

HIGH CLASS STOCK FOR THIS SUMMER

Majestic Management May Secure Paul Gilmore and Players For Entire Season.

There is a strong possibility now that theater-goers of Asheville will be entertained the last three days and possibly all of each week this summer with the very highest class of stock productions at the Majestic theater, to be presented by Paul Gilmore, the well known actor, and his associate players. Mr. Gilmore and his company have already been secured by S. A. Lynch, proprietor of the Majestic, and the first production, "Captain Alvarez," will be given the last three days of next week. If sufficient appreciation is shown for this and the following productions, the company will be kept for this and the following productions, the company will be kept for the entire summer, putting on a different show for the last three days of each week, at least.

Mr. Lynch secured this company by accident. Mr. Gilmore came here for a brief vacation trip and was a guest at Grove Park Inn. Mr. Lynch got into communication with him and began negotiations in the interest of the Majestic. Mr. Gilmore stated that he had never put on his repertoire of shows at less than the \$1.50 scale of prices and refused to do so in this case, whereupon Mr. Lynch bought his show outright and assumed, himself, the matter of price. He will put on the productions at popular prices and the patronage will have to be exceedingly good for the productions to be retained during the season. Since there is such a strong demand here, however, for the very best in attractions, especially during the summer season, it is believed that this venture will prove altogether successful.

It is Mr. Gilmore's plan now to play the first half of each week in Knoxville and the last half here. If the productions prove popular he contemplates the organization of two companies, one headed by himself and the other by one of his stars, Miss Kathryn Hutchinson, and have these companies alternate between the two cities during the summer, thus affording a change of bill every three days in each city. The outcome of the plan will be eagerly awaited by the patrons of the Majestic in this city.

CITY FEDERATION ELECTS OFFICERS

Mrs. Mary C. Robinson Is President—Other Organization Matters Settled.

The presidents of the city federated clubs and the members of the standing committees met Saturday at 11 o'clock at the Henrietta to elect the president of the city federation. At the meeting held two weeks ago Mrs. M. E. Child was unanimously elected president, but because of the pressure of home duties found it impossible to accept the office. Mrs. L. A. Farinholt, chairman of the previous meetings, through whose trained and earnest effort a great deal of the preliminary work of the federation has been done, called the meeting to order and, resigning the chair temporarily to Miss Alexander, nominated Mrs. Mary C. Robinson for president. Mrs. Mary Walden Williamson nominated Mrs. T. P. Reynolds. Mrs. Reynolds, in a graceful speech of acknowledgment, declined to consider the nomination and Mrs. Robinson was elected president by acclamation and, escorted to the chair by Mrs. Farinholt, made a brief speech emphasizing her appreciation of the honor conferred upon her.

The officers of the federation are: Mrs. Mary C. Robinson of the Woman's club, president; Mrs. H. A. Dunham of the Woman's and Travellers' clubs, first vice-president; Mrs. W. S. Whiting of the Friday and the Music clubs, second vice-president; Mrs. T. P. Reynolds of the Friday club, secretary; Mrs. T. C. Smith, jr., of the Current Literature club, treasurer. These ladies, together with the president of the city clubs and the chairmen of committees, constitute the executive board.

A committee on constitution was appointed, consisting of Mrs. L. A. Farinholt, chairman; Mrs. E. P. Child, Mrs. H. A. Dunham, Mrs. W. B. Menhann, Miss Mary Hickok. This committee will meet Monday afternoon, June 8, at the Henrietta and submit their report at the next regular meeting. A committee on resolutions, with Mrs. T. P. Reynolds chairman, was also appointed and will submit their report at their same time.

A rising vote of thanks was given Mrs. Farinholt for her skilled and earnest work in the organization of the federation.

The meeting adjourned to meet Saturday morning, June 20, at 11 o'clock at the Henrietta to adopt a constitution and consider matters of importance along the lines of education, entertainment and civics.

JOSEPH KINESEY SUES SOUTHERN FOR \$3000

Suit for \$3000 damages, alleged to have been received at the hands of the Southern Railway company, was filed in the office of the clerk of Superior court Saturday by Joseph Kinsey of Black Mountain. It is set forth in the complaint that on or about April 15, 1913, while on his way home, the plaintiff had to cross the tracks of the defendant company in Black Mountain and in so doing so he had to walk around a train that was on the track; that while walking down the track an engine approached and, through the carelessness and negligence of the engineer, he was struck by the engine and hurled several feet. The plaintiff contends that he was permanently injured about the head, face and arms and has been put to such expense and trouble.

Cutting the Finger Nails.
Cutting the finger nails appears to have been the most indispensable service the ancient Roman barber rendered to his patron. Martial, chiding a fop who had tried to dodge the barber by using plasters to remove his beard, asks triumphantly, "How are you going to manage about your nails?" And the miser in Plautus collects the parings of his nails from the barber to make something out of them, apparently never dreaming that he could save money by cutting them himself.

ROCKEFELLER TOO SICK TO TESTIFY

Cannot Give Evidence in New Haven Case, So His Attorney Declares.

Washington, June 8.—John A. Carver, attorney for William Rockefeller has presented to the interstate commerce commission a statement that according to Mr. Rockefeller's physician it would be dangerous for Mr. Rockefeller to come to Washington and testify in the commission's investigation of financial affairs. Mr. Carver told of a serious condition of Mr. Rockefeller's throat, which would prevent his testifying. Neither could he write, the attorney said, as he was afflicted with palsy. Chief Justice Falk asked if Mr. Rockefeller had not attended recent meetings of the New Haven board. Mr. Carver replied that Mr. Rockefeller's attendance was merely formal, that it was something he was in the habit of doing and involved no nervous strain.

