States, that satisfaction for the killing of William S. Benton, an English subject, at Juarez, would be demanded of the Carranza government, if it was established in Mexico City. It is regarded here as practically certain that Great Britain and Europe generally, would withhold recognition of the Carranza government if it sought to be installed in Mexico City by force of arms. Spain also has a grievance against the constitutionalists on account of the treatment of Spaniards at Torreon. It is the possible hostile attitude of Europe toward the constitutionalists, if they seek to carry out their present program, which is today giving the mediation colony hope that the constitutionalists will enter the mediation, from which would result a provisional government that would have the approval of the United States and which Europe might show no hesitancy in recognizing. Another factor regarded as encouraging was the appointment by Carranza of General Natera, to command the central division of the constitutionalist army, selected to advance through central Mexico toward Mexico City. Natera is considered a conservative, less likely to antagonize the people than is General Villa. It is understood here that should it be necessary ultimately to wind up the Niagara Falls conferences without consulting the constitutionalists, the unfinished subjects would be made the subject of a protocol, which would bind the United States to aid in the peaceful transition of the Mexican government to that appointed to receive it. In that case, it is said, the United States would rather have Natera than Villa at the capital of the constitutionalists to go ahead with their program.

Force of 5000 Insurgents Defeated by Government Troops Today.

Vienna, Austria, June 8.—Albanian government troops today completely routed a force of 5,000 insurgents in the vicinity of Tirana, east of Durazzo, according to a dispatch from the Albanian capital. The insurgents, after a recent victory over the government troops, had threatened to advance on the capital. Although the insurgents declare themselves ready to submit to most of the demands of the international commission regarding the future of Albania, they steadfastly refuse to recognize Prince William of Wied as their ruler and demand the nomination of a Moslem prince. Most of them favor Essad Pasha, former minister of war, who was recently deported and went to Italy.

Believed "A" and "B" Directors Will Be Selected Within Three Weeks.

Washington, June 8.—Banks throughout the United States are designating electors to represent them in the selection of class A and class B directors for the federal reserve banks soon to be established. It is believed by the treasury department that all the directors of the two classes named will have been selected at the end of three weeks and certainly within a month. The duty of selecting class C directors for the banks will then devolve upon the federal reserve board, which is only partly organized. Two vacancies on the proposed board still remain. President Wilson and Secretary McAdoo have had several secret conferences concerning the appointments and the list probably will be completed this week.

Hope to Settle Strike.

Charleston, W. Va., June 8.—Coal operators and miners of the Pomeoy Bend district, assembled at Mason City today in the hope of settling the strike in that part of the Kanawha field. Seven hundred men would be affected by the agreement.

President Expected to Accept Amendment to Repeal Expressing Right to Favor U. S. Shipping.

VOTE ON TOLLS BILL EXPECTED LATE TODAY

Every Prospect That Bill Will Be Expedited as Result of Agreement to Qualify Measure.

Washington, June 8.—President Wilson is expected to accept the senate amendments to the Panama exemption repeal bill specifying the United States does not waive its right to exempt its own ships, but he does not feel that the senate will give its assent to the repeal in "ungrudging measure" if it attaches the amendments.

Mr. Wilson, in his talk with newspaper correspondents today, took the stand that such legislation in no way waives the treaty rights, and he may accept the measure, although he desired passage of the repeal without limitation. The president declined to discuss the amended measure in detail, but he did not hesitate to express his disapproval of the movement to attach qualifying phrases. With a final vote on the repeal bill expected before adjournment, the senate today resumed discussion of the measure. Senator Poindexter, progressive, in opposing the repeal, took the stand that the United States secured and held title to the Panama canal lands through negotiations in which Great Britain had no part, and that Great Britain had no rights in Central America which entitled her to exact any conditions from the United States in the building or conduct of the canal. Senate leaders expect to get through with the tolls exemption repeal bill tonight, but the debate wearied members will have only a few days' breathing spell. Already the ways are prepared for anti-trust legislation, and unless there is a change in plans the senate will be at the steady grind of discussing the interstate trade commission bill. There is little doubt that the vote on the tolls exemption repeal bill will come late today. Senator O'Gorman, who has led the fight against the measure, expects a vote, and there are only two set speeches to be delivered before the action is demanded. Through agreement between the forces of flat repeal and the coalition of republicans and democrats who favor a qualifying amendment proposed by Senator Norris, there is every prospect that the vote will be expedited. It was said that while an attempt undoubtedly will be made to pass a resolution submitting the dispute with Great Britain to arbitration that will wait until after the repeal bill is passed. The house is through with anti-trust legislation, and will be hard at work on the appropriation bills and general legislation for some time to come. The passage of the tolls repeal bill with a senate amendment will revive the subject in the house, but it is not believed that there will be any great difficulty in getting that body to accept the bill as amended.

FREE COUPON IDEAL ART PATTERN OUTFIT TO-DAY'S MAGAZINE PRESENTATION BY Gazette-News Monday June 8 SIX OF THE ABOVE COUPONS ENTITLE EVERY READER TO THESE TWO GREAT GIFTS GIFT No. 1—IDEAL ART PATTERN OUTFIT—Containing 168 Newest Embroidery Patterns of absolutely the latest designs which, at 15 cents each, regular retail value, would cost more than \$25.00.