David E. Brown, an accountant of commission testified Saturday that an examination of the records of the New England navigation company did not show the purchase of the Worcester, Nassau and Rochester railway by the New Haven company, although the books of J. P. Morgan and company disclosed the fact that such a sale was made through the Morgan house. Brown also stated that the records of the New England Navigation company did not show the sale of 23,520 shares of Rutland stock to the New Haven.

Mr. Brown said he had found several items of assets on the books of the New Haven that he considered questionable. One of these, he said, was the investment in the navigation company which, he said, was written up \$2,250,000.

"That ought to come out," said Mr. Brown. "I also find that a further asset on the books represents the discounts on the bonds of the Westchester road. That ought to come out and with these deductions, the profit and loss surplus of the New Haven, on June 30, 1912, would be \$5,775,000, instead of approximately \$12,000,000, as Mr. Tomlinson's figures showed."

MADE HIMSELF SAFE

Young Bessemer Had a Cautious Well as an Inventive Head.
The most trivial incidents have often originated the fortunes of our richest men. Take, for example, the fortunes made out of Bessemer steel. This genius, young Bessemer, had some idea of making steel out of iron, but a poor, newly married young man has no means of experimenting on a large scale. The story I must tell as I heard it from an intimate friend of Bessemer and is a true tale.

After Bessemer had in his small laboratory experimented with the metals and at last obtained the desired result by blowing air through melted iron he found in the bottom of the crucible a little lump of the famous steel. Now the question was how to make the discovery public. He put the lump of steel into his pocket and made his way to Nasmyth of steam hammer fame. Placing the metal on Nasmyth's desk, he told him that he had made this extraordinary discovery, which would revolutionize the whole metal world.

Then came a little incident which shows what wonderful heads these Scotch financiers possess. What do you think Nasmyth said to his excited inventor?

"Eh, mon, it's very risky to show your wonderful invention. The world is very dishonest."

To which the aspiring inventor replied:

"Right, Mr. Nasmyth. I just calculated who I was coming to see, so with my last half crown I registered the invention on my way."—London Strand Magazine.

A Cross Bull

The late Lord Cross never added greatly to the humor of the nation. On one occasion, however, while he was still in the house of commons he tried to be sarcastic during a speech.

"I think," he said, fixing a certain minister with a ferocious eye, "I think I hear the right honorable gentleman smile."

After that remark, if it were any satisfaction to him, he heard the whole house laugh.—London Globe.

By Other Ways.
"I am sorry to see you going with that disreputable young fellow, my son, even if he has plenty of money and goes everywhere."
"But, father, didn't you tell me to cultivate society?"
"I did, my lad, but not with a rake."
—Baltimore American.

Unexpected Criticism.
A school inspector, examining a class in grammar, wrote a sentence on the blackboard and asked if any one noticed anything peculiar in it.
After a short silence a small boy replied, "Yes, sir; the bad writing."
—London Telegraph.

Extravagance.
"Quick, quick; a doctor! I have just swallowed a penny!"
"What! Spend \$4 to save a penny? That's the way with you women!"
—Paris Pele Mele.

Mrs. Carter is very active for her age and enjoys the best of health. A fact worth mention is that Mrs. Carter is the niece of the first white girl born west of the Blue Ridge. After an excellent dinner had been served yesterday, friends were entertained with musical selections which were rendered by Mrs. Maney of Hillsmore and Mrs. Canale of Crazy. Both are Mrs. Carter's granddaughters. The day was spent pleasantly by all who attended the affair. It was greatly enjoyed by Mrs. Carter as she was among her friends and relations. END OF LAND CASE IS NOT IN SIGHT

An Extra Week May be Necessary to Finish Swain County Case.

The first week of the two weeks' special term of Superior court for Swain county, which convened here last Monday with Judge Frank Carter presiding ended Saturday afternoon, shows no prospects in view for the early conclusion of the William Ritter Lumber company vs. the Montvale Lumber company case and it is highly probable that an extra week will be asked for of Governor Locke Craig, in order that the case can be finished.

A large mass of documents, consisting of deeds, maps, plats, drawings of the tracts of lands in dispute and all the testimony heard before Referee Judge J. D. Murphy, has been or will be offered in the case. The case involves the ownership of several thousand acres of land in the western section of the state, valued at between \$50,000 and \$75,000.

A brilliant array of counsel has been engaged by both sides and the case has been hard fought all through. It is by far the most interesting case tried in this city in many years and many points of law are involved in it.

The case was removed to this county upon agreement by both sides, owing to the fact that most of the attorneys interested in the matter reside here and many of the witnesses to be examined live in this city. It

ROTATION ELECTIONS HAVE BEEN ABANDONED

At one of the best meetings of the year, the members of Asheville Lodge No. 106, Knights of Pythias, elected the following officers Friday to succeed those who resigned a short time ago: A. Hall Johnson, chancellor; W. H. Zimmerman, chancellor; Rev. J. S. Williams, president; W. D. Tennent, master of work; F. A. Michael, keeper of records and seal; Herman Clark, master of finance; Clyde Case, master at arms; R. H. Taylor, inner guard; D. M. Robertson, outer guard; W. D. Meacham, trustee for 18 months. F. O'Cash, Fletcher will be recommended to the grand lodge for the office of lodge deputy.

This was really a reorganizational meeting of the lodge, since the president of electing officers by rotation was abandoned by the passage of a resolution. All officers elected by night were named from the floor and the resolution provides for such elections in future. It is expected this move will serve to inject new life and enthusiasm into the work of the lodge. The officers named last night will be installed at the first meeting in July.
